FIRST LOOK AT NEW BOSTON CITY HOSPITAL

Public Facilities Department holds reception at BCH

PFD's Boston City Hospital Project Manager David Lalor leads Mayor Thomas Menino on a tour of the Neonatal Intensive Care Unit of the new Boston City Hospital.

On Tuesday, December 14, from 5:30 - 8:00 p.m., the City of Boston Public Facilities Department (PFD) sponsored the first look and celebration of the new Inpatient Facility of Boston City Hospital. Nearly 300 people gathered in the new atrium/lobby of the hospital to take part in a recognition ceremony, emceed by PFD Director Mary Nee. PFD's guests included those who were directly involved in the planning, finance, design, or construction of the hospital.

Mayor Thomas Menino also attended the event, and was led on a private tour of the \$170 million facility by PFD's BCH Project Manager David Lalor.

The effort to rebuild Boston City Hospital began 10 years ago under the direction of former Mayor Raymond L. Flynn. The building is expected to be ready for operation by early February, 1994.

BPL'S NEVER TOO LATE GROUP MARKS 44TH ANNIVERSARY

The Boston Public Library's Never Too Late Group will mark its 44th Anniversary with a lecture by Robert D. Hale, author of *The Elm at the Edge of the Earth*, in the Rabb Lecture Hall of the Central Library in Copley Square at 2 p.m. on Thursday afternoon, January 6.

Mr. Hale, a longtime reviewer of books and theatre, an opinion columnist in newspapers, magazines, and on stage throughout New England and the Southeast, says "It Truly is Never Too Late," to pursue one's goals and ambitions. He will talk about becoming a novelist in his 60s, while mentioning several other late-blooming writers, as he discusses his recently published autobiographical novel that celebrates the lyrical simplicity of rural community life, the mysteries and joys of childhood, a young boy's relationships with older adults, and his first steps toward adulthood.

A book reviewer and a former bookstore owner, Mr. Hale is a past president of the American Booksellers Association and the New England Booksellers Association. During President Carter's Administration, he personally selected recreational reading books for the Carter family at both the White House and Camp David and during the Bush Administration he served on a number of literacy programs with Barbara Bush.

(Continued on next page)

(Continued from previous page)

His columns, "Musings" and "Books & Bob Hale," appear regularly in the *Duxbury Clipper* and other South Shore newspapers, as well as *The Horn Book* magazine. For many years he had a weekly book program on Continental Cablesystems that was shown nationally.

Founded in 1950, the Never Too Late Group is the longest existing library-sponsored group for older citizens in the country. The group consists of men and women, 60 years of age and older, who regularly meet for informal educational programs at the BPL on Thursday afternoons from mid-September through mid-June.

A reception will follow the program which is free and open to the public. Free infrared listening receivers are available upon request for hard-of-hearing patrons. Seating is limited. For additional information, please contact the Boston Public Library at 536-5400, Ext. 295.

**"PORTRAITS OF A
SHATTERED SOUL:
BOSNIA" IN PHOTOS
AT BPL**

"Portraits of a Shattered Soul: Bosnia," a photo exhibition by editorial photographer Elizabeth Rappaport, will be on display in the Boston Room of the Boston Public Library in Copley Square from January 4 through January 17.

Ms. Rappaport specializes in documentation of societies and cultures in the midst of war and political upheaval. The "Bosnia" exhibit is of black and white photographs from her frequent trips to the former Yugoslavia covering the present conflict.

"In my photographs," Ms. Rappaport says, "I wish to show the psychological effects of war — the enduring sensitive moments and those quiet, daily events — the faces and times that are often not seen on mainstream news." Accompanying the photos are prose and poetry written by young Bosnian civilians "who give the viewer insight into the emotional trauma caused by the horror of Bosnia."

Her photographs have appeared in numerous exhibitions including "Faces of Sorrow: The Tragedy in the Former Yugoslavia" sponsored by *TIME* magazine and touring from the United Nations in New York to the Museum of Tolerance in Los Angeles. Her work has also been exhibited at the Center for Peace and Nonviolence in California.

A former Massachusetts resident, who now lives in Aspen, Colorado, Ms. Rappaport has travelled extensively through North Africa, Romania, and the former Yugoslavia working for national and international publications and humanitarian organizations, including the International Rescue Committee, the Women's Commission on Refugee Women and Children, Madre, and World Vision.

The exhibit is free and is open to the public during library hours: Monday through Thursday, from 9 a.m. to 9 p.m. and Friday and Saturday, from 9 a.m. to 5 p.m. For information, please call the Boston Public Library at 517/536-5400, Ext. 336.

ORDINANCE AMENDING CBC, ORDINANCES, SECTION 10.2, RE THE RENTAL HOUSING EQUITY ORDINANCE (DOCKET NO. 1293)

The following was received:

City of Boston
Office of the Mayor

September 27, 1993.

To the City Council.
Dear Councillors:

I transmit herewith for your approval an ordinance amending a section of the City's "Rental Housing Equity Ordinance" (CBC Ord. s. 10.2).

This technical amendment is necessary to ensure that the City's rent equity law is fully consistent with certain subsequently enacted federal regulations concerning prepayment of HUD-insured mortgages.

The City originally passed the section in issue in order to protect thousands of low-to-moderate income tenants living in these HUD properties from displacement due to refinancing or sale. After the City took such action, however, Congress acted to stop prepayments and devised a number of programs for owners to ensure that these buildings would remain available to citizens of modest means. Consequently, the controlling section of the City's rent equity ordinance is now impractical and requires modification.

The scope of this amendment is limited to a group of HUD projects known as "Title VI". Many of these Title VI properties are now in the process of being sold both to tenants for the purpose of establishing limited equity cooperatives, and to non-profit groups for the purpose of running the buildings as affordable housing.¹ As HUD appraisers began to assess the value of these properties, however, it became evident that the section of the rent equity ordinance that the present ordinance would amend effectively depressed the value of the Title VI properties to the extent that the sales to the tenants and non-profit groups could not go forward.

As a practical matter, the proposed amendment would simply allow HUD appraisers to establish property values based upon vacancy decontrolled rents; it would not remove or change any evictions or condominium conversion protections. Tenants would remain under the HUD Section 8 program, paying 30 percent of their income for

rent after the sale to either a non-profit group or a tenant limited equity cooperative. It is also important to note that rents for these tenants are currently regulated by HUD, and would continue to be set by HUD after either the tenant or non-profit groups purchase the buildings.

Because HUD is currently awaiting the City's timely action with respect to this matter, I hereby urge your Honorable Body to pass this ordinance as expeditiously as possible.

Respectively,

Thomas M. Menino,
Acting Mayor.

City of Boston

In the Year Nineteen Hundred and Ninety-three
An Ordinance Amending the City's
Rental Housing Equity Ordinance.

Be it ordained by the City Council of Boston, as follows:

Section 1. City of Boston Code, Ordinances, Chapter 10, Section 2.1(a)(4) is hereby amended by inserting the following two sentences at the end of the second paragraph therein: Notwithstanding any other provision of this paragraph, with respect to any housing accommodations for which a Notice of Intent to Sell has been filed pursuant to Section 212 of the Low-Income Housing Preservation and Resident Home Ownership Act of 1990 (Public Law 101-625, codified at USC 1751(1) Note and referred to herein as "LIHPRHA") which lose their eligibility for exemption from rent control, the Board shall, upon petition by the owner, establish the maximum lawful rent for such housing accommodations as the rent which would be established if such housing accommodations were decontrolled housing accommodations for purposes of this Ordinance; provided however, that such owner must demonstrate in its petition that such owner has complied in good faith with all applicable requirements of LIHPRHA; and provided further that such housing accommodations shall continue to be subject to the operations of subsections 10-2.9 through 10-2.21 of the Ordinance. The provisions of the immediately preceding sentence shall not include projects for which a Notice of Intent to Sell has been filed under Section 604(b) or under Section 613(b) of LIHPRHA.

Section 2. This ordinance shall be effective as of May 8, 1992.

RESOLUTION OPPOSING MBTA'S PLANS TO PRIVATIZE OR SUBCONTRACT BUS ROUTES (DOCKET NO. 1308)

Couns. O'NEIL and KELLY, for all the councillors, offered the following:

Whereas, The residents and taxpayers of Boston rely on and have benefited from the bus service provided by the Massachusetts Bay Transportation Authority; and

Whereas, The bus service is the direct result of the hard work, skills and dedication of the men and women who drive and maintain the MBTA buses; and

Whereas, A public transportation system like the MBTA is intended to provide all citizens, regardless of income, with access to their workplaces and other destinations; and

Whereas, A public transportation system is not intended to be a profitable, private bus business but to provide public access within 79 cities and towns regardless of the profitability of any route; and

Whereas, Private transportation carriers will make route and bus scheduling decisions based on profit not public need and accessibility; and

Whereas, The campaign to privatize the MBTA will result in the loss of jobs and benefits to Massachusetts residents and offers no evidence of savings to the taxpayers; and

Whereas, Public transportation is the only means of transportation for many Boston residents including senior citizens; therefore be it

Resolved, That the Boston City Council strongly opposes the MBTA's plans and proposals to privatize or subcontract bus routes or other important public services; therefore be it further

Resolved, That the City Council directs the City's representatives on the MBTA Advisory Board to take all actions necessary to stop the ill-advised campaign of MBTA privatization.

Councillor KELLY asked five members of Division 589, the Boston Carmen's Union, to come to the podium. Recording Secretary James Lydon presented each member of the Council a T shirt bearing the legend "Privatization, A Weld Scam." The President and Business Agent of Division 589, Richard Murphy, addressed the Council and thanked them, on behalf of their 6,600 members and the other employees of the MBTA from all the other labor unions and members of the riding public, for their support in trying to stop this privatization campaign.

NO. 2

BOSTON TRANSPORTATION DEPARTMENT/PILOT TRAINING

displaying their certificates of completion of the pilot training for the Boston Police Department's School Traffic Supervisors and their supervising Community Service Officers Patricia Craffey (Jamaica Plain) and C.S.O. Dino Gonzalez, Area B2. Also pictured are Deputy Superintendent Paul Bankowski (Bureau of Field Services), Caroline Hymoff, representing the Mass. Governor's Highway Safety Bureau, a co-sponsor of the training, and Richard Hardy (far right), Senior Traffic Engineer with the Transportation Department and an instructor in the training program. The pilot training, researched, planned and organized by Edwina Cloherty, Program Director for the Transportation Department's community traffic safety program, KEEP BOSTON MOVING SAFELY, was the first formal training for most of the trainees. It demonstrated the benefits of interdepartmental cooperation, especially for the trainees and the children they serve.

NOTE: Boston is unique in naming its personnel School Traffic Supervisors. The recognized title in cities and towns across the country and among the average citizen is School Crossing Guard.)

The training was held at the Boston Police Training Academy in Hyde Park. The Police Department, requested to provide information on the Department's existing rules, policies and procedures pertaining to School Traffic Supervisor, designated P.O. Charles Famolare, supervisor of the School Traffic Supervisors in Area C-6 to present on its behalf.

Richard Hardy, Senior Traffic Engineer with the Transportation Department, explained traffic control devices (e.g., pedestrian signals, signal timing, pavement markings), school zone signage and traffic hazard identification. He urged the trainees to make use of whatever engineering devices may be in place at their locations, and provided them with BTM phone numbers to report missing signs or signal problems.

The highlight of the session was the presentation by Leigh Matusick, a uniformed Traffic Supervisor from the Volusia County Sheriff's Department, Deland, Florida. Ms. Matusick has twelve years experience as a sworn officer of that department, and seven years as a trainer and supervisor of a staff of 150 School Crossing Guards. She is now on loan to the State to implement the recently standardized school crossing guard training required by statute for law enforcement jurisdictions throughout Florida.

Ms. Matusick's presentation clearly defined the Crossing Guards' mission, their responsibilities and duties. Using a video, Children in Traffic, she illustrated how children see, hear and react differently from adults to traffic situations.

She stressed the need for cooperation between the school, transportation, and police departments in creating the environment (Engineering and Enforcement), teaching (Educating), and reinforcing safe street crossing behavior by school-aged children (Enforcement). The training concluded with a demonstration and practice of hand signaling and positioning, a written test and evaluation of the program.

Why would the Transportation Department be involved in training School Crossing Guards? Part of the answer is that the mission of the Department's KEEP BOSTON MOVING SAFELY program is to reduce motor vehicle related fatalities and injuries. Another is the fact that Boston has had the second highest pedestrian fatality rate in the country since 1985, with little or no im-

provement in sight. Isn't it time we begin to address the problem in a comprehensive manner?

A basic tenet of traffic safety stresses collaboration between three disciplines: the three Es, Engineering, Education and Enforcement. Undertaking one element without implementing the others is simply not enough. For example, if crosswalks, pedestrian and parking restriction signage and signals are installed in a school zone (Transportation Dept.), but no one teaches the children safe crossing techniques (Parents and Teachers), or reinforces these techniques and the use of pedestrian signals and crosswalks (School Crossing Guards/Police Officers), or enforces the traffic and parking regulations in that school zone (Police Department), then the children's safety is jeopardized.

Reviving formal training for the Boston Police Department's School Traffic Supervisors (Crossing Guards) and their supervising Community Service Officers is just one step in implementing the three Es. When given comprehensive and updated training, consistent supervision and evaluation, and, most important,

respect for their significant responsibility, Guards not only can do their job professionally, but also can be the best public relations agent of any police department. The seventeen School Traffic Supervisors/Crossing Guards who participated in the training agree.

In the New Year, with a new police commissioner coming on board it is hoped that the Police Department will work with the Transportation Department and reactivate formal trainings and evaluations for the uniformed women who safely cross the school children. It's a win/win situation for all.

36TH ANNUAL WORLD PRESS PHOTO EXHIBIT AT BPL

"World Press Photo '93," an exhibition of the best news images of 1992 by the world's top photojournalists, will be on display in the Great Hall of the Boston Public Library in Copley Square from January 7 through January 29. This marks the fourth year that the Boston Public Library has hosted this world-class exhibit.

The international contest is sponsored by the World Press Photo Foundation under the patronage of HRH Prince Bernhard of the Netherlands, with support from Canon, KLM Royal Dutch Airlines, Eastman Kodak Company, and Professional Imaging.

This year's competition attracted a record 19,428 entries from 1,969 photographers representing newspapers, magazines, and press agencies in 84 countries. The initial competition in 1956 drew 42 photographers from 11 countries. The Boston Public Library is one of 60 venues in 35 countries selected to host this year's exhibit.

An independent jury of distinguished photographers, editors, writers, and art directors from nine countries judge the competition in nine categories including spot news, sports, nature, and science and technology, and document major news events, personalities, trends, and issues. Award winners are presented with the "Golden Eye," the

international "Oscar" of photojournalism.

The "1992 World Press Photo of the Year" was taken by James Nachtwey of Magnum Photos, USA. The picture shows a Somali woman picking up a child to take it to its grave. The exceptionally strong but restrained picture bears witness to the famine in Somalia.

Prizes in 16 categories were won this year by photographers from Argentina, Australia, Brazil, Canada, Cuba, Finland, France, Germany, Peru, South Africa, Spain, Switzerland, the United Kingdom, Uruguay, and the United States.

The exhibit is free and is open to the public during library hours: Monday through Thursday from 9 a.m. to 5 p.m. and Friday and Saturday from 10 a.m. to 5 p.m. For information, please call the Boston Public Library 617/536-5400, Ext. 336.

LECTURES

FEBRUARY 1994

Leading Hopper

Mark Strand, poet
Wednesday, February 2, at 7:30 pm,
Remis Auditorium

A distinguished poet looks closely at several themes that are constant in the work of the painter Edward Hopper: the role of travel in his work, the invitation to construct a narrative, and the repeated use of certain geometrical figures. Strand, winner of many poetry awards, was Poet Laureate of the United States in 1990, and has also written several books about painting and painters, including Hopper.

Pre-Columbian Art in the Post-Columbian World

Barbara Braun, author and critic
Wednesday, February 9, at 7:30 pm,
Remis Auditorium

What do Paul Gauguin, Henry Moore, Diego Rivera, Frank Lloyd Wright, and Joaquin Torres Garcia have in common? They were all profoundly inspired by pre-Columbian art and architecture. For example, Henry Moore's Reclining Figure is derived directly from the chacmool, Toltec-Maya temple guardian. In his lecture and in her book, Braun reveals the impact the mysterious architecture, sculpture, ceramics, and tiles have had on modern artists.

PERFORMANCE

FEBRUARY 1994

Living in Exile

Theatreworks

Wednesday, February 16, at 7:30 pm, in Remis Auditorium

In this retelling of Homer's *Iliad*, the epic Greek drama resonates with contemporary significance. Based on the Robert Fitzgerald translation, Jon Lipsky's play about the Trojan War vividly evokes the horrors of war in terms that are sometimes harrowing, sometimes funny, and always moving. In Lipsky's words, "it is significant that the first war story in western literature is not about revenge but about compassion," and "the ten years the Greek soldiers spent on the beachheads of Asia Minor are not that different from the ten years the American soldiers spent on the beachheads of Vietnam."

The award-winning company includes performers Kathleen Patrick Donohue and Richard McElvain, and composer Steven Cummings, whose original score is performed live.

TICKETS: \$10, Museum members, seniors, students; \$12, general admission. To charge tickets to VISA or MasterCard, call 267-9300 x306. OC is a non-lethal pepper-based spray which has been recognized in the law enforcement area as a more effective agent than traditional mace in subduing violent suspects.

Because accepting this donation will assist the Boston Police Department in testing a new and potentially useful tool in maintaining public safety, I urge your Honorable Body to pass this order as expeditiously as possible.

Sincerely,

Thomas M. Menino,
Acting Mayor.

Ordered, That the Boston Police Department, acting by and through its Police Commissioner, be, and hereby is authorized, in accordance with Section 53A of Chapter 44 of the Massachusetts General Laws, to accept a gift of twenty-two hundred (2200) canisters (3 ounce) of 5 percent Oleoresin Capsicum (OC) spray, known as "Bodyguard" from Doughboy Police Supply Inc., 198 Boston Street, Boston, Mass.

ORDER APPROVING APPROPRIATION OF \$79,764.77 FOR EASTERN REGIONAL LIBRARY (DOCKET NO. 1333)

The following was received:

City of Boston
Office of the Mayor

September 28, 1993.

Acting Mayor.

Ordered, That from State funds received by the City under Chapter 78, 19 of the Massachusetts General Laws and held by the Collector-Treasurer, the sum of \$79,764.77 be, and hereby is appropriated to the Board of Trustees in charge of the Library Department for the purposes of the Eastern Regional Library.

On motion of Coun. KELLY the rules were suspended; the order was passed.

ORDER APPROVING SUPPLEMENTAL APPROPRIATION OF \$14,387,237 FOR SCHOOL DEPARTMENT (DOCKET NO. 1334)

The following was received:

City of Boston
Office of the Mayor

October 5, 1993.

To the City Council.

Dear Councillors:

I transmit herewith a supplemental appropriation order, in the amount of \$14,387,237 for the Boston School Department. This supplemental appropriation is necessary to reflect a change in the Commonwealth's handling of what had heretofore been grant funds to the School Department. This additional appropriation maintains the School Department's spending at its FY93 level.

In presenting the FY94 budget to the Boston City Council, the City did not include \$14,387,237 in state Equal Education Opportunity Grant and the State Per-Capita Funds that the department received as special revenue in the previous fiscal year. As a technical adjustment in the Educational Reform Act of 1993, the State no longer funds either as special revenue, but rather in FY94 Boston will receive the equivalent dollars, as part of its total state Chapter 70 educational aid.

This supplemental appropriation allows the School Department's FY94 funding to remain equivalent to its FY93 spending authority for a total of \$388,387,237.

I respectfully request your support for this supplemental appropriation.

Sincerely,

Thomas M. Menino,
Acting Mayor.

Ordered, That in addition to the appropriations heretofore made, and pursuant to the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 190 of the Acts of 1982, and as further amended by Chapter 701 of the Acts of 1986, Chapter 613 of the Acts of 1987, and Chapter 108 of the Acts of 1991, and to meet current operating expenses of the School Department in the fiscal period commencing July 1, 1993 and ending June 30, 1994, the sum of \$14,387,237 be, and the same hereby is appropriated, said sum to be met from available funds:-

School Department, General School Purposes, \$14,387,237.

Referred to the Committee on Ways and Means.

ORDER ACCEPTING PROVISIONS OF SECTION 256 OF CHAPTER 110 OF ACTS OF 1993 RE EARLY RETIREMENT INCENTIVE FOR DEPARTMENT OF HEALTH AND HOSPITALS (DOCKET NO. 1335)

The following was received:

City of Boston
Office of the Mayor

October 5, 1993.

To the City Council.

Councillors:

I am submitting herewith an order authorizing adoption of an early retirement incentive for up to 250 employees of the Department of Health and Hospitals. Provisions for this early retirement option were established by the Legislature in Chapter 110 of the Acts of 1993, the FY94 state budget.

Under this statute municipal hospitals are permitted to offer their employees up to an additional 5 years of credit on their age or years of service in the calculation of retirement benefits. This program is limited to employees who plan to retire no later than 120

days after its approval by the Mayor and City Council. The City must pay for the additional costs of this retirement incentive over a fifteen-year period according to an actuarial schedule approved by the State Retirement Board.

If the Department of Health and Hospitals is to reduce projected operating deficits, it must restructure staff to reflect the operating efficiencies in the new BCH building. This early retirement program will allow that restructuring in a way that is respectful of the dedicated years of service of many long-term employees. At the same time, because the Department is committed to filling no more than two-thirds of the positions vacated as a result of this program, this incentive will produce long-term savings in Department operations.

The 15-year cost of this program will be paid for from future DHH appropriations. You will recall that this is the procedure that was incorporated in the School Department's early retirement program.

Because of the projected significant salary savings, this program can be managed within the constraints of the Department's FY94 budget even after short-term vacation and sick leave buy-back expenses are incurred, so long as it is limited to 250 employees.

An early retirement incentive is a significant benefit for employees who have dedicated years of hard work to the Department of Health and Hospitals. It is also an important vehicle for achieving necessary efficiencies in the Department of Health and Hospitals. For these reasons, I respectfully recommend adoption of the order by your Honorable Body.

Sincerely,

Thomas M. Menino,
Acting Mayor.

Ordered, That the City of Boston accept the provisions of Section 256 of Chapter 110 of the Acts of 1993.

Referred to the Committee on Ways and Means.

APPROVAL OF CONSTABLES' BONDS (DOCKET NO. 1336)

The members shall serve without compensation; provided, however, that each member may be reimbursed by the Commission for all expenses reasonably incurred by them in the performance of their duties. Members shall be deemed special municipal employees for the purpose of Chapter 268A of the General Laws.

Section 6. In subsection 6-8.6 add a new first paragraph:

The Collector-Treasurer and the Municipal Banking Commission shall establish an annual evaluation process which is designed to determine the extent to which current and potential depositories of the City of Boston funds or providers of banking services are engaging in activities and practices that are in furtherance of the following policy goals:

- a. Equality in mortgage lending and banking services in all Boston neighborhoods as required by the Community Reinvestment Act of 1977 as amended and other laws.

- e. The provision of credit facilities to minority-owned and women-owned businesses.
- f. The active recruitment and promotion of minority and women employees.
- g. The provision of student loans to residents of Boston.

Section 7. After the second paragraph in subsection 6-8.6 add the following paragraphs:

Within thirty (30) days of the submission of the Commission's report to the City Council, the Commission shall hold a public hearing, after notice has been published in a newspaper of general circulation in the City, to review the City's involvement with institutions receiving less than favorable ratings.

The Collector-Treasurer shall, consistent with sound fiscal practice and applicable law, include as a factor in the choice of financial institutions for the deposit of City funds and the provision of banking services, the extent of active engagement in activities and practices that are in furtherance of the policies as set forth in this subsection.

In furtherance of these goals, the Collector-Treasurer may take the following measures:

- a. Increase the level of City of Boston deposits held by a financial institution.
- b. Freeze City of Boston deposits in the institution at their then current level.
- c. Abrogate deposit agreements and withdraw City of Boston deposits from a financial institution.
- d. Enter into negotiations with a financial institution aimed at promoting institutional programs and behavior that are consistent with the public policy goals heretofore stated.
- e. Take such other steps, consistent with sound fiscal practice and applicable law, as may be necessary or desirable.

**REPORT ON ORDINANCE REGARDING THE
REINVESTMENT OF MUNICIPAL AND PUBLIC
MONIES IN FIRMS OR BUSINESSES OPERATING
IN REPUBLIC OF SOUTH AFRICA
(DOCKET NO. 1311)**

Coun. YANCEY, on behalf of the Committee on Post-Audit and Oversight, submitted the following:

Report on Docket No. 1311, ordinance regarding the reinvestment of municipal and public monies in firms or businesses operating in the Republic of South Africa (referred September 29) — recommending passage of the ordinance in the following new draft:

City of Boston

In the Year Nineteen Hundred and
Ordinance for the Re-Investment of Municipal and Public Monies in Firms or Businesses Operating in the Republic of South Africa

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws Chapter 43B, Section 13, and any other applicable law, as follows:

Whereas, The government of the Republic of South Africa has scheduled elections in April in the year 1994 in order to construct a new non-racial Constitution; and

Whereas, Every ethnic, racial and gender group will be granted the electoral franchise for the first time in the modern history of the Republic of South Africa; and

Whereas, The Parliament of the Republic of South Africa has voted to allow indigenous racial groups a significant role in governing the country through a quasi-governmental body known as the Transitional Executive Council, a body consisting of 26 separate political parties; and

Whereas, Nelson Mandela, a world renowned civil rights leader and spokesman for peace and racial equality in the Republic of South Africa, has been released from incarceration after spending nearly three decades in jail as a political prisoner; and

Whereas, The African National Congress has been recognized by the Republic of South Africa as a legitimate civil rights organization representing the will and concerns of a large segment of the indigenous Southern African population; and

Whereas, The government of the Republic of South Africa has been negotiating with the African National Congress and other political parties in apparent good faith and seeking ways to effectively resolve current racial and political antagonisms; and

Whereas, The African National Congress of South Africa has called for the lifting of economic sanctions directed at the Republic of South Africa because of the commitment of said country to address its political, civil and human rights record; and

Whereas, The African National Congress has established a set of principles guiding financial investments back into the country's economy; and

Whereas, The apartheid legislation process that currently governs financial investments is a major obstacle to economic growth and development in South Africa; and

Whereas, The United States and other major nation-states have pledged to lift sanctions based on

the African National Congress' call to end the economic boycott; and

Whereas In the year nineteen hundred and eighty-four the City of Boston divested more than \$12 million of its public funds from the Republic of South Africa based on reported and documented expressions of widespread civil and human rights violations in said country; and

Whereas, The purpose and objective of City of Boston's divestment process was to encourage the Republic of South Africa to: (1) establish a Constitution which allowed for a universal electoral franchise, (2) release political prisoner and civil and human rights leader Nelson Mandela and (3) acknowledge and negotiate a political, social and economic compromise in order to reduce a preponderance of acrimony existing between the indigenous South African population and the white and colored races in said country; and

Whereas, Said objectives are being achieved in apparent good faith by the Republic of South Africa; and

Whereas, The City of Boston was among the first municipalities nationwide to divest of funds in firms, businesses and companies having financial interests in the Republic of South Africa; therefore be it

Ordained, That there shall be enacted in the year nineteen hundred and ninety-three an ordinance allowing for the reinvestment of municipal and public monies into firms and/or businesses conducting financial for-profit transactions with the City of Boston.

Section 1. Statement of Purpose.

The purpose of this ordinance is to re-establish a genial and cordial economic relationship between the City of Boston and the Republic of South Africa; to lift and repeal the divestment and selective purchasing order by the City of Boston on the Republic of South Africa; to remove existing municipal sanctions on the Republic of South Africa based on the general amelioration of the civil and human rights practices of said country; to create and foster a renewed economic reciprocity between the City of Boston and the Republic of South Africa and heretofore improve the cultural and political exchange between said city and said country.

These affidavits of compliance shall be submitted on an annual basis to the Collector-Treasurer of the City of Boston and be available for public inspection.

THOMAS M. MENINO
MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

JAMES M. KELLY
PRESIDENT, CITY COUNCIL

VOL. 86

MONDAY, JANUARY 17, 1994

NO. 3

MAYOR MENINO APPOINTS THREE SENIOR MAYORAL AIDES

Boston Mayor Thomas M. Menino, on January 4, announced the appointment of three senior mayoral aides who will "help me accomplish the task of dramatically changing city government to meet the challenges of urban America in 1994 and beyond." Alyce Lee of Dorchester will serve as Chief of Staff; Peter Welsh of Jamaica Plain as Chief of Policy and Planning and Linda Kelly of Hyde Park will serve as Chief of Operations.

Mayor Menino said, "I am very proud that we have been able to assemble a team of enormous talent, capable of working with neighborhood and business leaders alike, to secure a better future for our city." He added that all three are active in their home communities, noting that, "For Alyce, Peter and Linda, service to community is a round-the-clock commitment."

Alyce J. Lee currently serves as Executive Director of the Codman Square Neighborhood Development Corporation, which owns 500 units of low- and moderate-income housing and 21,000 square feet of commercial/office space. She also currently serves as Co-Chair of Mayor Menino's Transition Team. Ms. Lee also serves on the Board of the Dorchester YMCA, is Vice Chair of the Metropolitan Boston Housing Partnership and is a member of the Executive Committee of the Massachusetts Association of Community Development Corporations.

As Chief of Staff, Ms. Lee's responsibilities will include chairing the Mayor's cabinet; serving as a principal advisor on education and housing and development issues; coordinating the city's neighborhood services functions; and, working with the Director of Operations, overseeing the organization and staffing of the Mayor's Office.

Peter Welsh, the Chief of Policy and Planning, moves into this senior position after six months as Mayor Menino's Chief of Staff. Mr. Welsh has previously served city government as Chief Liaison to the Central Artery/Tunnel project and as Director of the Inspectional Services Department. Welsh is also the co-founder of the Forest Hills Athletic Association and a board member of Hyde Park Youth Hockey.

In his new role, Mr. Welsh will oversee the city's policy development and long-range planning efforts, particularly as the city moves to reinvent the way it does business with the private sector, the public and with its employees.

Linda Kelly, who will serve as Director of Operations, has worked as a psychiatric nurse for ten years, in state government for ten years, and most recently as an aide to Mayor Menino in his City Council office. Ms. Kelly will oversee the key functions of the Mayor's Office including scheduling, briefings, protocol and correspondence.

Mayor Menino concluded, "I hope that these three appointments set a tone for my administration — people who care about our city and will work to bring people together to make change happen. As we move forward with the transition, let me make it clear, business as usual at

City Hall is over, there is a new Administration, a new spirit and a new way of getting things done."

MAYOR MENINO RELEASES LATEST HOMELESS CENSUS

Large Increase in Homeless Families: 9 Percent Increase for all

Boston Mayor Thomas M. Menino, on January 6, released the results of the City's latest homeless census conducted on December 13, 1993. The overall homeless population identified through the census was 4,809 people, a 9 percent increase over last year's figure of 4,411. While the number of homeless single adults stabilized, the number of homeless families increased by 91.7 percent this year.

Mayor Menino said, "This year's survey shows that while Boston is far ahead of many other cities in its capacity to provide basic shelter, food and transportation to people in need, there is still much more to be done beyond shelter, as we seek new partnerships for affordable housing, for job training, and for needed care for the homeless mentally ill. And while we are taking steps forward with a new job training program taking shape at Long Island Shelter and today's opening of a six-unit lodging house for homeless mentally ill women, we need to be making leaps forward. For this, we will need the help of the federal and state governments, the private sector, and our

neighbors throughout Massachusetts and the country."

Menino continued, "Look at it this way — if every one of Massachusetts' 351 cities and towns built one six-unit facility for the homeless mentally ill, like the one we are opening in Fields Corner, and one six-unit facility for families in need, or for single adults, we could make huge progress in addressing homelessness in Massachusetts. Cities like Boston can and will continue to do the heavy lifting on behalf of our neediest citizens, but it is time that every community in this state and nation, especially those receiving federal or state aid, stepped forward."

The census found that this year, there were 38 men, 544 women and 1,018 children in emergency shelter placements for families. This compares with 21 men, 290 women and 522 children in last year's census. At the same time, the number of homeless men and women in state detox and mental health programs declined, by 27 and 45 percent respectively.

Mayor Menino expressed his appreciation to those who participated in the census, saying, "I want to thank the more than one hundred volunteers — including members of City Year, city employees, and concerned residents — who came out on this cold winter night to provide this very important service to the homeless. In the truest spirit of this holiday season, your actions send a message of compassion, caring and commitment to the poor and needy."

The State House. The "new" State House, designed by Charles Bulfinch and completed in 1798, features a 23-karat gilded dome, with an under layer of copper installed by Paul Revere. The building teems with historic facts and lore. Free tours are offered weekdays, 10 a.m.-4 p.m. (year round), starting from Doric Hall. Located on Beacon Street, opposite Boston Common near Park Street, 727-3676.

GUN LICENSING

Statement of Mayor Thomas M. Menino on President Clinton's Gun Licensing Proposal, January 4, 1993

President Clinton's proposal to raise the annual licensing fee for firearm dealers from \$10 to \$600 is a good first step toward reducing the number of gun dealers and guns in America. It is good to know that we finally have a National Administration in Washington that is tough on crime in its actions and not merely in its rhetoric. We also have an American public that is fed up with gun violence and fed up with the National Rifle Association's gridlock tactics.

I believe that we must go further. Let's stop the manufacture of handguns in America. Let's crack down on imports. And, let's penalize those states with weak gun laws. For example, take President Clinton's proposal to add 100,000 new police officers to help cities implement community policing. Let's deny those resources to any state which has soft gun laws and instead, let's help those areas which are ready and willing to help themselves rid their communities of gun violence.

Further, I urge President Clinton to

raise that licensing fee even higher — to at least the \$1,000 figure urged by Handgun Control Inc. — and recycle those funds into community anti-crime efforts at the local level.

Americans are sick of innocent people dying before their time, caught in the crossfire of guns and violence. They are tired of well-financed lobbies in Washington who care more about their meaningless rhetoric than about the safety of our neighborhoods. It is time for the average citizen to say enough to the NRA, support the President's anti-crime efforts, and demand even tougher action to keep guns out of our nation's cities.

BOSTON'S SNOW EMERGENCY REGULATIONS FOR WINTER 1993-1994

Boston Public Works Commissioner Joseph Casazza and Transportation Commissioner Rina Cutler would like to inform motorists of the City's Winter, 1994 Snow Emergency Regulations.

In the event that a snow emergency is declared in Boston this winter, it is important that vehicle owners be aware that the following regulation changes will go into effect.

- 1) On all major thoroughfares in Boston that are posted as Emergency Arteries, parking is prohibited on both sides of the street.
- 2) On those streets that are not posted as Emergency Arteries, primarily residential streets, parking will be allowed on the odd side of the street only.

Vehicles parked in violation of these regulations will receive a \$30 ticket and will be towed. No parking within 20 feet of crosswalk.

A snow emergency is called when impending weather conditions threaten to impair the City's transportation system and hinder the delivery of services that are vital to safety in the City. Generally, a snow emergency is implemented if the harshness of the weather is likely to inhibit the movement of food and fuel supplies, or fire, health and police vehicles.

Although motor vehicle owners may be inconvenienced by the parking prohibitions put into effect when a snow emergency is declared, the prohibitions are necessary to ensure that snow plows are able to get to the curb.

Plowing the curbside lane is critical to maintaining access for emergency vehicles. It also aids in maximizing snow removal which provides for as many parking spaces as possible after the emergency regulations are lifted.

Boston residents may call 635-0500 during snow emergencies.

BPL "DISCOVERY CONCERT" COMMEMORATES PISTON CENTENNIAL

The Boston Public Library will celebrate composer Walter Piston's 100th birthday with a "Discovery Concert" in his honor in the Rabb Lecture Hall of the Central Library in Copley Square at 7 p.m. on Thursday evening, January 20.

The Boston-based Calumet Quintet will honor Piston's contribution to American music with a performance of his "Divertimento for Strings and Winds." Works by his contemporaries will include Boston composer Quincy Porter's "Ukrainian Dances," as well as pieces by Paul Hindemith and Donald Erb.

Meticulous craftsmanship and sure grasp of the formal elements of music earned the Rockland, Maine native an international reputation as one of America's leading composers. Among his many awards were two Pulitzer Prizes: the first in 1938, for his Third Symphony and the second, in 1961, for his Seventh Symphony. The Boston Symphony Orchestra was one of the first organizations to recognize his distinction as a composer and performed his works so frequently that he became known as the BSO's "court composer."

Now in its seventh year, the Calumet Quintet is the only full-time bass string quintet in America and one of the few such bass quintets in existence. Current performers are: Sang Eun Han and Sabrina Berger, violins; Dani Rimoni, viola; Arnold Friedman, cello; and Richard Melde, double bass.

This is the third performance in the Boston Public Library's initial Discovery Series which features musical gems from the Music Department's Allen A. Brown Collection. The current series will conclude on March 24 with a celebration of the music of women composers.

The concert is supported in part by a grant from the Boston Council for the Arts and Humanities, a local agency supported by the Mass. Cultural Council, and is free and open

to the public. Seating is limited. For additional information, please contact the Boston Public Library at 536-5400, Ext. 285.

BOSTON ADOPTION INFORMATION SEMINARS AT THE BPL

The Boston Adoption Family Resource Unit will present a series of "Adoption Information Seminars" at the Boston Public Library in Copley Square on January 19, March 23, and April 27.

At the present time there are more than 100 children of all ages, ethnic heritage, and levels of health and ability in Boston who are in need of someone to care about them. Through no fault of their own, these children are unable to live with their own parents or with other family members. They are waiting to be adopted by families that can provide the love, care, understanding, and direction they need to cope with everyday situations.

Representatives from the Massachusetts Department of Social Services' Boston Adoption Family Resource Unit will be on hand to provide information to people who may be considering adoption.

All of the programs are in Conference Room 5 and are free and open to the public. Please note, however, that the January 19 session is from 12 to 1 p.m. and the programs on March 23 and April 27 will be held from 6 to 8 p.m. For information, please call the Adoption Family Resource Unit at 868-1400, or the Boston Public Library at 536-5400, Ext. 336.

Thank you.

**STATE HOUSE HEARING ON
THE MEGAPLEX
STATEMENT OF MAYOR
THOMAS M. MENINO,
JANUARY 7, 1994.**

In this debate over whether or not this city will have a Megaplex, the City of Boston must be shown the respect and consideration it deserves. As Mayor, I have worked hard to create an atmosphere of mutual respect and cooperation between city and state government. The debate over the Megaplex is an opportunity for the state to give the people of Boston a seat at the table, or to treat us as bystanders.

There are a number of important issues at stake for Boston. First is the issue of just compensation. The current legislation does not compensate Boston for the land that will be taken from us to build the Megaplex.

Nor does the legislation compensate Boston for the cost of city services — especially public safety services — that Boston will be forced to provide. A private facility of this size would pay an estimated 2.5 million dollars each year in taxes to help cover such costs.

In addition, the City of Boston wants concrete guarantees that Boston residents will receive permanent jobs in the finished Megaplex.

Finally — and this is extremely important — I would urge all of the parties involved to take a very hard look at the overall planning for this project. I am not convinced that anyone has fully considered how a Megaplex will impact other institutions and other aspects of the Boston economy.

For example, how will the Megaplex impact the new Boston Garden? How will it affect the new business that everyone predicted the new Garden would attract?

How will the Megaplex affect the Boston Red Sox? Will they want to play in the Megaplex? Or, will we begin a whole new debate over building a new Fenway?

How will the Megaplex impact the

rest of Boston's entertainment industry?

To proceed on the assumption that the Megaplex will be some kind of silver bullet for the state and local economy is foolish. Unless we pay greater attention to the short and long-term economic planning for this project — and unless the people of Boston are shown the respect they deserve — this so-called silver bullet could prove fatal.

**“A FACELIFT FOR YOUR

BRANCH LIBRARY**

Interior designer Pamela Glossman-Smith of Design Creations of Boston will talk about “Giving Your Home a Facelift” at the North End Branch Library's weekly Tuesday morning lecture series on January 18, at 10:30 a.m.

Support Services

Dear Mayor Menino:

I respectfully request your Honor's permission to award a contract to the Economic Development and Industrial Corporation of Boston (EDIC), a body corporate and politic created pursuant to Chapter 1097 of the Acts of 1971 of the Commonwealth of Massachusetts, located at 43 Hawkins Street, Boston. Under the terms of the contract, EDIC will provide programmatic and administrative support services in support of the City's Alternative Education Initiative (AEI). This contract is exempt from the provisions of G.L. c. 30B as it is an agreement between agencies of the City of Boston.

EDIC was selected as the staff of the Jobs and Community Services (JCS) Department, formerly the Mayor's Office of Jobs & Community Services, has provided these services for the previous seven years. EDIC/JCS staff will continue to fund and monitor community-based, non-profit organizations offering programs which target out-to-school youths, in collaboration with Boston Community Centers.

Compensation under the terms of this contract shall not exceed \$31,500, payment being made from funds set aside for the Alternative Education Initiative (AEI). The period of performance shall be from July 1, 1993, until June 30, 1994. This request has been delayed due to the late determination of funding availability.

As this is a negotiated contract at a reasonable cost, solely to establish a mechanism for payment to EDIC, I believe that public advertising would serve no useful or practical purpose.

Sincerely,

William P. Doherty,
Director.

I respectfully request your permission to enter into an agreement between the City of Boston and Uphams Corner Health Center, a non-profit entity, located at 500 Columbia Road, Dorchester, to award a grant to the health center to support its Infant Mortality reduction efforts.

Under the terms of the agreement, Uphams Corner Health Center will provide community health services and programs for the health center's clients which target Infant Mortality reduction initiatives.

Uphams Corner Health Center is uniquely qualified to do this work as part of Boston's network of neighborhood health centers. The Department of Health and Hospitals has had a contract with the Trustees of Health and Hospitals of the City of Boston, Inc. to support health care services at Uphams Corner Health Center for the past 25 years, during which time the Center has demonstrated its ability to have a significant impact on the health of the people in Boston's neighborhoods.

I am requesting your permission to dispense with public advertising in awarding this grant, the public purpose of which is to support and stimulate health care services which reduce infant mortality in the City of Boston. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of the City Charter.

Compensation under this contract shall not exceed \$100,000, which I have determined to be reasonable for the work to be performed. The term of this contract shall be July 1, 1993 through June 30, 1994.

This award is being processed late because documents were not received from the vendor until after the start of the contract period.

Very truly yours,

CITY OF BOSTON

Proceedings of City Council

Wednesday, October 20, 1993.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 10:00 a.m., Senior Member, Councillor O'NEIL, in the chair. Absent, Councillor MENINO.

Chairman O'NEIL requested that the Councillors and all present stand for a moment of silent meditation, and the meeting was opened with the pledge of allegiance to the flag.

DISAPPROVING ORDINANCE PROVIDING ADMINISTRATIVE CITATIONS FOR VIOLATIONS OF STATE SANITARY CODE (DOCKET NO. 1197)

The following was received:

City of Boston
Office of the Mayor

October 18, 1993.

To the City Council.

Dear Councillors:

I return herewith without my signature and disapproved an ordinance passed by your Honorable Body on September 29, 1993, Docket No. 1197, providing for administrative citations for violations of the State Sanitary Code.

My veto is based on and required because of a number of legal flaws contained in the proposal. Included among the legal defects brought to my attention are 1.) the provision in s. 6 for fines in excess of those permitted under M.G.L. c. 40, s. 21D; 2.) the provision of s. 9 for evidentiary use of administrative citations in contravention of M.G.L. s. 90G, s. 12; and 3.) the provision in s. 10 for disposition of fines in violation of M.G.L. c. 44, s. 53.

While the foregoing considerations require my veto of the proposed ordinance, I remain greatly concerned that State Sanitary Code violations are causing citizens to live in unsafe conditions. Improved code enforcement is a powerful tool in making Boston a cleaner, healthier, safer place to live.

Because of the importance of this issue, I will soon be submitting a revised version of the ordinance.

Sincerely,

Thomas M. Menino,
Acting Mayor.

(Annexed hereto is the documentation referred to.)

Assigned for further action.

ORDINANCE ALLOWING INSPECTIONAL SERVICES DEPARTMENT TO ISSUE ADMINISTRATIVE CITATIONS FOR VIOLATIONS OF STATE SANITARY CODE (DOCKET NO. 1355)

The following was received:

City of Boston
Office of the Mayor

October 19, 1993.

To the City Council.

Dear Councillors:

I transmit herewith for your approval an ordinance which would allow the City of Boston Inspectional Services Department to issue administrative citations for violations of the State Sanitary Code.

Yesterday, I returned an earlier version of this ordinance to your Honorable Body without my signature and disapproved because of legal defects which would have rendered the ordinance unenforceable. The present versions corrects those legal flaws.

As stated in the measure itself, this ordinance will provide the Inspectional Services Department with the remedies necessary to effectively carry out its mandate under state law to ensure that housing in the City of Boston complies with State Sanitary Code.

I urge your Honorable Body to pass this ordinance at its earliest possible convenience.

Sincerely,

Thomas M. Menino,
Acting Mayor.

City of Boston

In the Year Nineteen Hundred and
AN ORDINANCE.

ADMINISTRATIVE CITATIONS FOR VIOLATIONS OF THE STATE SANITARY CODE

Whereas, A serious public emergency exists in the City of Boston with respect to residential premises which are in violation of the State Sanitary Code, causing many citizens to live in unsafe conditions:

Whereas, The legal remedies available to the Inspectional Services Department in enforcing this code, as well as other applicable state laws and regulations, are insufficient to encourage timely repair of rental properties;

Whereas, Owners often avoid repairing sub-standard properties, thereby endangering the lives, safety, and property of tenants and severely limiting the ability of many people to remain in their homes safely, therefore be it

Ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws, Chapter 43B, Section 13, and any other applicable law as follows:

Section 1. Purpose.

To provide the Inspectional Services Department with the remedies necessary to effectively carry out its mandate under state law, to guarantee tenants of the City of Boston housing which complies with the state sanitary code and other applicable laws and regulations, and to encourage owners to maintain the buildings they own in compliance with this code, laws and regulations by enacting an ordinance under which administrative citations are issued to owners who violate the state sanitary code.

Section 2. Definitions.

(A) "Administrative Citation" means a notice issued to an owner by the Inspectional Services Department, pursuant to this ordinance, which provides a statement of the terms under which the owner may be fined for failure to remedy violations of the State Sanitary Code and a statement of the owner's right to appeal the issuance of the administrative citation and/or fine.

(B) "Dwelling" means every building or shelter including but not limited to rooming houses and temporary housing used or intended for human habitation and every other structure or condition located within the same lot line whose existence causes or is likely to effect noncompliance with the provisions of 105 CMR 410.000.

(C) "Dwelling Unit" means the room or group of rooms within a dwelling used or intended for use by one

family or household for living, sleeping, cooking and eating. Dwelling unit shall also mean a condominium unit.

(D) "Inspectional Services Department" means the legally designated authority for the City of Boston, authorized by CBC 9-9, to enforce the state sanitary code through the inspection of rental units for violations of the code and the implementation of mechanisms to ensure compliance with repair orders.

(E) "Occupant" means every person over one year of age living or sleeping in a dwelling or dwelling unit.

Section 3. Administrative Citations: Issuance

(A) Whenever the Inspectional Services Department finds any violation of any provision of the state sanitary code it shall issue, in addition to its order to make repairs, an administrative citation against the owner according to the procedures set out in this ordinance.

(B) The administrative citation shall incorporate by reference the order to make repairs and shall contain the following information:

- (1) the date of the inspection;
- (2) the amount of fine which shall be assessed against the owner if the violation or violations are not remedied within the time frame set out in order to make repairs as well as the rate at which the fine shall escalate pursuant to Section 8(B) and (C) of this ordinance;
- (3) the manner in which the owner may pay any fine assessed in accordance with the provisions of this ordinance; and
- (4) a description of the owner's appeal rights with respect to the issuance of the administrative citation and of any fine.

(C) The administrative citation shall be served on the owner, along with any orders to make repairs, in accordance with the provisions of the state sanitary code.

(D) A copy of the administrative citation shall also be delivered on the occupants of the dwelling or dwelling unit in which violations have been found and shall be posted in the common areas of the dwelling. If violations of the state sanitary code are found in the common areas of any dwelling, a copy of the administrative citation shall be delivered on each and every tenant of the dwelling.

(E) A copy of the administrative citation shall be retained by the Inspectional Services Department and be available for public inspection and copying.

(F) Nothing in this Section shall interfere with an owner's right to appeal the issuance of an order to make repairs under the State Sanitary Code.

Section 4. Repairs

(A) An owner shall make any and all repairs necessary

to remedy any violations found by the Inspectional Services Department within the time frame stated on the order to make repairs, unless he or she requests a hearing pursuant to the hearing regulations of the State Sanitary Code.

(B) The Inspectional Services Department shall, within five days after the dates for compliance specified in an order to repair issued pursuant to 105 CMR 410.830, make an on site inspection to determine whether there has been compliance with its order. However, if one or more of the violations or conditions cited in the order to repair are determined to be conditions which may endanger the health or safety, and well-being of the occupant(s) as defined in 105 CMR 410.750, this inspection shall be made within 24 hours of the dates for compliance specified in an order. An inspection under 105 CMR 410.830(A)-(N) shall comply with the requirements of 105 CMR 410.822.

(C) If, upon re-inspection, it is determined that the owner has remedied the violations cited in the order to make repairs, the administrative citation shall so note this finding and shall be filed with the Inspectional Services Department. Any subsequent order to make the same repairs shall, for the purposes of this Ordinance, be deemed a new and separate violation of the State Sanitary Code.

(D) Copies of the administrative citation indicating that the violation has been remedied and no fine has been assessed shall be served on the same individuals who received notice of the initial administrative citation. This notice shall be served within five days of the re-inspection.

(E) If, upon re-inspection, it is determined that the owner has failed to remedy the violations cited, this shall be noted on the administrative citation and a fine shall be assessed against the owner in accordance with the terms of Section 6 of this ordinance.

(F) Copies of the administrative citation noting the assessment of a fine for failure to remedy the violations cited shall be served on the same individuals who received notice of the initial administrative citation within five days of the fine being assessed against the owner.

Section 5. Extensions

(A) An owner who has made a good-faith effort to remedy any violations cited in an order to make repairs and an administrative citation may apply to the Inspectional Services Department for an extension of the time set for making repairs by requesting a hearing under the hearing provisions of the State Sanitary Code.

(B) A good-faith effort shall be found to exist only in the following circumstances:

- (1) if the owner provides evidence that the repairs cannot be completed within the required time frame. Such evidence shall be in the form of at least two written estimates from outside professionals, one of which the owner has accepted in writing, stating when the repairs will be made; or
- (2) if the owner is unable, despite serious and substantial efforts to obtain financing for repairs. In order to qualify for an extension under this subsection, the owner must present written and verifiable evidence of all efforts to obtain financing as well as written and verifiable evidence of a present financial inability to meet the cost of repairs.

(C) In any case where an extension has been granted for the remedying of any violation, a new date shall be set by the Inspectional Services Department by which the owner shall remedy the violation and a re-inspection shall take place in accordance with Sections 4(C) through (F) of this ordinance.

(D) No extensions shall be granted in any case where an owner has received a fine for the same or similar violations in the same unit within the twelve-month period

immediately preceding issuance of the current administrative citation.

(E) In no event shall the time frame for repairs including any extensions be greater than ninety days from the date of the issuance of the order to make repairs except that permanent owner occupants of any building or structure containing no more than one dwelling unit, or containing no more than two dwelling units, or containing no more than three dwelling units may apply for an additional thirty-day extension under the provisions of this section and provided further that no building or structure shall be considered occupied by the owner thereof unless all legal and beneficial owners occupy one or more of the dwellings therein as their permanent residence.

Section 6. Fines for Failure to Repair

(A) If an owner fails to remedy a violation cited in an order to make repairs within the allotted time frame, or fails to remedy the violation within the time frame set out in any extension granted under Section 5 of this ordinance, or fails to file a timely appeal, a fine shall be assessed against the owner.

(B) Notice of the assessment of a fine shall be served on the owner in accordance with the notice provisions of the State Sanitary Code.

(C) Notice of the fine shall be served on the same individuals who received notice of the initial administrative citation.

(D) The amount of the fine shall be set according to the following schedule:

- (1) \$100.00 per day for each violation referred to in 105 CMR 410.750(A)-(N) and required to be corrected within twenty-four hours; or
- (2) \$20.00 per day for each violation referred to in 105 CMR 410.830(B) and required to be repaired in an amount of time determined by the Inspection Services Department but, in any event, no more than thirty days.
- (3) In addition, the owner shall be given notice that the fine assessed per day shall automatically double if any violation cited in the administrative citation is not remedied within two weeks of service of the notice of the fine and shall automatically triple if any violation is not remedied within one month of service of the notice of the fine.

Section 7. Appeals of Fines

(A) An owner who is aggrieved by the issuance of a fine pursuant to this ordinance may appeal pursuant to G.L. c. 90G (the word "registrar" in said statute shall be construed to be the Commissioner of the Inspection Services Department).

(B) The fine shall continue to accrue after the filing of an appeal but the fine shall not be collected until after the determination of the appeal. An appeal shall not stay the owner's obligation to repair any violation cited.

(C) Appeals under this section shall be limited to review of the decision of the Inspection Services Department to issue a fine under this ordinance, and shall not include issues otherwise appealable pursuant to 105 CMR ss. 410.850 and 410.860.

(D) Nothing in this section shall be construed to affect or impair the right to appeal the issuance of an order to make repairs in accordance with 105 CMR ss. 410.850 and 410.860.

Section 8. Failure to Pay Fine

(A) Notice of a fine which has been issued pursuant to Section 6 of this ordinance shall be served on the owner and on the occupants who received notice of the initial administrative citation.

(B) In addition, in accordance with Section 6(D)(4), the owner shall be given notice that the fine assessed per day shall automatically double if any violation cited in the administrative citation is not remedied within two weeks of service of the notice of the fine and shall automatically triple if any violation is not remedied within

one month of service of the notice of the fine.

(C) To the extent permitted by statute, a property tax lien may be taken by the City of Boston for nonpayment of monies assessed hereunder.

(D) Any person aggrieved by the failure of the City of Boston to take such enforcement action, may seek injunctive relief in the district or superior court pursuant to Massachusetts General Laws, Chapter 214 and 218, s. 19C, to require action by the City of Boston in accordance with its enforcement obligations under this section.

Section 9. Revenue Generated

Any revenue generated by the implementation of this ordinance in excess of the cost of administering it shall be deposited in the general fund and shall be allocated as follows, subject to appropriation: 1) fifty percent dedicated to providing financial assistance to owners who, due to financial hardship, are unable to remedy violations cited in an administrative citation; and 2) fifty percent dedicated to repairing dwellings and dwelling units which have so deteriorated as to constitute a public nuisance and which have been removed, by operation of law or a court order, from the control of the owner as a result of the deterioration. Such allocation shall not be limited to the amount of monies provided herein.

Section 10. Regulations

The Department of Inspection Services shall promulgate regulations consistent with the terms of this ordinance and any applicable state laws and regulations.

Section 11. Construction

Nothing in this ordinance shall be construed to conflict with the provisions of Massachusetts General Laws, Chapter 111, s. 127A, et seq. governing the authority and conduct of the Inspection Services Department or with any other law or regulation governing the rights and obligations of owners and tenants in the Commonwealth of Massachusetts.

Section 12. Severability

The provisions of this ordinance are severable. If any section or sections are declared invalid by a court of competent jurisdiction, the invalidity shall not affect the validity of any remaining section or sections.

Section 13. Effective Date

The provisions of this ordinance shall take effect three months from the date of its enactment.

Referred to the Committee on Government Operations.

ORDINANCE THAT ALL SALES OF CIGARETTES BY VENDING MACHINES WITHIN CITY BE PROHIBITED (DOCKET NO. 1082)

Coun. HENNIGAN, on behalf of the Committee on Government Operations, submitted the following:

Report on Docket No. 1082, ordinance that all sales of cigarettes by vending machines within the City be prohibited (referred July 21) — recommending passage of the ordinance in the following new draft:

Be it ordained by the City Council of Boston, as follows:

Whereas, A 1992 study of youth smoking by the Institute for Social Research at the University of Michigan for the U.S. Department of Health and Human Services found that cigarette smoking prevalence did not significantly change among 8th, 10th and 12th graders in 1992; and

Whereas, Thirty-day prevalence rates for smoking were: 16 percent for 8th graders, 22 percent for 10th graders, and 28 percent for 12th graders; and

Whereas, The study concluded that a sizeable portion of teenagers are establishing regular cigarette habits, despite demonstrated health risks; and

Whereas, Researchers believe that the massive advertising and promotion of cigarettes, much of it aimed at young people, is a major reason that cigarette smoking has not been falling among adolescents; and

Whereas, Cigarette smoking has been identified as an addicting habit and that smoking regularly has led to cancer and other life-threatening and life-ending illnesses; and

Whereas, It is currently illegal for young people under the age of eighteen to smoke and that vending machines provide young people with an unrestricted access to cigarettes in vending machines; now therefore be it

Ordained, That all sales of cigarettes by vending machines within the City of Boston shall be prohibited unless: (1) the vending machine is located within the immediate vicinity, plain view and control of a responsible employee, so that all purchases are observable and controllable as if cigarettes were sold over the counter; and (2) the vending machine must not be located in a coat-room, rest room, unmonitored hallway, outer waiting area, or similar unmonitored area and must be inaccessible to the public when the establishment is closed; and (3) the vending machine is equipped with a lock-out device approved by the Board of Health. Said device shall lock-out sales from vending machines unless an employee releases the locking mechanism. The release mechanism must not allow continuous operation of the vending machine and must not be accessible to customers. Vending machines shall be posted with a sign stating that the machine is equipped with a lock-out device and identifying the person(s) to contact to purchase cigarettes from the machine; and (4) all cigarette vending machines must display a conspicuous sign stating that it is illegal for minors to purchase cigarettes; and be it further

Ordained, The Board of Health or its enforcement officer(s) shall enforce these regulations; and be it further

Ordained, (1) Any person or entity selling tobacco to any person under age eighteen (18) shall be punished by a fine of not less than one hundred dollars (\$100) for the first offense, not less than two hundred dollars (\$200) for the second offense, and not less than three hundred dollars (\$300) for any third and subsequent offense; and (2) any person or entity selling tobacco to any person under age eighteen (18) three (3) times within twelve (12) months shall cause, after public hearing, for the suspension of the license to sell tobacco. All tobacco must be removed from the premises when said license is suspended. Licenses suspended cannot be reinstated for one (1) calendar year following the date of removal; and be it further

Ordained, That if any of these regulations is declared invalid or unenforceable, the other provisions shall not be affected thereby but shall continue in full force and effect; and be it further

Ordained, That this Ordinance shall take effect four months after passage.

Coun. TRAVAGLINI in the Chair.

Chairman O'NEIL in the Chair.

At the request of Conn. HENNIGAN, the Chairman placed this matter at the end of the Agenda.

Later in the session Coun. NUCCI moved that the ordinance be amended by inserting in the first section entitled "Ordained", after subsection (4), the following new subsection (5):

(5) or, unless the use of the premises is restricted to persons over the age of eighteen.

The motion was carried.

The ordinance, as amended, was passed.

MAYOR MENINO RECEIVES GOOD NEWS AT HUD CONFERENCE

City's Waiver Request for HOME Program Granted

Mayor Thomas M. Menino received good news this month at a downtown conference entitled "Building Communities Together" sponsored by the U.S. Department of Housing and Urban Development (HUD). Andrew Cuomo, HUD's Assistant Secretary for Community Planning and Development, told Menino that the city's request for a waiver of certain provisions of the federal HOME program was granted.

The waiver will allow Boston to use 5 percent of its FY 92 and FY 93 HOME funds to initiate a new partnership with the Neighborhood Development Support Collaborative (NDSC) to jointly provide operating assistance to enhance the capacity of local community housing development organizations (CHDOs) to develop affordable housing in Boston. The Neighborhood Development Support Collaborative is a partnership of several local foundations, including the Boston Foundation, the United Way and the Boston office of the Local Initiatives Support Corporation (LISC), formed for the purpose of coordinating assistance to CHDOs and other community development corporations.

"This action on behalf of the city's non-profit developers will go a long way in the creation of affordable housing in Boston," said Mayor Menino. "The NDSC will use our HOME operating funds to leverage at least \$1.8 million in additional private foundation funds. This is the end of Public-Private partnership at my administration will continue to promote."

Through the HOME Program, HUD provides financial assistance to state and local governments to expand the supply of decent affordable housing to low- and very low-income families. The City of Boston Public Facilities Department (PFD) administers the HOME funds. With the

waiver, PFD will pledge approximately \$650,000 to match the NDSC pledge to provide operating assistance to those CDCs selected by the NDSC which have been certified as Community Housing Development Organizations and which will be developing housing which will meet the HOME program's definition of affordable housing.

"About fifty percent of the affordable housing created in Boston is carried out by CDCs," said PFD Director Mary Nee. "It is imperative that the critical role played by CDCs is supported and that they have the organizational capacity to continue this work."

COMPACT GOALS SIGNING

*Statement of Mayor Thomas M. Menino,
January 13, 1994.*

Today we do more than sign an agreement: Today we make a commitment to the young people of Boston.

The new Compact sends a powerful message: It is a message of hope for all young people who fear that they will never complete school — never find a job — that they will always stand alone.

The new Compact goals demand that we, the signatories — as well as everyone in this room — provide resources — and time — and support for our city's young people. It demands that we have faith in their future — and, ultimately, our city.

We make news today. Not only by what is written, but *how* it was written, and what is to come.

The signed agreement marks the first time that the Mayor's Office, business, higher education, labor, and the schools have come together — with the guidance of the Superintendent's Office — to develop a single, uniform document. All of these parties shared a common mission: To formulate goals which would ensure that all students graduate from high school educationally prepared to meet the demands of higher education and employment.

But today's event is not the end of a process — it is the beginning.

The goals we put forth today are the right goals. Yet they are merely words on paper unless they are backed up by a strategic plan for action. I am now challenging everyone who pursues partnerships and collaborative efforts in our schools to develop a strategic plan — a plan which will go far beyond an inventory — one blueprint which will detail how these efforts fit together in pursuit of success for our schools. And I want this strategic plan on my desk by June 15.

All of us who sign today realize that these goals — and the plan to implement them — would be further strengthened by the support of human service providers, of cultural organiza-

ons — and of our most important resource, parents.

I begin my tenure as Mayor with great hope. You have given me the opportunity of a lifetime to serve our city. At public service is a responsibility we must all accept.

Today, I call on parents, on members of cultural organizations and on human service agencies to work with the business and higher education community, the labor industry, and the schools — and with me to ensure that the Compact Goals have meaning.

DISAPPROVING ORDINANCE ALLOWING FOR REINVESTMENT OF MUNICIPAL AND PUBLIC MONIES INTO FIRMS AND BUSINESSES HAVING FINANCIAL INTERESTS IN REPUBLIC OF SOUTH AFRICA (DOCKET NO. 1311)

The following was received:

City of Boston
Office of the Mayor

October 21, 1993.

To the City Council.

Dear Councillors:

I return herewith without my signature and disapproved an ordinance passed by your Honorable Body on October 6, 1993, Docket Number 931311, which would allow for the reinvestment of municipal and public monies into firms and businesses having financial interests in the Republic of South Africa. The ordinance would also encourage city and county departments, commissions, authorities, agencies and boards to enter into contractual agreements with entities supplying non-military goods and services to the Republic of South Africa.

My main reason for disapproval is that this ordinance conflicts with several pieces of existing legislation. As the Council is aware, the city has in the re-

cent past enacted ordinances and home rule legislation prohibiting city and county departments and agencies from dealing with firms with South African or Namibian ties. Recent amendments to such legislation deleted references to Namibia, but left intact all prohibitions on dealings with firms with financial ties in South Africa. Thus, the proposed ordinance would conflict with existing legislation insofar as it purports to lift such prohibitions. As a matter of proper legislative procedure, the existing restrictive legislation must be repealed before the current ordinance or similar legislation can be enacted. Furthermore, the proposed ordinance violates the city charter provision which prohibits the Council from taking part in the making of city contracts, St. 1948, c. 452, s. 17G, as appearing in St. 1951, c. 376, s. 1.

Nevertheless, in order to effectuate the vital objectives of the proposed ordinance, I will be submitting to the Council both an ordinance and a home rule petition which, if passed, would repeal all pertinent, currently effective restrictive legislation. Once the barriers imposed by such legislation are removed, city and county departments, commissions, authorities, agencies and boards will once again be free to invest in and contract with business entities with non-military financial ties in the Republic of South Africa.

Sincerely,

Thomas M. Menino,
Acting Mayor.

(Annexed hereto is the ordinance referred to.)
Assigned for further action.

Later in the session Coun. YANCEY moved reconsideration of the foregoing action; reconsideration prevailed.

On motion of Coun. YANCEY, the matter was referred to the Committee on Post Audit and Oversight.

ORDINANCE REMOVING CERTAIN PROHIBITIONS REGARDING EXPENDITURE AND INVESTMENT OF PUBLIC FUNDS WITH COMPANIES DOING BUSINESS IN REPUBLIC OF SOUTH AFRICA (DOCKET NO. 1377)

The following was received:

City of Boston
Office of the Mayor

October 21, 1993.

To the City Council.

Dear Councillors:

I transmit herewith for your approval an Ordinance removing certain prohibitions regarding the expenditure and investment of public funds with companies doing business in the Republic of South Africa. If passed, this ordinance will repeal City of Boston Code, Ordinances, Sections 4-3 and 6-3.7.

On October 6, 1993, the Council passed an Ordinance sponsored by Councillor Yancey that called for the reinvestment of municipal and public monies in firms or businesses operating in the Republic of South Africa. As you know, I was compelled to veto that Ordinance since it conflicted with certain existing legislation, including the above-referenced City Code sections. The sole purpose of the present Ordinance is to repeal those conflicting sections, and thereby once again permit the expenditure and investment of public funds with companies doing business in the Republic of South Africa.

Because your Honorable Body has already demonstrated a strong desire to "remove existing municipal sanctions on the Republic of South Africa based on the general amelioration of the civil and human rights

practices" of that country, I hereby urge you to pass this Ordinance as expeditiously as possible.

Sincerely,

Thomas M. Menino,
Acting Mayor.

ORDER FOR PETITION FOR SPECIAL LAW RE PROHIBITIONS REGARDING INVESTMENT OF PUBLIC PENSION FUNDS OF CITY IN FINANCIAL INSTITUTIONS DOING BUSINESS IN REPUBLIC OF SOUTH AFRICA (DOCKET NO. 1378)

The following was received:

City of Boston
Office of the Mayor
October 21, 1993.

To the City Council.

Dear Councillors:

I transmit herewith for your approval a Home Rule Petition which would remove certain prohibitions regarding the investment of public pension funds of the City of Boston in financial institutions doing business in the Republic of South Africa. If passed, this Petition will repeal Chapter 490 of the Acts of 1992.

On October 6, 1993, the Council passed an Ordinance sponsored by Councillor Yancey that called for the reinvestment of municipal and public monies in firms or businesses operating in the Republic of South Africa. As you know, I was compelled to veto that Ordinance since it conflicted with certain existing legislation, including the above-referenced special act. The sole purpose of the present Petition is to repeal that act, and thereby permit the reinvestment of public pension funds of the City of Boston in financial institutions doing business in the Republic of South Africa.

Because your Honorable Body has already demonstrated a strong desire to "remove existing municipal sanctions on the Republic of South Africa based on the general amelioration of the civil and human rights practices" of that country, I hereby urge you to pass this Home Rule Petition as expeditiously as possible.

Respectfully,

Thomas M. Menino,
Acting Mayor.

Boston City Council.

Dear Ladies and Gentlemen:

On a recent visit to Cape Cod, I learnt of the proposed outlet pipe from the Boston area which will dump millions of gallons of partially treated sewage into the ocean near the Stellwagen Bank National Marine Sanctuary.

As a visitor to the National Seashore of Cape Cod, I was very impressed with the care for the environment of this beautiful area and the opportunities taken to educate visitors and residents about this fragile environment.

The Stellwagen Bank is another such area. It provides a home for a multitude of marine life, many species of which are on the U. S. Endangered Species List. For example:

- the Humpback Whale (estimated population 10,000 world-wide); there are about 550 humpback whales in the Gulf of Maine, many of which frequent the Cope Cod waters;
- the Finback Whale (est. 120,000 world-wide);
- the North Atlantic Right Whale. There are **LESS THAN 350 OF THESE WORLD-WIDE**. They come to the Massachusetts area in late winter and early spring and use it as a feeding ground and nursery for mothers with young calves.

I am very concerned about the projected outlet. It would do irreparable damage to the marine environment and many species already in danger. I am neither a biologist nor an environmental activist and am not used to writing what I would term "protest letters". However I, and I am sure tens of thousands of other people who consider it a privilege to have seen the area and some of its wildlife first-hand, say: **PLEASE** do not allow this to happen.

Thank you.

**ORDINANCE RE CONFISCATION AND FOR-

DRUG-RELATED CRIMINALS (DOCKET NO.
1388)**

Coun. YANCEY offered the following:

City of Boston

In the Year Nineteen Hundred and Ninety-three
BOSTON FORFEITURE ORDINANCE

Be it ordained by the City Council of Boston, as follows:

Whereas, Boston is suffering from a high incidence of drug-related crime; and

Whereas, Drug-related violence is a public health, as well as a public safety issue for the City's residents, particularly our youth; and

Whereas, The City of Boston is experiencing severe financial constraints in the face of State budget cuts, particularly in local aid; and

Whereas, Millions of dollars of the money spent on drugs come from communities which are suffering from the most tragic consequences of the drug trade; and

Whereas, The City of Boston cannot afford to finance adequate treatment for the majority of drug-addicted individuals seeking such treatment; and

Whereas, Community support is an essential requirement to effective strategies to combat drug-related crimes; and

Whereas, Rewards for individuals providing information to appropriate authorities may result in the conviction of a person who sells and/or distributes illegal drugs or commits other drug-related crimes, such as murder, assault and robbery; and

Whereas, The United States Drug Abuse Prevention and Control Act of 1970, with amendments, allows the federal government not only to seize drug-related assets, but also provides a "bounty" provision to reward persons giving information to convict a person who kidnaps or kills a federal drug enforcement agent; and

Whereas, The City of Boston, under the "forfeiture of property procedures" of Massachusetts General Laws Chapter 94C, Section 47, is authorized to take possession of any conveyance, money, real estate or other property which has been involved in any illegal manufacture, preparation, transport, distribution or sale of controlled substances; and

Whereas, The Boston Police Department has confiscated property of drug dealers; now therefore be it ordained

Section 1. Legislative Intent

That all assets acquired through the confiscation and forfeiture from drug-related criminals be used by the City of Boston to fight drug abuse, drug-related crime, to provide youth intervention services, to fund drug rehabilitation efforts and neighborhood crime prevention and watch programs within the communities impacted by this activity;

Section 2. Forfeiture of Property

(a) All properties, cash and other assets seized pursuant to Massachusetts General Laws Chapter 94C, Section 47, as amended, including, but not limited to the following, which are seized with the City of Boston:

(1) All controlled substances which have been manufactured, delivered, distributed, dispensed or acquired in violation of Massachusetts General Laws 94C.

(2) All materials, products, and equipment of any kind which are used, or intended for use, in manufacturing, compounding, processing, delivering, dispensing, distributing, importing or exporting any controlled substance in violation of M.G.L. 94C.

(3) All conveyances, including aircraft, vehicles, or vessels, which are used or intended for use, to transport, conceal, or otherwise to facilitate the manufacture, dispensing, or distribution of, or possession with intent to manufacture, dispense, or distribute, a

controlled substance in violation of the provisions of M.G.L. 94C.

(4) All books, records, and research, including formulas, microfilm, tapes and data which are used or intended for use in violation of M.G.L. 94C.

(5) All monies used, or intended for use in the procurement, manufacture, compounding, processing, delivery, or distribution of any controlled substance in violation of M.G.L. 94C; all monies which are the proceeds of any sale of any controlled substance in violation of M.G.L. 94C.

(6) All drug paraphernalia.

(7) No forfeiture under this petition shall extinguish a security interest held by a creditor in a conveyance.

(b) Property subject to forfeiture under subparagraphs (1), (2), (4), (5) and (6) of subsection (2) shall be declared forfeit by any court having jurisdiction over said property or having final jurisdiction over any related criminal proceeding brought under any provision of this petition. Property subject to forfeiture under subparagraph (1) of subsection (a) of this section shall be destroyed, regardless of the final disposition of such related criminal proceeding, if any, unless the court, for good cause shown, orders otherwise.

(c) After the court has ordered the forfeiture of all conveyances subject to the provisions of subparagraph (3) of section (a) of this section, except as follows:

(1) No conveyance used by any person as a common carrier in the transaction of business as a common carrier shall be forfeited unless it shall appear that the owner or other person in charge of such conveyance was a consenting party or privy to a violation of this petition.

(2) No conveyance shall be forfeited by reason of any act or omission established by the owner thereof to have been committed or omitted by any person other than such owner while such conveyance was unlawfully in the possession of a person other than the owner in violation of the criminal laws of the United States, or of the Commonwealth, or of any state.

(3) No conveyance shall be subject to forfeiture unless the owner thereof knew or should have known that such conveyance was used in and for the business of unlawfully manufacturing, dispensing or distributing controlled substances. Proof that the conveyance was used to facilitate the unlawful dispensing, manufacturing, or distribution of, or possession with intent unlawfully to manufacture, dispense or distribute controlled substances on three or more different dates shall be prima facie evidence that the conveyance was used in and for the business of unlawfully manufacturing, dispensing or distributing controlled substances.

An inspection under 105 CMR 410.830 (A)-(N) shall comply with the requirements of 105 CMR 410.822.

(C) If, upon re-inspection, it is determined that the owner has remedied the violations cited in the order to make repairs, the administrative citation shall so note this finding and shall be filed with the Inspectional Services Department. Any subsequent order to make the same repairs shall, for the purposes of this Ordinance, be deemed a new and separate violation of the State Sanitary Code.

(D) Copies of the administrative citation indicating that the violation has been remedied and no fine has been assessed shall be served on the same individuals who received notice of the initial administrative citation. This notice shall be served within five days of the re-inspection.

(E) If, upon re-inspection, it is determined that the owner has failed to remedy the violations cited, this shall be noted on the administrative citation and a fine shall be assessed against the owner in accordance with the terms of Section 6 of this ordinance.

(F) Copies of the administrative citation noting the assessment of a fine for failure to remedy the violations cited shall be served on the same individuals who received notice of the initial administrative citation within five days of the fine being assessed against the owner.

Section 5. Extensions

(A) An owner who has made a good-faith effort to remedy any violations cited in an order to make repairs and an administrative citation may apply to the Inspectional Services Department for an extension of the time set for making repairs by requesting a hearing under the hearing provisions of the State Sanitary Code.

(B) A good-faith effort shall be found to exist only in the following circumstances:

- (1) if the owner provides evidence that the repairs cannot be completed within the required time frame. Such evidence shall be in the form of at least two written estimates from outside profession-

als, one of which the owner has accepted in writing, stating when the repairs will be made; or

(D) No extensions shall be granted in any case where an owner has received a fine for the same or similar violations in the same unit within the twelve-month period immediately preceding issuance of the current administrative citation.

(E) In no event shall the time frame for repairs including any extensions be greater than ninety days from the date of the issuance of the order to make repairs except that permanent owner occupants of any building or structure containing no more than one dwelling unit, or containing no more than two dwelling units, or containing no more than three dwelling units may apply for an additional thirty-day extension under the provisions of this section and provided further that no building or structure shall be considered occupied by the owner thereof unless all legal and beneficial owners occupy one or more of the dwellings therein as their permanent residence.

Section 6. Fines for Failure to Repair

Section 7. Appeals of Fines

(A) An owner who is aggrieved by the issuance of a fine pursuant to this ordinance may appeal pursuant to Massachusetts General Laws, Chapter 40, Section 21D.

(B) The fine shall continue to accrue after the filing of an appeal but the fine shall not be collected until after the determination of the appeal. An appeal shall not stay the owner's obligation to repair any violation cited.

(C) Appeals under this section shall be limited to

review of the decision of the Inspectional Services Department to issue a fine under this ordinance, and shall not include issues otherwise appealable pursuant to 105 CMR ss. 410.850 and 410.860.

(C) To the extent permitted by statute, a property tax lien may be taken by the City of Boston for nonpayment of monies assessed hereunder.

(D) Any person aggrieved by the failure of the City of Boston to take such enforcement action, may seek injunctive relief in the district or superior court pursuant to Massachusetts General Laws, Chapter 214 and 218, s.19C, to require action by the City of Boston in accordance with its enforcement obligations under this section.

Section 9. Revenue Generated

Any revenue generated by the implementation of this ordinance in excess of the cost of administering it shall be deposited in the general fund and shall be allocated as follows, subject to appropriation: 1) fifty percent dedicated to providing financial assistance to owners who, due to financial hardship, are unable to remedy violations cited in an administrative citation; and 2) fifty percent dedicated to repairing dwellings and dwelling units which have so deteriorated as to constitute a public nuisance and which have been removed, by operation of law or a court order, from the control of the owner as a result of the deterioration. Such allocation shall not be limited to the amount of monies provided herein.

Section 10. Regulations

The Department of Inspectional Services shall promulgate regulations consistent with the terms of this ordinance and any applicable state laws and regulations.

City of Boston

In the Year Nineteen Hundred and Ninety-three AN ORDINANCE AMENDING THE BOSTON RENT EQUITY ORDINANCE

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws Chapter 43B, Section 13, and any other applicable law, as follows:

Section 1. City of Boston Code, Ordinances, Chapter 10, Section 2.1 (a) (4) is hereby amended by inserting the following two sentences at the end of the second paragraph therein: Notwithstanding any other provision of this paragraph, with respect to any housing accommodations for which either (i) a Notice of Intent to Sell has been filed pursuant to Section 212 of the Low-Income Housing Preservation and Resident Home Ownership Act of 1990 (Public Law 101-625, codified at USC 1751(1) Note and referred to herein as "LIHPRHA") or (ii) a binding contract of sale has been executed between the owner and a bona fide tenant or community-based nonprofit organization to sell the housing accommodations pursuant to the Emergency Low Income Housing Preservation Act of 1987 (Public Law 100-242, as amended Public Law-100-628, Public Law 101-235, and Public Law 101-625, and referred to herein as "ELIHPA") and which lose their eligibility for exemption from rent control, the Board shall, upon petition by the owner, establish the maximum lawful rent for such housing accommodations as the rent which would be established if such housing accommodations were decontrolled housing accommodations for purposes of this Ordinance, provided however, that such owner must demonstrate in its petition that such owner has complied in good faith with all applicable requirements of LIHPRHA or of the purchase contract entered into pursuant to ELIHPA, as applicable, and provided further that such housing accommodations shall continue to be subject to the operations of subsections 10-2.9 through 10-2.21 of the Ordinance. The provisions of the immediately preceding sentence shall not include projects for which a Notice of Intent to Sell has been filed under Section 604(b) or under Section 613(b)(1) of LIHPRHA.

Section 2. This ordinance shall be effective as of May 8, 1992.

The report was accepted; the ordinance in the new draft was passed.

**ORDINANCE CLARIFYING PROVISIONS OF
CHAPTER TEN OF THE ORDINANCES RE-
GARDING GOVERNMENTALLY-INVOLVED
UNITS (DOCKET NO. 1401)**

Coun. McLAUGHLIN offered the following:
City of Boston

**In the Year Nineteen Hundred and Ninety-three
AN ORDINANCE CLARIFYING PROVISIONS OF
CHAPTER TEN OF THE ORDINANCES RE-
GARDING GOVERNMENTALLY INVOLVED
UNITS**

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws Chapter 43B, Section 13, and any other applicable law, as follows:

Whereas, In 1988, the Council passed an ordinance improving rent, eviction and condominium conversion protections for tenants in governmentally involved housing, and,

Whereas, It was the clear and unequivocal intention of that ordinance that certain governmentally involved housing units revert to controlled housing for the purpose of rent regulation after the basis for exemption ceased to exist, and,

Whereas, It was the clear and unequivocal intention of that ordinance that these units then no longer be considered vacancy decontrolled housing, and that this would apply retroactively, and,

Whereas, It has come to the attention of the Council that the ordinance has not been so interpreted, therefore be it ordained by the City Council of Boston, as follows:

Section 1. The City of Boston Code, Ordinances, Chapter Ten, Section 2.1 (a) (2), as amended, is hereby further amended by inserting after the words "accommodations, provided, however, that", the words: "if the basis for exemption under this program a. ceases to exist, such units shall revert to their prior status as controlled housing for the purpose of rent regulation and that"

Referred to the Committee on Housing.

**ORDER REQUESTING CONGRESS AMEND
REGULATIONS TO ALLOW FOR MORE FA-
VORABLE REFINANCE TERMS FOR HOME-
OWNERS (DOCKET NO. 1402)**

Coun. KELLY, for all the Councillors, offered the following:

Whereas, Numerous property owners in the City of Boston have expressed concern that they cannot obtain refinancing of their homes because of depressed real estate values; and

Whereas, Under existing regulations, many homeowners cannot take advantage of the current low interest rates available because appraisals reflect temporary depressed values; and

Whereas, In almost all instances where refinancing has not occurred it is because homeowners are limited to borrowing up to 90 percent of appraised value, thus requiring homeowners to make up the difference between 90 percent of appraised value and the amount owed on an existing loan, and this difference can be substantial enough to make refinancing unaffordable especially to those who need it most; and

Whereas, Although appraisals on new homes may be necessary to establish a proper loan amount; appraisals for the purpose of establishing value for refinance loans may be unnecessary, since the loan amount sought is the amount currently owed; and

Whereas, Only congress can effectuate the kind of changes needed to assist middle-income homeowners with refinancing; and

Whereas, Because time is of the essence, and a delay in implementing the changes needed adversely affects millions of Americans, therefore be it

Ordered, That the Boston City Council respectfully urges Congress to amend existing regulations to allow homeowners to refinance 100 percent of the amount they owe on their present home, to current interest rates; and be it further

Ordered, That a copy of this Order be mailed by the City Clerk to all members of the Massachusetts Congressional Delegation, as well as to the CEO of all lending institutions doing business in the City of Boston in the hope that middle-income homeowners may receive the relief they justly deserve.

Passed under suspension of the rules.

**ORDINANCE AMENDING CBC, ORDINANCES,
CHAPTER 8-9.3 (DOCKET NO. 1403)**

Coun. BOLLING offered the following:
City of Boston

**In the Year Nineteen Hundred and
AN ORDINANCE AMENDING CBC, ORDINANCES, CHAPTER 8-9.3**

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws Chapter 43B, Section 13, and any other applicable law, as follows:

Chapter 8 Section 9.3a of the City of Boston Code is amended by inserting after #5 the following:

6. Mandate that developers subject to the Boston Residents Jobs Policy require that their contractors and subcontractors sponsor On-the-job training, including entry-level training, for Boston residents;

Chapter 8 Section 9.3b of the City of Boston Code is amended by inserting after #3 the following:

4. To require the covered contractors and subcontractors to provide the required training through employers associations, which can assure training standards and continuity of employment and through partnerships with community based organizations, which can provide outreach and assistance to employer associations.

5. To require training to cover all aspects of the construction industry and should comply with applicable federal and state vocational and industry laws.

6. Required training shall involve Madison Park High School or other Boston Public Schools with vocational programs.

Referred to the Committee on Government Operations.

**URGING "THE BOSTON GLOBE" AND ITS
NEW OWNER, "THE NEW YORK TIMES",
BEGIN TO NEGOTIATE IN GOOD FAITH
WITH BOSTON GLOBE EMPLOYEES ASSO-
CIATION (DOCKET NO. 1404)**

Coun. BOLLING offered the following:

Whereas, *The Boston Globe* is now utilizing a two-tier management system

Whereas, This has lead to an unequal base compensation for the same jobs

Whereas, 70 percent of those affected are women and minorities

Whereas, The two-tier management system has lead to low morale and dissension among employees

Whereas, It is good for *The Boston Globe* and its workers to work in a harmonious and respectful environment.

Whereas, The Council urges the *Globe* and Owners to resume negotiations with the BGEA that this impasse be satisfactorily addressed and resolved for the benefit of both parties.

Whereas, A resolution of this problem would result in the establishment of clear performance measures for employees and tie them to compensation; now therefore be it

Resolved, That Boston City Council urges that the management of *The Boston Globe* and its new owners, *The New York Times*, begin to negotiate in good faith with *The Boston Globe* Employees Association (BGEA) the rights of workers to have fair and equitable wage compensation and should be supported by management.

The resolution was adopted under suspension of the rules.

INAUGURAL ADDRESS OF MAYOR MENINO

January 18, 1994

Ladies and gentlemen; neighbors and friends, citizens of Boston.

You heard me say it a hundred times during the campaign — I'm not a fancy talker.

This is my "Inaugural Address," my first "State of the City" speech. But what I'd really like to do today is tell you a few simple things from the bottom of my heart:

- What this moment means in my own personal life.
- What this moment means for you, the people of Boston.
- What we can do together to get our City ready for a new century.

Tomorrow and next week I will be laying out the specifics of my government reform initiatives to get city government at all levels ready for a new era and a new century.

But, today, if you permit me, I would like to speak more personally. That an honor it is for me to be our Mayor. And what a happy man makes me. But there was a moment just a couple of weeks ago when I was even happier. It was at Sacred Heart Church in Roslindale, on New Year's Eve, when I walked my daughter Susan down the aisle, as the father of the bride. I would have to be a fancier talker than I am to tell you what that moment meant to Angela and me. How lucky we felt because of our children, Susan and Tommy, and now because of our new son, Bill. How grateful for our life together as husband and wife, going back to the first dates we had at the old drive-in in West Roxbury. You parents know what I'm talking about, when I stood with Angela, watching Susan and Bill exchange their vows, I thought, this is why I'm the Mayor, to make sure happiness like this is possible for everyone who lives in Boston.

I want the City of Boston to be for everyone what Hyde Park has been for me — whether you live in the three-decker where you grew up —

or whether you only recently arrived in Boston from Haiti or Cambodia, Ireland or El Salvador — whether you settled in Boston after coming here for college — or whether you are somebody who has felt left out of politics and government, and are tempted to give up on the City — whether you are a young person thinking about dropping out of school — or whether you are a business owner — or a worker who has been laid off — whoever you are, this is the promise I make to you today:

I dedicate my time as Mayor of Boston to making this city work as well for you as it worked for me and my family.

The story of my family is a good example of what makes Boston great. If there was one thing that made me a little sad at Susan's wedding — and a little sad today — it's that my mother and father couldn't be with us.

My mother's name was Susan. She was born in Hyde Park, the daughter of a woman who arrived in this country speaking no English. My mother grew up in Hyde Park, where she felt welcome and safe, and where she was encouraged to make others feel the same way. My mother was like the Mother Teresa of Hyde Park, helping new immi-

grants in our neighborhood to find places to live, new clothes, a job, and new friends. She did it for Italians, but also for the Irish and the Greeks and other Europeans who settled here after the war.

My father Carl was working at the Westinghouse plant in Hyde Park, the same place I got my first job.

I know from my own childhood what a beautiful life people can have in the neighborhoods of Boston. And if you are somebody who is thinking of giving up on your neighborhood and moving out, I want you to know that what you decide matters to me personally.

My daughter Susan and her new husband Bill just settled in Dorchester, and so it's to them as well as to you that I make this solemn promise — I dedicate my time as Mayor of Boston to giving you reasons to stay here — to supporting your ability to own a house and have a job that enables you to raise a family in comfort, with a good education for your children, and opportunity for your grown children to build a life here also.

One of the things that made me feel safe as a kid was a tall Irish cop called "The Deacon." He walked the beat on Hyde Park Avenue, and most every night, he would stop by our house to greet my mother and father, my brother and sister and me.

"The Deacon" made me feel safe — but more than that — he made me feel connected to the larger City. He made me feel that the government of the City was my friend. And that is one of the reasons that I am so proud of my son Tommy, who is a Boston Police Cadet. I'm proud not only that he will help en-

force the law — but that he can be a symbol of welcome and of security to your children, like “The Deacon” was to me. I know from my own life how important to a City the feeling of safety is.

I promise to dedicate my time as Mayor of Boston not only to making you feel safe again, but to making your children feel safe!

Louis Brown was the young man who was killed on Geneva Avenue not long before Christmas. I got to know his family — I know what a super kid he was. Boston owes it to Louis — and to his parents — and to his sister, and to his brother — to stop the murder of our children! More than that! Boston owes it to every child who leaves a house in the morning — who arrives at the door of a Boston school — who comes home on a bus or on the T or on the sidewalks — to make that child feel safe, from morning to night. To make that child know that this City — every one of us — cares about that child!

My symbol of that feeling was “The Deacon”, but that big Irish cop was more than a symbol.

That is why — here and now — I promise that the next 75 police officers that come onto the force, will be assigned to free up 75 new slots in community policing. That means cops on the beat, on foot, in your neighborhood.

This is just the first of many major initiatives I will take to make the neighborhoods and — especially — the children of this City feel safe again.

In memory of my mother who welcomed newcomers, and of her mother who was a newcomer, I want to say something to you new residents of Boston, whether you come from Asia, or Europe, or Latin America or the Caribbean.

I know that twenty percent of the people who live here today were born outside the United States. Many of you have come here recently. I know that many of you made large sacrifices to come here, and that many of you are literally heroes to have made it. You

came to Boston for the same reasons that my grandparents did — because you love the idea of America — because you want a decent life for yourself — and a better life for your children.

I want you to know that the Mayor of Boston knows who you are, and what it's like. This city became great because in every generation, immigrants made it new. You are doing that today. The 21st century belongs to you, and to your children.

We need you. And we welcome you. And I am your Mayor!

As a sign of my commitment to you new residents of Boston, here and now, I promise two things:

First — We will work with President Clinton for the inclusion of all people in National Health Care Reform. But, no matter what happens at the national level, in Boston no one, whether a long-time resident or an undocumented newcomer, will be denied health care. And no one will ever be turned away from Boston City Hospital.

Second — If you have arrived in Boston, like my grandmother, speaking no English, I will make sure you get the help you need to learn the language. Here and now I tell you, I will institute a full range of English-As-A-Second-Language programs on the Municipal Television Channel, so that newcomers can begin to feel that Boston welcomes them as it did my grandparents.

A little more than a century ago, Boston elected its first Irish-American mayor. His name was Hugh O'Brien. That was a great day for this city, as the old exclusions gave way to a new, bold era that not only changed this City but changed the whole nation. The Irish tradition in Boston politics is one of America's truly wonderful stories. It is a tradition of which every Bostonian can be proud. We have to think no further than of our own beloved “Tip” O'Neill to know that.

And also, speaking personally, I want to pay tribute here to Ray Flynn, my predecessor and my friend. I would also like to acknowledge Kevin White and John Collins — three great Irish-American politicians.

But this is a new day. I am the first Italian-American to hold this office and am I proud of that! If, a hundred years from now, they look back at my election — I hope what they see is the beginning of a century of inclusive politics. Through my whole career, I have tried to be an open door to people left out of the mainstream. As Mayor, I intend to continue that!

To those of you who have felt excluded from government — I say a new day is here. I am your Mayor!

This election was noteworthy because an Italian-American was elected Mayor, but it was noteworthy, unfortunately, for another reason. For the first time since John O'Bryant was elected to the Boston School Committee in 1977, no African-American holds a City-wide elected position.

To Boston's African-American community I want to say, I regret that as much as you do. And because of it, I promise during my time as Mayor, to be especially responsive to your concerns.

Here and now, I promise, as I fill my administration, it will reflect all the people of Boston. Appointed city officials will be the best men and women I can find, no matter where I have to go to recruit them. But they will be a di-

verse group, so that everyone in this city will feel represented in City Hall.

To those of you who have felt that city government is distant, I promise — here and now, to convene my cabinet at least once a month, in a different neighborhood. We will meet everywhere. I will preside. I want you to attend. You will have guaranteed access to me — and to my entire Administration.

As a man who knows what it is to be on the outside, ignored by the powers that be, I want to say a particular word today to a group of people who all too often have been misunderstood and shunted aside. I want to say a word to those of you with AIDS or HIV. I promise to dedicate my time as Mayor to combating this disease with everything in my power. If you are infected, I will make sure you get the health care you need. And I accept as a major responsibility the prevention of the spread of AIDS. I will work with the schools, health centers, AIDS advocacy groups, and hospitals, especially to reach the young. There should be no argument over whether our young people can get the full range of necessary health care services in their schools. I will personally see to it that they do.

And speaking of young people, I want to say a special word to you. A word about education. I don't need anybody to tell me how important education is, because by the time I completed mine, I knew what it was worth. So, yes, bringing new energy to the Boston Public Schools is at the very top of my agenda. A city cannot survive if it does not educate its young. And so I promise to dedicate my time as Mayor to making our schools great again!

I was a freshman in college at U-Mass.-Boston the same year that my daughter was a freshman at U-Mass.-Amherst. I graduated only a couple of years ago. I struggled for my education, mostly with myself. My dad went to night school at Northeastern, and he always wanted me to go to college, but when I was young, I didn't get it. I get it now.

As Mayor, I want to say two things to young people.

If, after high school, you decide to go directly into the job market, that's what

I did. I will support you in that decision. I will dedicate my time as Mayor to building an economy in which you can find that job. I will work to have training and apprenticeship programs to help you build the life you want for yourself and your family.

But, second, if you want to go to college, I want to help you. The truth is, that in the new economy, a college education is more important than ever. Because this is so close to my own heart, as a guy who was pushing fifty before he finished school, I want to make a promise to you kids who are freshmen in high school this year.

Listen carefully . . . here it is —

If you graduate from a Boston Public High School with a "B" average, and if you get accepted to a Boston area college or university, I promise — here and now — to make sure you can attend — no matter what your financial situation.

If you need it, I will help you with public funds if they are available. I will be your advocate with the colleges, the lenders and the Boston business community. I will be your friend. I will make it happen. I promise.

I just referred to jobs. Of course, reviving the economy of Boston is the most important thing I have to do. I said earlier that my father worked at the Westinghouse plant in Hyde Park. He worked there thirty-five years, until retirement. He didn't have to worry about getting laid off. But that Westinghouse plant is gone, and so is that freedom from fear.

Between 1988 and 1992, we lost a total of 75,000 jobs. Every one of those jobs lost is a bomb blowing up under a family like mine.

I know the people who lost those jobs. Some of you are on welfare and some of you are homeless. I am your Mayor!

I know how important it is to get those jobs back. Business people are wondering if Boston is worth the investment, and I want to say, here and now, that it is.

I promise to dedicate my time as Mayor to knocking down the hurdles to doing business in this City. Whether it's biotechnology, or telecommunications,

or the new ventures spawned by the thinkers at our great universities.

Boston means business!

I promise that the climate will change, that the process of working with the City will be predictable, that licensing agencies and review boards will not be enemies of enterprise, but the sponsors of it! I promise that the permitting and planning process of City Government will be streamlined. Believe it or not, it typically takes up to two years to get the necessary City approvals for major new ventures. Here and now, I promise to cut that time in half — beginning today. I say to the gatekeepers of the development process — open up the gates!

But the health of our economy is not a matter of high-tech, manufacturing, and financial services. It is also the Mom and Pop groceries, the small storefronts, the shoe repair shops, and the tiny family businesses. For example, Boston needs the kinds of businesses that lined Blue Hill Avenue when I was a kid.

Blue Hill Avenue should be as vibrant in the year 2000 as it was in 1940, and I promise to make it happen.

Here and now, I promise that every vacant lot and burned out building that the City owns today on Blue Hill Avenue will be turned over to community developers by this time next year.

I promise that at least fifty percent of the vacant storefronts lining Blue Hill Avenue today, from Dudley to Grove Hall, will be filled with new businesses by this time two years from now.

I will be their advocate and I will be their friend!

I am announcing today the comeback of Blue Hill Avenue!

You didn't elect me Mayor because I'm a fancy talker. You elected me Mayor because you know I care about Boston, and I want to make it work for you.

I am here because of my mother, and her mother. Because of my father and his father. Because of my children and my wife Angela. I depend on them, and love them, and thank them. But also, now, I am here because of you. You, the people of this great city, have made me your Mayor.

(Continued on next page)

INAUGURAL ADDRESS . . .

(Continued from previous page)

If I were a fancy talker, maybe I could express how moved I am, and honored, by the trust you have put in me.

For sure — I can say this — I will do my best to be a good Mayor — for all of you — wherever you live, wherever you come from, and whoever you hope to be.

Our job is to get ready for a new century. The new century begins today.

God bless the City of Boston. God bless you. And thank you.

STATEMENT OF MAYOR THOMAS M. MENINO, BOSTON CHAMBER OF COMMERCE, JANUARY 19, 1994

Today, The City of Boston is challenged to make significant progress in the areas of education, public safety, neighborhood stability, economic growth, and government reorganization. Unlike the past, we can not address any one of these issues without also addressing the others. Success in any one of these areas depends on our success in all of them.

It is clear to me that if we are to succeed in the host of areas where we are challenged, then our first priority is to outfit government for the task.

Over the past several months, talented people from all walks of life — corporate leaders, neighborhood activists, educators, government leaders, and neighborhood residents — have been reviewing city government from top to bottom. They have reviewed everything from the management structure to cost and efficiency to the services that government provides.

What they have found is that throughout city government, there is an appalling lack of communication and coordinated effort. As a result:

- services are provided unevenly;
- there is enormous duplication and overlap;
- turf battles are common;
- costs are higher than necessary;
- and there are few clear lines of accountability.

Rather than departments and agencies working together to deliver services properly, it seems that the primary concern of each department is the department itself.

I intend to restructure government so that its focus is where it belongs — on the services we provide and the functions we serve.

I am creating a strong form of cabinet government — with each cabinet position representing the primary functions of city government. My cabinet will consist of the following officers:

- The Chief Operating Officer;
- The Chief Financial Officer;
- The Director of Education and Training;
- The Chief of Basic City Services;
- The Head of Public Safety;
- The Chief of Health and Human Services; and
- Finally, my Chief of Staff.

This strong, new cabinet form of government will allow us to introduce into the public sector the modern, management practices now employed by virtually every successful business in Boston. In addition, by structuring the government around its many functions, we will realize a number of benefits.

- It will allow us to consolidate departments;
- It will improve communications and coordination;
- It will save money; and finally
- It will increase responsiveness and accountability.

As part of our effort to place greater emphasis on the functions that government serves, the City of Boston will be divided into service areas. Each cabinet officer will be responsible for ensuring that every neighborhood in Boston receives its fair share of city services.

This structure establishes a clear line of responsibility, forces cabinet officers to communicate and coordinate with each other, and — most important of all — reduces the City's departments to the functions they serve.

My intent in all of this is simple — to deliver quality, efficient, affordable services to the neighborhoods of Boston. And if we find that this new structure doesn't work the way that we

want it to, we will explore other possibilities until I am satisfied that the people of Boston are getting the services that their tax dollars pay for.

There is one cabinet position that I have not yet mentioned — the Chief Economic Development Officer. This position is unique, because of all the areas where government has traditionally recognized its inherent interests, economic growth and development has been the most neglected.

For years, city government has acted as an opponent of business rather than an ally. City government has acted as a gatekeeper to slow business down, rather than a responsible partner to find ways to help business grow. *No more.*

I will appoint a Chief Economic Development Officer — or C.E.D.O. — who will be an advocate for business and an advocate for Boston. All of the city's economic planning and development functions will be placed under the C.E.D.O.'s jurisdiction, and the C.E.D.O. will use that authority to make Boston the best city in America to do business in.

The C.E.D.O. will oversee a council of economic advisors. The council will act as an advisory board to the Mayor, and it will be composed of representatives from business, labor and community organizations.

With a chief economic officer and a council of economic advisors in place, we will end the confusion and lack of coordination that now surrounds the planning and development process in Boston. The office of the chief of economic development will be designed to reflect its four main functions — planning, development, marketing, and housing.

First, we will re-establish the Boston Redevelopment Authority's role as the city's chief economic planning agency. Over the years, the B.R.A. has become bogged down in side-issues and its primary focus has been lost.

In terms of its development functions, the office of the Chief of Economic Development will have two separate areas of responsibility: economic development in the downtown

town, and economic development in the neighborhoods.

In the downtown, we will push forward with economic projects like Fan Pier and Waterfront development. In the neighborhoods, we will push forward with our Main Streets Program and the revitalization of Blue Hill Avenue.

And where there is potential for common ground between downtown and neighborhood business — like the “Buy Boston Program” — the development office will be there.

Another reason that downtown and neighborhood development are separate is simple — downtown and neighborhood interests do not always agree. Just as businesses deserve a process that is fair and predictable, so too do neighborhood residents deserve a process that is responsible to their needs and concerns.

The third main function of our economic development office is to consolidate and coordinate all of the city's housing programs. From building new homes to constructing whole new developments to refurbishing existing housing stock — housing is big business.

But like everything else it seems, no one has ever thought to coordinate all of the agencies that deal in housing — the B.R.A., E.D.I.C., P.F.D. — even the Parks and Recreation Department's Open Space Program — and consolidate those functions. This we will accomplish as well.

The fourth and final function of the economic development office is to market Boston aggressively. For too long, Boston has stood by while other cities and states lured our jobs and business away. We've missed valuable opportunities even when businesses have expressed interest in Boston.

There is absolutely no excuse for this. As *Fortune Magazine* pointed out in 1993, Boston is a great place to do business. In 1994, I intend to make Boston the very best place to do business.

So the person who serves as Chief Economic Development Officer must do more than manage the Boston econ-

omy — that person has to be a salesperson for Boston. That person has to let the rest of the country know why Boston is a great place to do business:

- We produce one of the best educated workforces in the entire country;
- Our economy is diverse — from health care and medical research to financial services and hi-tech; and
- Boston city government supports business by investing heavily in its infrastructure.

But even with these impressive assets, we must begin formulating short and long range plans to deal with the new economic realities of the Boston economy.

For example, National Health Care Reform will undeniably change the face of the Boston economy. In fact, unless we position ourselves as a leader in Health Care Reform and as a health care center for “Post-Reform” America, one of the great pillars of the Boston economy could literally be dismantled.

So in the weeks and months to come, we in Boston will continue to plan and coordinate with our teaching hospitals, medical research facilities, and government leaders to maintain Boston's leadership position.

But even this will not be enough. We need to do two things. First, tear down the barriers to economic growth; and second, lay the foundation for new jobs and economic growth.

As I mentioned in my Inaugural Address yesterday, one of the first barriers we will tear down is our costly and burdensome planning process. It typically takes up to two years to get the necessary city approvals to start a major business venture. We will cut that process time in half, and we will create a planning process that is predictable, streamlined, and efficient.

In order to lay the foundation for new jobs and economic growth, we will move forward aggressively on a number of economic fronts — all of which are aimed at maximizing Boston's economic potential.

- First, we will continue to work to attract new business to Boston in em-

erging industries like hi-tech and biotech.

- We will move forward with plans to develop Boston's seaport district. Like Baltimore's Inner Harbor, our seaport district should be designed for a variety of uses — from commercial to recreational — for residents and visitors alike.

- We will work to revitalize the downtown and other business districts. For example, thanks to public-private partnerships we have developed, we are bringing new life to Tremont Street, and to the Lafayette Mall nearby. These two projects will have a ripple effect that will extend to the mid-town cultural district, and will even help end the blight and illicit activity of the Combat Zone.

We will move forward to maximize jobs growth in the neighborhoods as well.

- Later today, I will be introducing the members of a Steering Committee I have assembled to help get Boston designated as an Economic Empowerment Zone.

- As I mentioned yesterday, we will move to restore the economic vitality of Blue Hill Avenue.

- Finally, I intend to institute our highly successful “Main Streets” Program in neighborhood business districts all across Boston.

Clearly, the Chief of Economic Development must be a person of great intellect, skill, and vision. Today, I am happy to announce that I have found such a person.

It is my pleasure today, to announce the new Chief of Economic Development for the City of Boston — Marisa Lago. Marisa comes to Boston from New York City where she served as the General Counsel for the New York City Economic Development Corporation. Marisa Lago has a record of success in many of the areas that we have decided to make economic priorities for Boston.

Marisa Lago was involved in formulating and implementing such economic initiatives as:

- The creation of a Bio-Technology Venture Fund;
- (Continued on next page)

STATEMENT . . .

- A Cultural Infrastructure Task Force;
- And a Neighborhood Retail Business Program.

In addition, Marisa Lago is no stranger to Boston. She was a junior partner at Nutter, McClennen and Fish, and has served on a number of civic committees, including the Massachusetts Housing Partnership and the Greater Boston Metropolitan Area Planning Council.

Today, it is my pleasure to welcome Marisa Lago back as Boston's new Chief of Economic Development.

MAYOR MENINO OUTLINES GOVERNMENT RESTRUCTURING PLAN TO CHAMBER

Appoints Marisa Lago as Chief Economic Development Officer

Boston Mayor Thomas M. Menino, on January 19, outlined to the Greater Boston Chamber of Commerce his plans for restructuring city government to make it more "customer friendly", efficient and cost-effective. The Mayor also announced that he is appointing Marisa Lago, General Counsel for the New York City Economic Development Corporation, as the city's Chief Economic Development Officer.

In laying out his plans for a more accountable city government, Mayor Menino said "I intend to restructure government so that its focus is where it belongs — on the services we provide and the functions we serve". His plans for restructuring include:

- The establishment of a strong "cabinet" form of government, consisting of a Chief Operating Officer; Chief Financial Officer; Director of Education and Training; Chief of Basic City Services; Head of Public Safety; Chief of Human Services; Chief of Staff; and Chief Economic Development Officer, and;
- The division of the City into service regions. Cabinet officers will be responsible for regions and for ensuring that their areas receive their fair share of city services.

Menino explained, "This structure establishes a clear line of responsibility, forces cabinet officers to communicate and coordinate with each other, and — most important of all — reduces the city's departments to the functions they serve. My intent in all of this is simple — to deliver quality, efficient services to the neighborhoods of Boston."

The Mayor also introduced his new Chief Economic Development Officer, Marisa Lago, to the Chamber, saying, "This position is unique, because of all the areas where government has traditionally recognized its inherent interests, economic growth and development has been the most neglected."

Menino said that, "Marisa Lago has a record of success in many of the areas that we have decided to make economic priorities for Boston. (She) was involved in formulating and implementing such economic ventures (in New York) as:

- The creation of a bio-technology venture fund;
- A cultural infrastructure task force, and;
- A neighborhood retail business program".

The Mayor also reiterated his economic priorities, from Tremont Street and the Waterfront to the implementation of a "Main Streets" neighborhood business district program. He also noted that later this afternoon, he would be announcing the formation of an Empowerment Zone Task Force to develop the city's submission to the federal government for this inner-city revitalization initiative.

"The Magic of Youth, Phase III: From the Lips of Our Leaders — Feeding the Mind," a mixed-media exhibit prepared by Boston's Aristo Club, will be on display during the month of February at the Dudley Branch of the Boston Public Library, 65 Warren Street in Roxbury.

This marks the third consecutive year that the Aristo Club has presented a "Magic of Youth" exhibition at the Dudley Branch Library during Black History Month. Previous exhibits were entitled "Understanding the Past, Achieving Now, and Preparing for the Future" and "Voices of the Children — Empowerment through Education."

The public is invited to meet with members of the Aristo Club at a reception cosponsored by the Friends of the Dudley Branch Library on Saturday afternoon, February 5, from 1 to 3 p.m.

The exhibit and reception are free and open to the public. For more information please call the Dudley Branch Library at 442-6186.

HISTORIAN ROBERT HAYDEN IN "BLACK BIOGRAPHY" LECTURE AT HYDE PARK BRANCH LIBRARY

Historian Robert C. Hayden, author of *African-Americans in Boston: More Than 350 Years*, will present an illustrated lecture, "Black Biography — Three Bostonians in Medicine, Music, and Library Service," at the Hyde Park Branch of the Boston Public Library, 35 Harvard Avenue, on Thursday morning, February 3, at 10:30 a.m.

The book, now in its second printing, was published by the Boston Public Library Press in 1992. It represents more than 20 years of scholarship and searching by Hayden into the city's past, reaching back to 1638 and continuing to the present, highlighting Boston African-Americans' most significant achievements in 12 key areas, including: community development, civil rights, education, the arts, business and industry, government and politics, law and journalism.

The stories portrayed by Hayden were uncovered from old books, magazines, and journals; hidden in old photographs and newspapers; and locked in the memories of Boston's older residents. They demonstrate clearly that African-Americans have been a vital force in changing, shaping, and developing the community of Boston throughout history.

Mr. Hayden is the author of several previous works including: *Seven Black American Scientists*, *Nine Black American Doctors* (with Jacqueline Harris), *Singing for All People: Roland Hayes and Faith, Culture and Leadership: History of the Black Church in Boston*.

He is a member of the National Executive Committee of the Association for the Study of Afro-American Life and History, as well as a lecturer at Northeastern University and Boston College and a member of the adjunct faculties of Bentley College and Curry College.

The program is part of the Boston Public Library's 31st annual celebration of Black History month and is free and open to the public. For more information please call the Hyde Park Branch Library at 361-2524.

IV. COMMENDATION

The Fire Commissioner is pleased to commend Fire Fighter John E. Gordon of the Fire Prevention Division, who, while off duty and at home at 0530 hours on December 29, 1993, responded to cries for assistance from an adjacent family who were experiencing health problems as a result of a faulty heater. He proceeded to shut down the unit and ventilate the property. This commendation shall be made part of Fire Fighter Gordon's personnel folder.

V. HIGH COMMENDATION

On October 12, 1993, at 1115 hours, incident #36910, Box 241 was struck for a building fire at 392 Centre Street, District 9. Smoke was showing from the second floor of a three-story wood framed building upon the arrival of Engine Company 28, Ladder Company 10 and District 9.

Engine Company 28 ran an attack line to the second floor where they encountered fire coming from the living room through the open entry door and a heavy smoke condition throughout the landing and upper stairway.

Fire Captain James Welsh, Personnel Division, detailed to Ladder Company 10, was notified of persons possibly trapped above the fire. Captain Welsh and Fire Fighter Reynold Maughn of Ladder Company 10 passed the fire and making their way in zero visibility to the third floor, located an unconscious man and woman at the top of the stairs. Fire Fighter (Aide to District Chief) Paul J. Zepf, Engine Company 28, made his way past Engine Company 28 to the third floor where one of the victims was passed to him. He carried the man down to the street for first aid by other fire fighters. Fire Fighter Zepf immediately reentered the building and assisted Fire Fighter Maughn in carrying the second victim to the street. Fire Captain Welsh, upon completing a search of the third floor, returned to the street and assisted Fire Fighters Maughn and Zepf in successfully resuscitating the two unconscious victims.

Because they performed these life saving rescues at great personal risk, under adverse heat and smoke conditions, before lines of hose were charged or ventilation started, and initially without proper protection while applying CPR, the Fire Commissioner is pleased to highly commend Fire Captain James Welsh, Personnel Division, detailed to Ladder Company 10, Fire Fighter Reynold Maughn, Ladder Company 10 and Fire Fighter (Aide to District Chief) Paul J. Zepf, Engine Company 28, and refers their cases to the Board of Merit for further consideration.

CITY OF BOSTON**Proceedings of City Council****INAUGURAL EXERCISES**

Office of the Mayor
Boston City Hall

November 16, 1993.

The ceremony attending the inauguration of Mayor-elect Thomas M. Menino of the City of Boston was held in the Office of the Mayor, Boston City Hall, at 11 a.m.

City Clerk McDonough read a communication from the Board of Election Commissioners certifying the election of Thomas M. Menino, 102 Chesterfield Street, Hyde Park, as Mayor.

The oath of office was administered to Mayor-elect Thomas M. Menino by the Honorable Paul J. Liacos, Chief Justice of the Supreme Judicial Court of Massachusetts.

**INAUGURAL REMARKS OF
MAYOR THOMAS M. MENINO**

This is a proud day for me. It's also a proud day for the City of Boston. For I am a product of this city. Eighty years ago, my grandfather came to Hyde Park as a laborer. I know that my parents and grandparents would be very proud if they could see me here today.

In two generations, this city provided me and my family with everything we needed to succeed — safe streets — healthy neighborhoods — clean playgrounds — good jobs.

My dream is of a Boston that will care for today's children so that they can succeed as well. Some people say that cities can no longer do that — that our cities are dying and there's not much we can do about it. They are wrong!

I believe that if government does its part, our citizens will do theirs — and Boston will thrive. We need a government that will serve our people well and challenge all of us to work to restore a sense of community and shared responsibility to Boston.

At the end of my time in office, judge me by these goals — schools where children can learn, streets that are safe, neighborhoods that are clean, and improved city services. It is my hope that all Bostonians — present and future — can be proud to live in our great city.

In the weeks and the years to come, I ask for your support and your prayers. Thank you.

The inaugural exercises were concluded at 11:27 a.m.

DISAPPROVING ORDINANCE PROVIDING FOR ADMINISTRATIVE CITATIONS FOR VIOLATIONS OF STATE SANITARY CODE (DOCKET NO. 1355)

The following was received:

City of Boston
Office of the Mayor

November 15, 1993.

To the City Council.
Re: Docket No. 1355
Dear Councillors:

I return herewith without my signature and disapproved an ordinance passed by your Honorable Body on October 27, 1993, Docket No. 1355, providing for administrative citations for violations of the state sanitary code.

Although I initiated this proposed measure as an improvement over the previous version passed by the Council, there have been recent changes in the state laws which serve as the foundation for this proposal. Therefore, I believe that this veto is absolutely essential.

The Governor has signed c. 182 of the Acts of 1993, which completely altered c.40, s.21D and repealed M.G.L. c.90G. This change in state law would create certain unintended results were the proposed ordinance now to take effect. For example, I am advised that the ordinance mandates that a case be closed upon payment of a fine regardless of whether the violation was actually corrected; it would also prohibit further criminal action against the offender.

The foregoing considerations require my veto of the proposed ordinance while we examine how best to proceed. I remain greatly concerned that state sanitary code violations are causing our residents to live in unsafe conditions. I am therefore instructing my Transition Committee to conduct a thorough review of all of the city's various code enforcement operations and recommend a comprehensive code enforcement proposal in the form of a home rule petition that will include the following components:

- A ticketing process which includes the sanitary, building, zoning and health codes.
- An adjudication process for hearing appeals conducted by the City of Boston.
- Ensures that payment of the ticket does not relieve the individual of the responsibility of correcting the violation cited in the ticket.
- The amount of the fine will increase depending on how long it takes to pay.
- Tickets that remain unpaid will be converted to liens on the property and rolled into the tax bill.
- State law would be amended to provide for all of the above and to allow jail sentences for certain violators.

I believe that only through a home rule petition can we achieve the goal of resolving the major barriers to effective code enforcement within the City of Boston and improving the living conditions of our residents. I intend to make passage of such a home rule petition a top priority of my administration.

Sincerely,

Thomas M. Menino,
Acting Mayor.

(Annexed hereto is the ordinance referred to.)
Assigned for further action.

ORDER TO ACCEPT PROVISIONS OF SECTION 110 OF CHAPTER 110 OF ACTS OF 1993 (DOCKET NO. 1444)

The following was received:

City of Boston
Office of the Mayor

November 15, 1993.

To the City Council.
Dear Councillors:

I transmit herewith for your approval an order which would provide for the acceptance of G.L.

c.59, s.5, cl.22, as amended by St. 1993, c.110, s.110 which would allow the City of Boston to grant "clause 22" real estate tax exemptions to certain veterans who have lived in the state for one year preceding application for exemption. Present law requires five years of residency prior to application for the exemption.

I am advised that a review of the Assessing Department's records indicates that based on the past two years' applications for veterans exemptions, the additional cost of this provision would be approximately \$3,000 per year.

Given the minimal cost of this provision and the limited number of veterans to which it would be applicable, I urge your Honorable Body to adopt the measure at its earliest possible convenience.

Sincerely,

Thomas M. Menino,
Mayor of Boston.

Ordered, That the City of Boston accept the provisions of Section 110 of Chapter 110 of the Acts of 1993.

Referred to the Committee on Ways and Means.

BE APPROVED FOR FY94 (DOCKET NO.
1460)**

Coun. O'NEIL offered the following:

Whereas, The residents of Boston were in the forefront of the successful effort to amend our state Constitution to allow for the purpose of taxation; and

Whereas, Since adoption of the Constitutional Amendment, this Council has established a policy of utilizing classification to tax residential properties at the lowest level permitted by statute; and

Whereas, This policy, and the Council's annual action to declare a residential exemption in the greatest amount permitted by the General Laws has resulted in substantial protection — and substantial savings — for both homeowners and tenants from the effects of revaluation; and

Whereas, Action in this regard for Fiscal Year 1994 must be taken prior to certification of the tax rate by the Department of Revenue, therefore be it

Ordered, That pursuant to General Laws, Chapter 40, Section 56, the residential factor in the City of Boston for the Fiscal Year 1994 shall be the minimum residential factor as determined by the Commissioner of Revenue pursuant to Mass. General Laws, c.58, s.1A, and, be it further

ING TO DETERMINE WHETHER IT IS IN
BEST INTEREST OF BOSTON RESIDENTS
TO ADOPT STATE LAW RE WATER AND
SEWER RATES (DOCKET NO. 1472)

Coun. HENNIGAN offered the following:

Whereas, The Water and Sewer rates in the City of Boston continue to escalate; and

Whereas, For the first time, many Massachusetts homeowners will be able to deduct a portion of their water and sewer bill because of a new State law passed as part of the budget this summer; and

Whereas, A provision of the State law allows the City Council to vote to move a portion of the amount due on water and sewer bills to the property tax bill; and

Whereas, Allowing a portion of water and sewer costs to be added to the property tax bill will afford many people increased tax deductions; now therefore be it

Ordered, That the appropriate Committee of the City Council hold a hearing to determine the applicable provisions of the State law, and to determine whether it is in the best interests of City of Boston residents to adopt the State law.

Referred to the Committee on Ways and Means.

BOSTON IS READY TO COMPETE IN FEDERAL EMPOWERMENT ZONE PROGRAM

Statement of Mayor Thomas M. Menino, January 19, 1994.

Mayor Menino and members of the Empowerment Zone Task Force announce their plans to compete for federal funding of Boston's Empowerment Zone Program.

This afternoon's meeting brings together some of the brightest and most committed people in Boston. This team of political, business and community leaders has come together to empower Boston under a new federal initiative — the Empowerment Zones/Enterprise Communities Program.

Legislation proposed by President Clinton and passed by Congress has made \$3.5 billion in tax incentives and block grant funds available to distressed urban and rural areas in the United States. The U.S. Department of Housing and Urban Development decides which areas will be designated as Empowerment Zones based on a review of proposals which outline each area's plan for coordinated development of the proposed area.

Only six urban areas in the country will be chosen to participate. I strongly believe Boston should be among them. I know we can produce a winning application that will clearly demonstrate this city's ability to reverse poverty and disinvestment.

We would like to send a loud and clear message to Washington — you can win in Boston. This city has the talent, the tools, the foundation and

the momentum to support the important Empowerment Zone Program.

Boston could potentially receive \$47 million a year over two years if chosen to participate in this pro-

gram. The "Empowerment Zone" package includes: tax incentives, tax exempt bond financing, tax credits to CDCs, incentives for investment in small business investment corporations, and funding for social service programs.

This city has the strongest network of community development and hu-

M/WBE TRADE FAIR

The City of Boston Minority and Women Business Enterprise Office is sponsoring its 1994 M/WBE Trade Fair, to be held on Thursday, February 10, 1994, from 10:00 a.m. to 2:00 p.m. The Fair will be held on the 3rd Floor Mezzanine of City Hall.

The M/WBE Trade Fair has a two-fold purpose. The first is to share contracting and technical and financial assistance information with our M/WBEs, in the hope of further diversifying our pool of contractors and subcontractors. The second is to provide M/WBE vendors with first-hand information regarding bidding, payment, and resolution of issues with city departments.

In addition to major city departments, we also expect the following Federal agencies to attend: the Small Business Administration, the Coast Guard, the General Services Administration, the Department of Defense, the Veterans Administration, and the National Park Service.

If you have further questions, please contact Mr. Dogba Bass at (617) 635-4164, or Rev. Joseph Washington at (617) 635-4084.

BOSTON IS READY . . .

man service agencies of any city in the country. We have the tools, the talent and the network to put together a winning application. The people here today will plan Boston's strategy and present a proposal Washington can't ignore.

If Boston is chosen a winner, these federal funds could potentially be linked to our existing efforts in the areas of infrastructure improvements, job training and economic development. Major projects such as the Central Artery Tunnel Project and the new Boston City Hospital are moving forward. Hundreds of units of affordable housing are being developed and a trailblazing initiative to address the thousands of units of HUD distressed property is in motion. Additional federal funding will enable us to expand these and other important local development initiatives.

In order for Boston to compete, this needs to be an inclusive process. A diverse team of community and business leaders has been assembled here today to launch this effort. I would like to thank all of you for your participation in this worthwhile effort.

MFA SEMESTER COURSE

Looking at Architecture: The World We Live In

Robert Campbell, architecture critic, *The Boston Globe*

Wednesdays, March 16 — May 11, at 1 p.m.

Boston and its surrounding towns and villages are filled with wonderful works of architecture. But buildings are not only potential works of art, they're also the places inside which we live and work. They gather to shape the streets and greens and squares where we act out our public roles as citizens. They embody many hidden messages about our values. In a series of informal, illustrated lectures, Campbell, author of *Cityscapes of Boston*, takes us on a personal stroll through the architecture of Boston and America, from colonial times to the present, searching out themes that give buildings their special meanings.

SUBSCRIPTION: (8 lectures) \$60. Museum Members, students, senior citizens; \$72, general admission. TR charge tickets to VISA or MasterCard. Call 267-9300 x306. Purchase tickets in person at the Remis Auditorium box office 10 a.m.-4:30 p.m. Tues., Sat., Sun.; 10 a.m.-8:30 p.m. Wed.-Fri. For information about ordering tickets by mail, call 267-9300 x300. All events are wheelchair accessible.

She has recently completed a six-month sabbatical researching contemporary art in American museums, including the High Museum of Art, Atlanta; the Seattle Museum of Art; the Art Institute of Chicago; and the Museum of Fine Arts, Boston.

MAYA CITIES: PLACES IN HISTORY

Rosemary A. Joyce, associate professor of anthropology, Harvard University.

Thursdays, March 31; April 7, 14, at 7:30 p.m., in Mabel Louise Riley Seminar Room.

Pre-Hispanic sites in Mexico, Guatemala, Belize, and Honduras offer modern-day visitors the opportunity to understand the experience of daily life, religious and state ceremony, and political events in ancient Maya cities. Here men and women worked as weavers, potters, painters, builders, and farmers, and lived in multi-family households. Here rulers created sacred spaces for religious ritual and caused their histories to be carved in stone. An introduction to the principles behind Maya site planning and the clues that architecture and monuments offer to the ways of life of their makers, this series places the masterpieces of Maya sculpture, painting, and crafts in their historical and cultural context.

*Series: \$27, \$30**

AMERICAN VISION: WORDS AND PICTURES

Bascha Snyder, adjunct lecturer, Department of Education

Tuesdays, March 22, 29; April 5, 12, at 10:30 a.m., in Mabel Louise Riley Seminar Room

This series explores the special relationship between visual and verbal images in American art. At times the relationship is direct — artist, poet, philosopher know each other and respond to the same cultural stimuli. At other times, the relationship reflects, through allusion and analogy, common ideals and modes of seeing and feeling. In some cases, one generation speaks to an earlier one, and we see and understand each more clearly.

*Series: \$35, \$40**

MFA FILMS

Landmark Technicolor Musicals

Series of two programs: \$9, \$10

Friday, March 4, at 5:45 p.m.

Thursday, March 10, at 8 p.m.

The Vagabond King by Ludwig Berger (1930, 100 minutes). Paramount's first "all-color, all-talking" musical co-stars Jeanette MacDonald and Lillian Roth, and Dennis King in a musicalized version of R. H. Russel's *If I Were King* about the medieval French poet Francois Villon. The script is by Herman Mankiewicz, who would later

write *Citizen Kane*. Edward Baron Turk, professor of French and Film Studies at M.I.T., who is currently writing a biography of Jeanette MacDonald, will introduce this newly restored print of a film displaying highly inventive use of color.

Friday, March 4, at 7:45 p.m.

Thursday, March 10, at 5:45 p.m.

Sweethearts by W. S. Van Dyke II (1938, 120 minutes). This romantic musical stars Jeanette MacDonald and Nelson Eddy as a famous acting couple tricked by their producer into staying in New York rather than going to Hollywood. Loosely based on Victor Herbert's famous operetta, MGM's first three-tone technicolor musical also features dialogue by Dorothy Parker.

Asian American International Film Festival

This eight-program series continues through March 18: \$32, \$36 / Double features: \$9, \$10.

Thursday, March 3, at 5:30 p.m.

A program of shorts by Asian-American women, including *SA-I-GU* by Dai Sil Kim-Gibson (1992, 39 minutes), *None of the Above* by Erika Surata Andersen (1993, 22 minutes), and *To Mayu* by Asado Sumii (1992, 8 minutes). *SA-I-GU* (literally "April 29th") investigates, from the perspective of Korean-American women shopkeepers, the turbulent days after the Los Angeles riots. *None of the Above* is a humorous take on what it means to be ethnically unclassifiable. *To Mayu* is a lyrical film about a girl coming to terms with the changes her body experiences as it matures to womanhood.

Thursday, March 3, at 7:45 p.m. *Southern Winds* by Slamet Rahardjo Djarto, Mike de Leon, Cherd Songsri and Shoji Kokami (Indonesia, Philippines, Thailand, and Japan, 1992, 11 minutes) preceded by *The Kiss* by James Yee (1992, 14 minutes). In *Mirage*, by the Indonesian Slamet Rahardjo Djarto, a young girl journey from her isolated village to seek her fortune in Jakarta. *Aliwan Paradise* by Mike de Leon, is a Filipino spoof about

the government establishing a Ministry of Entertainment to keep the masses happy and pacified. In the Thai film *The Tree of Life*, by Cherd Songsri, a middle-aged businessman who is near bankruptcy returns to the village of his childhood. Similarly, in *Tokyo Game*, by Shoji Kokami, a retired salaryman receives (while entranced by a video game) his wish of being able to return to his company as a young recruit. *The Kiss*, written by playwright Philip Kan Wootan, presents a day in the life of the Wilfred Funai, a mousy Everyman who discovers his self-worth in a single, heroic kiss.

Friday, March 11, at 5:30 p.m. *The Lays* by Wang Xiaoshuai (China, 1993, 80 minutes). "A subtle look at Beijing twentysomethings who can't quite put their fingers on what's missing from their no-pressure lives. Low-level academics from out-of-favor families, Dong chain-smokes, listens to Hendrix and creates unsalable paintings in his copious spare time, while [his wife] Chun has grudgingly put aside her art to keep up the threadbare household." (Ken Eisner, *Variety*).

Friday, March 11, at 7:30 p.m. *Beijing Bastards* by Zhang Yuan (China, 1993, 90 minutes), preceded by independently produced music videos from China. This drama about the rock 'n' roll underground frequented by the filmmakers is among the first independent features made in China and has since been banned by the government.

Saturday, March 12, at 2:30 p.m. Friday, March 18, at 7:30 p.m. *Shanghai 1920* by Leong Po-chih (Hong Kong, 1991, 137 minutes) Two boys, one Chinese and the other American, grow up together in Shanghai during the roaring twenties. One of their childhood escapades leads to entanglement with local gangsters, and their involvement with the underworld will follow them into their adult years. Stars John Lone (*The Last Emperor*) and Adrian Pasdar (*Top Gun*). Music by Kitaro.

Thursday, March 17, at 5:30 p.m. *Escape from China* by Iris Kung (China, 1993, 57 minutes), preceded by *Big Tree County* by Hao Zhi Qiang

(China, 1993, 45 minutes). Zhang Boli was one of 21 students on the Communist Party's "most wanted" list for his organizing role in the demonstrations at Tiananmen Square in June of 1989. This film, composed in part of smuggled footage, tells of the events of the period as well as Zhang's remarkable escape to the U.S. *Big Tree County* reveals the effect of a sulphur mine and smelter on the forests along the Yangtze River as well as the 10,000 people who live nearby.

Thursday, March 17, at 7:30 p.m. *Small Pleasures* by Keith Lock Qi Guang (Canada, 1993, 85 minutes). In the spring of 1989, two young Chinese women, Sally and Zhao, move to Toronto. Whereas Sally has always dreamed of coming to the West, Zhao has reservations about Western culture, but does not want to return to the fiancé her father has chosen for her. In Toronto, their lives quickly become over-complicated, but back home, events in Tiananmen will prevent their returning to China.

Friday, March 18, at 5:30 p.m. *Red Beads* by He Yi (China, 1993, 88 minutes). In a fantasy, a young Chinese man imagines himself an orderly in a mental hospital in which he falls in love with a beautiful young patient obsessed by a dream of red beads. Director He Yi served as an assistant to Zhang Yimou on the making of *Raise the Red Lantern*.

Return to High School

Three-program series continues through March 26: \$12, \$15.

Saturday, March 12, at 1 p.m. *High School* by Frederick Wiseman (1969, 75 minutes). This classic of nonfiction cinema forcefully documents how the school system socially conditions the leaders of the next generation. Set in a large, above-average urban high school, the film presents formal and informal encounters between teachers, students, parents, and parents and administrators. These encounters dramatically reveal the school's ideology and values.

Saturday, March 19, at 1 p.m. *High School II* by Frederick Wiseman (1994,

195 minutes). This is a film about Central Park East Secondary School (CPESS), a successful alternative high school in New York's Spanish Harlem, 95% of whose graduates go on to four-year colleges. The film illustrates the school's emphasis on "habits of Mind" (weighing evidence; awareness of multiple points of view; seeing connections and relationships; speculating on possibilities; and assessing values).

Saturday, March 26, at 1 p.m. Panel discussion covering issues in Frederick Wiseman's films *High School* and *High School II* (shown on the two previous Saturdays) will serve as the launching point for this discussion of secondary education in the U.S.

Helen Mirren stars as a suburban housewife who suspects her husband is a serial killer. This "efficient English thriller plays off the question: how well do you know the people closest to you. Mirren creates a character so sympathetic that her worst nightmares seem plausible. She keeps the audience weighing evidence and wondering along with her." (Caryn James, *The New York Times*). Continues through April 3.

Thursday, March 31, at 8 p.m. *As You Like It* by Christine Edzard (Great Britain, 1992, 114 minutes). NO. 7

THE NEW BOSTON CITY HOSPITAL IS NOW OPEN!

Mayor Thomas M. Menino and Health and Hospitals Commissioner Lawrence Dwyer congratulate hospital staff and military volunteers on a successful move into the new Boston City Hospital on January 29. For the first time in the 130-year history of BCH, all services will be provided under one roof. BCH's Emergency and Trauma Services have been relocated from Harrison Avenue to the new hospital's entrance on Albany Street.

Mayor Thomas M. Menino and pediatric nurse Gail Thompson welcome patient Shawnita Agnew of Dorchester into the new Boston City Hospital. Shawnita was one of 230 patients to participate in a successful move into the new Boston City Hospital on January 29. For the first time in the 130-year history of BCH, all services will be provided under one roof. BCH's Emergency and Trauma Services have been relocated from Harrison Avenue to the new hospital's entrance on Albany Street.

The new Boston City Hospital on Albany Street near the Massachusetts Avenue intersection opened January 29, with a 12-hour move of patients. BCH's Emergency and Trauma Services have been relocated from Harrison Avenue to the new hospital's entrance on Albany Street.

Boston Mayor Thomas M. Menino toured the new BCH during the patient move on January 29, visiting patients in the new facility and recognizing BCH staff and volunteers during the move into the new hospital. "It's no easy task to move patient services out of four old and obsolete buildings and bring them into the future of health care delivery in twelve short hours," said Mayor Menino.

Mayor Menino, who returned from the U.S. Conference of Mayors meeting in Washington, has discussed the future of Boston City Hospital and the network of Boston's community health centers with planners of national health care reform. "I'm confident that the Clinton Administration will respond favorably to our needs here in Boston. BCH is prepared to meet the future health care needs of Boston residents with a new facility, advanced managed care programs and quality services."

Lawrence Dwyer, Commissioner of Boston's Department of Health and Hospitals points out that "Our patients are moving into the newest, most technologically advanced health care facility in Boston. The New BCH is designed to increase efficiency and cost-effective delivery of health care but most importantly, BCH will now be able to better serve the people who entrust their

health to us. This state-of-the-art facility allows BCH to enter the changing world of health care with the marketing edge required to increase patient volume in a fiercely competitive industry."

Military reserve units, including the Massachusetts Wing of the U.S. Air Force Auxiliary, the U.S. Navy's Nurse Corps, Naval Reservists, and the crew of the U.S.S. Constitution assisted hospital staff during the patient move. The fully occupied acute care hospital inpatient services, as well as emergency, trauma and surgical services were moved without service interruption. In fact, BCH emergency, trauma and labor and delivery services operated simultaneously in both the new and the old hospital during the 12-hour move in order to guarantee continuous patient care services.

BCH is a 356-bed, full service hospital with Level I Trauma Center, linked to Boston EMS and Boston MedFlight. BCH provides two-thirds of the city's trauma services. The city's only public acute care hospital, BCH disproportionately serves low income and uninsured residents. BCH provides half the free care in the city and 25 percent of all the free care in Massachusetts.

Patient Move Background

BCH's new state-of-the-art inpatient facility marks the first time in the history of the hospital that BCH patients will be cared for under one roof. When first constructed in 1864, BCH was a sprawling campus, encompassing 18 buildings. By 1937, BCH had grown to 25 buildings and 2,200 beds. The new compact facility is designed to efficiently deliver medical services in a totally modern facility. It is architecturally designed to blend in with its community setting. With health care reform emphasizing efficiency and cost control, the new BCH can and does symbolize these qualities.

The physical move of 230 patients as well as clinical and ancillary serv-

ices into the new building began Friday, January 7, and culminated on January 29 with a twelve-hour patient move that was completed at 2:56 p.m., one hour and four minutes ahead of schedule. Mayor Menino and Commissioner Dwyer, who had greeted patients on arriving in the new facility, were on hand in the Move Command Center to congratulate staff and military volunteers at the successful completion of the move.

Service moves have been taking place in other parts of the facility and campus beginning January 27 and the pace of activities increased considerably before the patient move. The BCH Move has been three days of constant activities following ten years of rebuilding and two years of hospital move planning for the beautiful, state-of-the-art facility.

BCH is equipped to be the anchor of an increasingly efficient and coordinated municipal health care network working with the neighborhood health centers. The hospital is producing revenue to nearly match operating costs and aggregate volume is up.

Introduction of the new hospital to the city has begun with public tours for the staff of Boston health centers, area hospital and referring agencies, managed care plans and health maintenance organizations. Plans are under way to continue these tours. The new BCH is a cost-effective building which will save money as an efficient hospital designed with vertically integrated services and linked to the health centers through Boston's municipal health care network. The new inpatient facility symbolizes a transition from the old to the new in the delivery of health care services during an age of national reform. Tours to showcase the new facility over the last two weeks are increasing awareness about the newness of BCH among referring parties who may still have the perception of BCH as an old, antiquated facility.

In fact, Boston City Hospital is now the newest hospital in Boston. In addition to the physical improvements it has received under Boston's largest capital improvement project, BCH is also the only Boston teaching hospital to have already established the mechanisms of managed care administration. The BCH Physician Hospital Organization (PHO) and Independent Physician Association (IPA) are the tools that every hospital will need in the future for health care delivery in America.

With top-down completion, BCH began its move into the new hospital on the 7th floor beginning in December. Since then, we have received 60-day notice for the BCH Move; conducted Time and Motion trials for the Move on January 29 punchlisted each floor for acceptance; received new furniture delivery; accepted substantial completion begun staff orientation; started service moves into new building; and conducted city and state regulatory licensure including Mass. DPH, Fire and ISD.

Boston City Hospital

Boston City Hospital is Boston's only full service, public, community teaching hospital. Founded in 1864

the 356-bed, acute care hospital is a vital component of the city's public health mission delivered through the Department of Health and Hospitals and a community-based network of services provided by the community health centers.

For the first time in its 130 years of service, BCH will be able to provide care for patients under one roof when the new inpatient facility opens. The new BCH includes information equipment, medical technology and equipment in a state-of-the-art, vertically integrated, physical facility designed to increase efficiency and cost-effective delivery of health care. The new facility, and the new systems in place, will allow BCH to enter the changing world of health care with the marketing edge necessary to increase patient volume in a competitive hospital industry.

BCH offers patients access to a complete range of high quality medical services delivered in a culturally sensitive manner and in a comfortable and beautiful health care environment. BCH has more experience than any other Boston hospital in providing full service medical care in adult medicine and surgery, obstetrics and gynecology, pediatric medicine and surgery and over 70 areas of medical specialty and subspecialty. As a public hospital that is also a division of the city's public health agency, BCH offers a comprehensive range of inpatient, clinical and diagnostic services for the entire family in an integrated program including the preventive and educational aspects of public health programming.

Adult and pediatric primary care services at BCH go beyond the focus on episodic illness by emphasizing prevention and treating the whole patient and their family beyond the walls of the treatment room. The OB/GYN department and BCH's certified nurse midwives deliver the highest quality maternity care in an enjoyable environment with the clinical care revolving around the family and linked with ten community health centers. Geriatrics and home

care services cater to the health care needs of elderly patients within the hospital, the local health center and their home. The program offers patients a multidisciplinary approach to their needs which helps them to remain self-sufficient and physically independent.

Last year, BCH treated patients during 160,000 outpatient visits; 62,000 Pediatric and Adult Emergency Room visits; and served 15,000 inpatients who spent 83,000 days in the hospital. In addition, DH&H's public health programs provided 380,000 encounters for maternal and child health, immunizations and school health; 180,000 bed days for homeless people; 32,000 lead screenings; AIDS prevention, education and outreach; and, substance abuse treatment and addiction services.

Boston City Hospital opens its new facility prepared to deliver high quality service to families and building trusting relationships between our doctors and our patients. Compassionate care through excellent medical service is BCH's commitment to the people of Boston, regardless of a patient's ability to pay. BCH provides half the free care in our city and 25 percent of all the free care in Massachusetts, as an institution that disproportionately serves low income and uninsured residents.

Rebuilding Boston City Hospital into a new state-of-the-art facility is Boston's largest capital rebuilding project. Financing the project was made possible by becoming the first municipally owned and operated hospital rebuilding effort financed with a Federal Housing Administration mortgage guarantee.

The primary teaching affiliation of Boston University School of Medicine, Boston City Hospital has one of the country's largest hospital-based physician training and research programs for primary care doctors. In conjunction with the school and community health centers, BCH runs a number of model training and research programs designed to address the region's future needs for

community-oriented primary care. BCH is also a nationally recognized leader in providing interpreter services for patients; community benefits for the communities served; trauma service, emergency medicine and training; and violence prevention programming.

MWRA CLOSING IN ON JULY START-UP FOR NEW DEER ISLAND PLANT

The Massachusetts Water Resources Authority announced on February 3 that construction of the Deer Island Treatment Plant is now 76 percent complete and that the new facility is scheduled to open in July.

"The schedule to plan, design and construct this huge, complex pollution control facility was developed nearly a decade ago. Then, few believed it could be completed on time and no one expected it would be done under budget," said MWRA Executive Director Douglas B. MacDonald.

Currently, the project is \$600 million under budget and on schedule.

MacDonald said MWRA is now training hundreds of employees to operate the new facility which will be the second largest in the United States when all phases of new construction go on-line throughout the decade.

MacDonald said MWRA expects to finish on time 15 of the 17 major construction contracts representing a \$1 billion public investment scheduled for completion in July. Brief delays anticipated in completion of sludge digester facilities and a thermal power plant will not impact commencement of plant operations in July, the most important milestone to be met since the cessation of sludge dumping in Boston Harbor in late 1991.

Milestones and construction schedules have been established since 1985 by the United States District Court, which found the Commonwealth of Massachusetts in violation of the federal Clean Water Act.

"The task of bringing the new Deer Island Treatment Plant on-line is enormous and astounding," noted MacDonald. "We must first test 1,600 pieces of equipment and 2,100 control systems. 11,000 instruments need to be calibrated. Staff must be trained and we need to close out many major construction contracts with everything happening simultaneously."

MWRA has been operating a 2-million-gallon-per-day pilot treatment

plant at Deer Island since October, a miniature version of the 1.3-billion-gallon facility now under construction, to help train staff.

"What we are dealing with is as complex as a nuclear power plant in terms of construction, engineering and technology. Phasing the plant into operation will allow for some trial and error, which is to be expected given the nature of this project, but in the end there will be tremendous facility to serve present and future generations of Massachusetts residents," MacDonald added.

By Tony Ferullo

Her worst nightmares had turned into reality, each day filled with pain and horror.

"He came after me at different times," said Christine Aboulaz, 29, a victim of domestic violence. "He would usually hit me, and then drag me around by my hair. He told me if I ever tried to leave him, he would kill me."

She was raped and physically, emotionally and verbally abused by her husband for years. The scariest part is that she never knew when he would attack, living her life in constant fear.

Not knowing how much longer she could survive, Aboulaz searched for ways to escape. "He treated me like a slave, a prisoner in my own home," she said. "I just couldn't take it anymore. I had to get out."

On January 26, 1993, Aboulaz grabbed a suitcase and fled her apartment with her 5-year-old son, Zak, and entered a battered women's shelter supported by the United Way of Massachusetts Bay. By her own admission, it was the best move she ever made, and she is the perfect example of how one year of freedom can make a world of difference.

Ironically, enough, on January 26, 1994, Christine Aboulaz was the recipient of United Way's first "Annual Courage Award," presented to an individual who has used United Way funded services to overcome personal adversity in an exemplary way.

The award was created this year to honor someone who has triumphed over difficult times with "spirit, bravery, confidence, resolution, determination, grace, self-respect and humor."

"I was surprised and excited when told that I won the award," said Aboulaz. "It was very good news. I couldn't believe that the award ceremony was on the exact day of my one year anniversary of independence."

After graduating college in 1987, Aboulaz moved to London, where she met her future husband Salah Aboulaz.

"I was walking down the street on a Sunday afternoon when he approached me," she said. "I didn't like him at first — he was very aggressive."

Aboulaz tried to ignore him, but that didn't work. "He insisted that we go for a Coke and talk," she said. "You could say he weaseled his way into my heart."

A couple of months later, Aboulaz became pregnant. Shortly thereafter, the couple moved to his native Morocco and married. In November of 1989, Aboulaz and her son returned to Massachusetts. Her husband joined them five months later because he had to wait for his United States visa. As soon as he came back is when his violent behavior began to escalate.

"The first night he was here he beat me," said Aboulaz. "He had hit me three times before that in our relationship, but I was still dumbfounded."

When her husband threatened to take their son to Morocco, Aboulaz knew it was time to get help. She walked into the battered women's shelter with cautious steps. "It was a traumatic experience," she explained. "I really didn't know what to expect."

She became more comfortable and thankful as time went on. "If it wasn't for the shelter, I don't know where I would be today," said Aboulaz. "The people there changed my life immensely. They really care about getting people like me back on the right track."

Her husband was subsequently jailed for assaulting her. Due to have been released this month, he is now being held on bail awaiting trial on charges of raping and assaulting one woman and assault charges on another woman. Aboulaz contacted the women and convinced them to go public with their story. Together, they have formed a unique bond to put and keep Salah Aboulaz behind bars.

Being a victim of domestic violence causes an individual to take precautions. Aboulaz, who has filed for divorce, has already had to change her name and her son's, quit her job and move from one town to another. As can be expected, she wants this terrifying journey to stop, to wipe away the tears forever.

Her United Way award was appropriate because Christine Aboulaz truly has the courage to change. "I'm a stronger person now than ever," she said. "I just want a happy and normal life for me and my son. And I'm going to keep trying until that happens."

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to the Boston University College Work Study Office, located at 765 Commonwealth Avenue, Boston. Because this contract represents the Law Department's share of students' work-study wages, the provider is to be considered a sole source and thus it is not feasible to obtain three price quotations. This contract is exempt from the provisions of Chapter 30B and is awarded under the authority of the City Charter.

This represents the City's share of salaries paid to Boston University Law School students employed as interns under work-study grants. This arrangement enables the City to obtain high quality assistance for departmental attorneys in the areas of research and case preparation while incurring only a fraction of the total expense of their wage. The purpose of this contract is to enable payment for the Boston University interns' services through the period ending June 30, 1992.

Disbursements under this contract are not to exceed \$2,000, which I have determined to be reasonable for the work to be performed.

The term of this contract is July 1, 1991, to June 30, 1992.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

This contract is submitted late due to the fact that the contractor was unable to properly complete and return the appropriate documents as requested by this Department.

Sincerely,

CITY OF BOSTON

Proceedings of City Council

Wednesday, December 8, 1993.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at 10 a.m., Senior Member O'NEIL in the Chair. Absent, Councillor BYRNE.

INVOCATION

Reverend Edmund Derosier, St. Thomas Aquinas Church, Jamaica Plain, delivered the invocation, and the meeting was opened with the pledge of allegiance to the flag.

VISITORS TO CITY COUNCIL

Coun. O'NEIL welcomed and presented, on behalf of all the Councillors, to Officers William J. Robertson and Robert P. Lawler a citation for their bravery while performing certain investigation in Hyde Park in connection with their duties as police officers in the City of Boston. Captain Vitti, their superior officer, thanked the members of the Council on their behalf for recognizing the heroism and outstanding police work of these two officers and all the other police officers in Boston.

SUPPLEMENTAL APPROPRIATION OF \$13.5 MILLION TO FUND FY94 COST OF COLLECTIVE BARGAINING AGREEMENT BETWEEN SCHOOL COMMITTEE AND BTU (DOCKET NO. 1516)

The following was received:

City of Boston
Office of the Mayor

December 7, 1993.

To the City Council.

Dear Councillors:

I transmit herewith for your approval a proposed supplemental appropriation in accordance with the provisions of M.G.L. C.150E, s.1, *et seq* in the amount of \$13.5 million to fully fund the FY94 cost of a collective bargaining agreement between the School Committee and the Boston Teachers Union. I urge you to approve this supplemental request.

This agreement with the Boston Teachers Union incorporates a fundamental change in the way that schools in Boston will be managed. The contract requires that school-based management be implemented immediately in every one of Boston's 117 schools. School-based management creates a framework for supporting a new collaborative effort between parents and teachers throughout the City to improve our schools.

Beyond mandating school-based management, this supplemental also provides \$1.3 million for teacher and parent training to ensure that these new Councils function effectively, so that the promise of this new contract is fulfilled. In addition, the contract provides for \$500,000 for teacher professional development.

This request, and the supplemental for several City departments which I am also submitting today are supported by recurring revenues. The City budget remains solidly balanced.

A mid-year review of all revenue and fixed expenditure accounts indicates that a \$6.8 million downward revision in a number of revenue account estimates is offset by a positive net cherry sheet adjustment of \$5.8 million, a \$3 million increase in budgeted FY 1994 net tax levy, and a recently completed actuarial valuation of the State-Boston Retirement System resulting in a \$17 million reduction in the City's pension appropriation for FY94.

When forecasting FY 1994 spending many months ago, the City anticipated the likelihood of a supplemental given the intent to negotiate collective bargaining agreements. Four consecutive years of budget reductions, employees attrition, and service cuts have put us in a position to afford these expenditures.

I respectfully seek your prompt and favorable approval on this important matter.

Sincerely yours,

Thomas M. Menino.

Mayor of Boston.

Ordered, That in addition to the appropriation heretofore made, and pursuant to the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 190 of the Acts of 1982, and as further amended by Chapter 701 of the Acts of 1986 and Chapter 613 of the Acts of 1987 and pursuant to Chapter 150E of the General Laws, to meet the current operating expenses of the School Department and to meet the request of the School Committee in the fiscal period commencing July 1, 1993, and ending June 30, 1994, the sum of \$13,464,831 be, and the same hereby is appropriated, said sum to be raised by taxation pursuant to Section 23 of Chapter 59 of the General Laws:

SUPPLEMENTAL APPROPRIATION OF \$128,000 TO MEET CURRENT OPERATING EXPENSES OF COMMISSION ON AFFAIRS OF ELDERLY (DOCKET NO. 1517)

The following was received:

City of Boston
Office of the Mayor

December 7, 1993.

To the City Council.

Dear Councillors:

I transmit herewith a proposed \$5.4 million supplemental appropriation for the City of Boston to increase certain departmental expenditures for FY94.

This proposed supplemental, and the supplemental request for \$13.5 million to support the recently concluded teachers contract which I am also submitting today, reflect my priorities for the City; these supplemental requests support public education, public safety, clean streets, and elderly services.

Two-thirds of this request, \$3.5 million, will be allocated to the Police Department to support the cost of summertime police patrols and overtime. This funding will allow the Department to maintain originally budgeted overtime levels for the remainder of the fiscal year, and thus ensures that the Department can complete plans for the recruit class scheduled for hire after the New Year.

The balance of this supplemental request includes \$906,000 to fund street cleaning services at the same level as FY93, \$679,303 to meet state mandated levels of City support for Library services, \$200,000 to

support unanticipated expenses in the Fire Department, and \$128,000 to fund expansion of elderly shuttle program hours to evenings and weekends.

This request and the supplemental to the School Department are supported by recurring revenues. The City budget remains solidly balanced.

A mid-year review of all revenue and fixed expenditure accounts indicates that a \$6.8 million downward revision in a number of revenue account estimates is offset by a positive net cherry sheet adjustment of \$5.8 million, a \$3 million increase in budgeted FY 1994 net tax levy, and a recently completed actuarial valuation of the State-Boston Retirement System resulting in a \$17 million reduction in the City's pension appropriation for FY94.

Personal Services, \$55,000
Contractual Services, \$7,000

CHARLESTOWN LAUNCHES LONG-AWAITED ELDER HOUSING

CHARLESTOWN ELDER HOUSING UNDER WAY — The Charlestown community gathered with city and federal officials on January 29th to celebrate the groundbreaking for the \$9 million Charlestown 202 Elderly Housing Project, a 42-unit affordable housing complex for low-income elders. Developed by the National Council for Senior Citizens, the project is being built on the site of the former Charlestown Municipal Building on Bunker Hill Street. New housing for low-income elders in Charlestown has taken a giant step forward as ground was officially broken for the Charlestown 202 elderly housing project at 112 Bunker Hill Street. State and federal officials were on hand at the site to mark the start of construction for a six-story elderly housing project being developed by the National Council of Senior Citizens (CSC).

"Housing is one of the top issues on the minds of Boston's seniors these days, second only to transportation," said Boston Mayor Thomas M. Menino. "Projects like this are extremely important, not just because they address the need for housing for seniors, but because they allow seniors to remain active, important parts of the neighborhoods they love."

The 3.8-million-dollar housing project, which will provide 42 one-bedroom rental units for senior citizens aged 62 years and older, is being constructed with a \$3.5 million capital grant from the U. S. Department of Housing and Urban Development (HUD) and a \$327,000 loan from the City of Boston Public Facilities Department (PFD). PFD also designated the land (34,848 sq. ft.) for the project which is the site of the former Charlestown Municipal Building.

"Housing for low-income elders has been at a premium in Boston," said PFD Director Mary Nee. "This elder housing project is intended to deliver housing that is accessible, affordable, and safe for seniors who have been on the long waiting lists for housing."

The new housing addresses the urgent need for affordable senior housing in Boston. According to the 1990 U.S. Census, 65,950 persons, or 11 percent of Boston's population, are aged 65 years and older. Moreover, a 1985 housing survey conducted by the Boston Redevelopment Authority (BRA) found that only 241 units of elder housing had been built in Charlestown within a 10-year period prior to the survey, and more than 1,500 persons or 12 percent of Charlestown's population were over 65 years of age. The Boston Housing Authority reports that approximately 2,000 elders are on waiting lists for public housing citywide and more than 100 low-income seniors in

Charlestown are waiting for affordable rental units.

"I couldn't afford the rents here when I retired," said Anna Martin, a 71-year-old resident of the General Warren elderly project in Charlestown. "I was lucky, but a lot of people aren't so lucky. This kind of housing is just what they need."

Founded by the AFL-CIO in 1961 to address the housing and health needs of elders, the NCSC now owns and manages 32 elderly housing projects nationwide with 7 more in the development stages. Charlestown is the first NCSC elderly project in Boston.

"Americans aged 62 years and older now represent the fastest growing population in the United States," said David Nesbitt, Executive Director of the Senior Citizens Housing Development Company. "The Charlestown elderly project begins to address the ever-increasing affordable housing needs of our senior population. NCSC hopes that this project can be replicated several times over in the Greater Boston community."

The project will take approximately one year to construct and will be managed and marketed by the NCSC's Housing Management Corporation in Ft. Lauderdale, Florida. Elders interested in applying for the units must not have an annual income that exceeds 50 percent of the median Boston income, or \$18,000 annually. Applications for occupancy will be available at the project site approximately 60 days before construction is completed.

Constitution Museum, open 10 a.m. - 4 p.m. Inside are exhibits about the history of "Old Ironsides" from 1794 to the present, including miniatures, cross sections, biographies of captains and items from onboard. Admission: adults, \$2; seniors, \$1.50; children, \$1, with group rates available. Located in the Charlestown Navy Yard, 426-1812.

**PARKS AND RECREATION
DEPARTMENT
Design Services**

C. 7070-94

November 29, 1993.

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and award a contract to Robert G. Neiley, Architects, located at 286 Congress Street, Boston, MA 02210, for The Design Services for Restoration Work at the Maintenance/Office Building used for the Community Sailing Program at Pier #4, Charlestown Navy Yard. The design will cover plans, specifications, survey and cost estimates for repairs to the roof, windows, doors, toilets and overall building security. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of the City Charter.

Under the terms of the contract I have determined that Robert G. Neiley, Architects, 286 Congress Street, Boston, MA 02210, is the best and most familiar design company to assist the Parks and Recreation Department in performing the improvements necessary to keep the Maintenance/Office Building functioning. In the past they have worked well and cooperated with the Marine Engineer Designers who will be renovating the adjacent floating dock at the same time.

Compensation under this contract shall not exceed nine thousand nine hundred dollars (\$9,900.00) which I have determined to be reasonable for the work to be performed. The period of performance will be from January 3, 1994, through June 30, 1994.

Because of the professional nature of the services to be performed, I believe that public advertising will serve no useful purpose.

Very truly yours,

Patrick S. Harrington,
Commissioner.

**POLICE DEPARTMENT
Elevator Repair**

C. 2838-94

November 29, 1993

Dear Mayor Menino:

I respectfully request your Honor's permission

to dispense with public advertising and to award an emergency contract in accordance with the provisions set forth by M.G.L. c. 30B to Montgomery Elevator Company of 55 Brooks Drive, Braintree, MA 02184.

Under the terms of this emergency contract, Montgomery Elevator Company will make all the necessary repairs as recommended by the Commonwealth of Massachusetts, Department of Public Safety in order for the Police Headquarters' antiquated elevators to meet safety inspection standards. Due to the impending threat posed to the safety of the department's personnel, the Building Maintenance Unit sought quotations from three (3) companies. The results were as follows:

Montgomery Elevator Company, 55 Brooks Drive, Braintree, MA 02184, \$16,745.00.

South Shore Elevator Company, Inc., 83 E. Water Street, Rockland, MA 02370, \$19,026.00.

Otis Elevator Company, 120 3RD Avenue, Waltham, MA 02154, No response.

Inasmuch as Montgomery Elevator Company submitted the lowest bid and inasmuch as the bid is a responsible one considering the scope of work mandated by the Department of Public Safety, it is necessary for the Police Department to invoke the emergency procurement provision of M.G.L. c. 30B in order for the elevators to be repaired as quickly as possible. The two Headquarters' elevators are the only means of easy access for the department's handicapped employees. In addition, I feel I must mention the constant nuisance to the department as personnel are arbitrarily trapped for short periods of time in the elevator. All situations considered, I feel the repairs to the elevators are essential and hence deemed an emergency.

Compensation under this emergency contract shall be the quoted price of sixteen thousand seven hundred and forty-five dollars (\$16,745.00) plus an additional one hundred and fifty dollars (\$150.00) for the Commonwealth of Massachusetts Repair Fee making the total not to exceed the amount of sixteen thousand eight hundred and ninety-five dollars (\$16,895.00). The term of the contract shall be November 22, 1993, through February 28, 1994. I have determined that this emergency award is both urgent and necessary in order to ensure the safe operation of these elevators. Given this determination, I respectfully submit this emergency award for your approval.

Respectfully,

William J. Bratton,
Police Commissioner.

City of Boston*, C.A. No. 89-5448C and 89-5447B. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of City Charter.

Under the terms of the contract, the law firm of Murphy, Murphy & Riley, P.C. will provide legal preparation and representation on behalf of

the City of Boston in the above case. The Contractor is specially qualified to do this work because of extensive experience in the involved issues.

Compensation under this contract shall not exceed twenty-five thousand dollars (\$25,000.00) at the hourly rate of one hundred and ten dollars (\$110.00), which I have determined to be reasonable for the work to be performed. The term of this contract shall be from July 1, 1993, through June 30, 1994. This contract is late due to an administrative oversight and difficulty in acquiring the papers necessary to implement it.

Because of the professional nature of the services to be performed and the reasonable cost thereof, I believe that public advertising would serve no useful purpose.

Sincerely,

Corporation Counsel.

**ADMINISTRATIVE SERVICES

**Health Benefit and Insurance Division
Excess Loss Insurance**

Dear Mr. Mayor:

The City of Boston maintains a contract with Blue Cross and Blue Shield of Massachusetts to provide health insurance for eligible City and County employees and retirees on a self insured basis. The self insured program has provided and continues to provide the City with the opportunity to implement cost containment procedures and, thereby, realize savings that would not be available on a premium paid basis. In order to ensure that the City's finances are not adversely affected by unexpectedly large claims, it is necessary to purchase Excess Loss Insurance. (NOTE: Group Insurance contracts are exempt from the requirements of the Uniform Procurement Act, Massachusetts General Laws Chapter 30B.

The Health Insurance Division solicited and received premium quotes from two (2) reputable insurers for Excess Loss Insurance as follows:

	Premium Per Individual Plan	Premium Per Family Plan
Blue Cross/Blue Shield	\$5.83	\$13.49
Mass. Municipal Reinsurance Trust	\$4.03	\$10.69

The Massachusetts Municipal Trust (Manulife) has provided Excess Loss Insurance to the City of Boston since FY'92.

The contract amounts for the past two fiscal years with the Massachusetts Municipal Trust are as follows:

FY'92 - \$550,000
FY'93 - \$619,000

This contract is being submitted late due to the delay in verifying the City employee and retiree census data used to calculate the monthly payments to Manulife. By waiting for the most current data, it is estimated that the City of Boston will save approximately \$85,400 in payments to Manulife during the term of the FY'94 contract.

Your Honor's permission is requested to approve the awarding of a contract to the Massachusetts Municipal Reinsurance Trust, 737 Webster Street, Marshfield, MA 02050, for Excess Loss Insurance for the period of July 1, 1993, through June 30, 1994, in an amount not to exceed

\$870,000 from appropriation code 018-140-1801-0000-0000.

Respectfully,
Irene Carrington,
Director.

C. 1743-94

Claims Monitoring

Dear Mr. Mayor:

The City of Boston maintains a contract with Blue Cross and Blue Shield of Massachusetts to provide health insurance for eligible City and County employees and retirees on a self insured basis. The self insured program has provided and continues to provide the City with the opportunity to implement cost containment procedures and, hereby, realize savings that would not be available on a premium paid basis. In order to ensure that the City's finances are not adversely affected by unexpectedly large claims, the City is reimbursed for any claims that exceed \$250,000 per individual within Fiscal Year 1994 by an Excess Loss Insurance policy written by the Manufacturers Life Insurance Company (MANULIFE).

In order to file claims and receive reimbursements from the Excess Loss Policy, a claims database for City employees and retirees must be established and continually monitored to accurately identify medical and hospitals claims that aggregate exceed the \$250,000 limit for each of the City's 10,000 subscribers plus dependents.

Cook and Company has been constantly accumulating and updating this Blue Cross subscriber database information since they began providing this service in FY'86. The claims filed by Cook and Company with the excess loss insurers since FY'86 have exceeded \$1,000,000. These recoveries have lowered claims payments to Blue Cross and Blue Shield and, therefore, have reduced the total health insurance premium increases paid by City employees and retirees. (FY94 Master Medical premiums for employees and retirees are actually less than the premiums charged during FY93).

In order to develop an accurate membership listing of City health insurance enrollees, Cook and Company re-enrolled all eligible active employees during FY93. During Fiscal 1994, Cook and Company will re-enroll all Retired Blue Cross employees and add their information to the subscriber database. Cook is also providing computer expertise to the Health Insurance Division in order to have this data system available on site at City Hall.

Payments made to Cook and Company over the last three fiscal years are as follows:

FY'91 - \$274,657
FY'92 - \$ 79,712
FY'93 - \$102,200

Your Honor's permission is requested to approve the renewal of a contract with Cook and Company, 737 Webster Street, Marshfield, MA 01950, to provide claims monitoring services of Blue Cross and Blue Shield claims for the period July 1, 1993, through June 30, 1994, in an amount not to exceed \$125,000 from appropriation code 018-140-1801-0000-0000. This contract amount is based on 15 percent of recovery claims filed with Blue Cross and Blue Shield by Cook and Company and credited to the City of Boston's account. In addition, an annual \$21,600 is paid for monitoring claims and maintaining eligibility system. (NOTE: Group Insurance contracts are exempt from the requirements of

the Uniform Procurement Act, Massachusetts General Laws Chapter 30B).

Respectfully,

Professional Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to William M. Mercer, Inc., a corporation located at 200 Clarendon Street, Boston, MA 02116, for services to be performed in conjunction with the Health Insurance Division's intention to bid the employee health insurance contracts for Fiscal Year 1995. (NOTE: Group Insurance contracts are exempt from the requirements of the Uniform Procurement Act, Massachusetts General Laws Chapter 30B.)

During 1993, the Health Insurance Division will issue a Request for Proposal to invite insurance carriers to bid on the health maintenance models (HMO) of health insurance for City of Boston employees and retirees. This coverage will be effective July 1, 1994.

Mercer will be responsible for preparing the RFP, analyzing and evaluating the bids received, and providing a preliminary recommendation to the Health Insurance Division concerning the insurance carrier selection process. Mercer will also assist the City in developing a Preferred Provider Option (PPO) to be offered to employees and retirees. The full scope of Mercer's duties in this endeavor are outlined in detail in the attached proposal dated June 11, 1993.

Mercer is highly qualified to perform this service due to the fact that this firm has previously completed an in-depth analysis of the benefit and cost management structure of the City's health insurance coverage. Also, for the FY94 contract negotiations, Mercer evaluated the current HMO and indemnity plan contracts and provided an analysis of the city's utilization statistics with regard to each plan. Because of this, Mercer possesses a unique insight in terms of the present and future insurance needs of the City of Boston.

Therefore, I respectfully request your approval of a contract award for William M. Mercer, Inc., in an amount not to exceed \$81,500 from appropriation code 011-140-0148-HI03-0490 for the period of July 12, 1993, through June 30, 1994.

During the last three fiscal years, Mercer has had two contracts with this Division as follows:

FY93 - \$20,000
FY91 - \$18,000

Respectfully,
Irene Carrington,
Director.

Legal Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a sole source procurement contract to Gilman McLaughlin and Hanrahan, 470 Atlantic Avenue, Boston, MA 02110, for legal services in representing the City of Boston and its Assessing Department in proceedings at the Appellate Tax

Board and the Courts of the Commonwealth relating to matters of taxation and tax abatement litigation. This contract is exempt from the provisions of G.L. Chapter 30B and is awarded pursuant to the City Charter.

Under the terms of the contract, Gilman McLaughlin and Hanrahan will provide legal services to the City of Boston and its Assessing Department in any litigation arising from the taxes assessed on airline personal property for fiscal years 1983 through 1993, subject to the general direction of the Corporation Counsel. The Contractor has specific expertise relating to complex assessment cases. In particular, the contractor has been involved in past litigation concerning Boston Edison property.

Compensation under this contract shall not exceed thirty thousand dollars (\$30,000), a cost which I have determined to be reasonable for the services to be performed. The Contractor shall be compensated at hourly rates between \$40 and \$200 depending upon the expertise of the attorneys assigned.

The terms of this contract shall be from July 1, 1993, to June 30, 1994.

Because of the expertise of the contractor and the professional nature of the services to be performed, and the ongoing nature of the Northwest Airline case, I believe that public advertising would serve no useful purpose at this time.

Sincerely,
Ronald W. Rakow,
Commissioner.

Project Bright Eyes

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to the National Society to Prevent Blindness/Massachusetts Affiliate located at 375 Concord Avenue in Belmont, MA 02178, for the operation of Project "Bright Eyes" within the City of Boston. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of the City Charter.

Under the terms of the contract, the National Society to Prevent Blindness will conduct this optical testing and follow-up program for elderly Boston residents at no charge for their participation. The program is a joint venture between the Commission on Affairs of the Elderly and the National Society to Prevent Blindness who has satisfactorily performed this service in the past and is uniquely qualified in this area.

Compensation under this contract shall not exceed \$7,500, which I have determined to be reasonable for the work to be performed.

The term of this contract is the period September 15, 1992, to June 30, 1993. This contract is being submitted at this late date due to temporary administrative staff shortages and delays obtaining the necessary paper work and signatures from the vendor.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Diane Watson,
Commissioner.

FIRE DEPARTMENT

Training

Dear Mr. Mayor:

I respectfully request your permission to disperse with public advertising and to award a contract to Rescue Training Consultants, Inc., 1316 Philadelphia Pike, Wilmington, Delaware 19809.

Under the terms of the contract, Rescue Training Consultants will provide three intensified training sessions in both tunnel and collapse rescue. These training sessions will take place beginning May 24, 1993, and ending June 30, 1993. This contract is exempt from the provisions of General Laws Chapter 30B and is awarded under the authority of the City Charter.

Tunnel and collapse rescue is a very unique field of training and it is provided by very few consultant firms in this part of the country. The Commissioner met with his command staff and because the ultimate safety of the firefighter was the major concern, it was unanimous amongst the command staff that Rescue Training Consultants should provide this service.

Compensation under this contract shall not exceed \$43,800, an amount I have determined reasonable for the expertise in this field.

Funds will be provided through external monies provided by the Central Artery Project.

Respectfully,

Martin E. Pierce, Jr.,
Commissioner/Chief.

REPORT ON ORDINANCE ALLOWING FOR SCHOOL PARENTAL LEAVE (DOCKET NO. 1389)

Coun. HENNIGAN, on behalf of the Committee on Government Operations, submitted the following:

Report on Docket No. 1389, ordinance allowing for School Parental Leave (referred October 27) — recommending passage of the order in the following new draft:

Be it ordained by the City Council of Boston, as follows:

Whereas, The role of a parent or parents is important to the intellectual and social successes and/or achievements of a student during his or her school years; and

Whereas, Parents of school-aged children ought to maintain an active relationship with his or her child, including scheduling regular interactions and visits with school headmasters, principals, teachers and support staff; and

Whereas, It is becoming increasingly difficult for parents to visit schools on a timely basis and in a consistent way, largely due to the growing necessity of two-income-producing households; and

Whereas, The schools of the City of Boston can be ameliorated by involving the parents of students into the education process by creating greater opportunities for parents to meet with teachers and headmasters at the pupil's respective school; and

Whereas, The City of Boston should encourage parents to intimately involve themselves in the education facility their child attends and empower parents with the opportunity to visit schools on a regular basis; Be it therefore ordained, the Boston City Council, in meeting assembled, establish a parental school leave ordinance.

Section 1. Definitions.

"Schools" shall mean all public schools in the City of Boston funded entirely or partially by the City of Boston.

"Parents" shall mean the biological and/or adopted parents of a child attending the Boston public schools or a legal guardian of a child attending the Boston Public Schools.

"Employer" shall mean the owner and/or proprietor of a business with 25 or more employees working at any same location.

"Pupil" shall mean any child attending the Boston public school system.

Section 2. Legislative Intent.

This ordinance would allow parents of school-aged pupils in kindergarten and grades 1 to 12 an opportunity to spend up to three days per year for school visits if the employee, prior to taking off, gives reasonable notice to the employer of the planned absence of the employee. The ordinance would require an employee to utilize existing vacation, personal leave or compensatory time off for purposes of this planned absence, unless otherwise provided by a collective bargaining agreement, and/or agreed upon by the employee and employer and, if requested by the employer, to provide documentation, as prescribed, from the school as proof of these visits. All employers, notwithstanding staff size, are encouraged to grant employees up to three days per year with pay.

Section 3. Operation of Ordinance.

No employer, who employs 25 or more employees working at the same location, shall discharge or in any way discriminate against an employee who is a parent or guardian of any child in kindergarten or grades 1 to 12, inclusive, for taking off up to three days each school calendar to visit the school of the pupil(s). If the employee, prior to taking time off, gives clear and reasonable notice to the employer of the planned absence of the employee. An employee shall utilize existing vacation, personal leave or compensatory time off for purposes of this planned absence, unless otherwise provided by a collective bargaining agreement. The employee, if requested by the employer, shall provide documentation from the school as proof that he or she visited the school on a specific date and at a particular time. REPORT ON ORDINANCE CLARIFYING PROVISIONS OF CHAPTER 10 OF THE ORDINANCES RE GOVERNMENTALLY INVOLVED UNITS (DOCKET NO. 1401)

Coun. McLAUGHLIN, on behalf of the Committee on Housing, submitted the following:

Report on Docket No. 1401, ordinance clarifying the provisions of Chapter 10 of the Ordinances re governmentally involved units (referred October 27) — recommending passage of the ordinance in the following new draft:

Whereas, In 1988, the Council passed an ordinance improving rent, eviction and condominium conversion protections for tenants in governmentally involved housing; and

Whereas, It was the clear and unequivocal intention of that ordinance that certain governmentally involved housing units revert to controlled housing for the purpose of rent regulation after the basis for exemption ceased to exist; and

Whereas, It was the clear and unequivocal intention of that ordinance that these units then no longer be considered vacancy decontrolled housing, and that this would apply retroactively; and

Whereas, It has come to the attention of the Council that the ordinance has not been so interpreted, therefore be it ordained by the City Council of Boston as follows:

Section 1. The City of Boston Code, Ordinances, Chapter 10, Section 2.1(a)(2), as amended, is hereby further amended by striking the words after "accommodations, provided, however, that . . ." through the end of subsection (a)(2) and adding the words in place thereof:

"if the basis for exemption under this paragraph a. ceases to exist, every unit exempted under this paragraph shall be considered a 'controlled housing accommodation' as defined in Section 2.1(a)(2) and none of the units exempted under this subsection shall be eligible for vacancy decontrol as defined under subsection 10-2.1, paragraph c. or paragraph e. and any vacancy decontrol certificates obtained under paragraph c. or paragraph e. under the definition of 'Housing Accommodations' in this section shall be rendered void; provided that nothing in this subsection shall be construed to nullify the provisions of Section 2.1(A)(4); or,"

On motion of Coun. CRAYTON, the ordinance

was remanded to the Committee on Housing.

ORDINANCE AMENDING CBC CHAPTER 10,
SECTION 2. RE: RENTAL HOUSING ORDINANCE (DOCKET NO. 1567)

Coun. BYRNE offered the following:

Whereas, The Housing Court has ruled that that section of the rent equity ordinance which seeks to control rents in adjoining buildings under common legal or beneficial ownership is outside the authority granted the city by enabling statute, *Smith v. Boston Rent Board*, 92-CV-00255 (1993); and

Whereas, The Housing Court in *Flaherty v. Boston Rent Board*, 91-CV-00957 (1992) stated that to deny a son or child or parent the benefit of being able to share common ownership of an adjoining building bringing those two buildings under rent control was "anti-family". "What the Board is saying to families with children is that when the child grows up and leaves the family home, they cannot live next to their parents, that there must be some barrier between their home and their parent's home."; and

Whereas, The Supreme Judicial Court in *Entis v. Rent Board of Brookline*, 399 Mass. 158, 503 N.E. 2d 640 (1987), decided that two adjoining structures joined by a party wall constituted two separate buildings even when both were under common ownership, focusing its view not on ownership but on the physical characteristics of the building described in the enabling statute. *Id.* 399 Mass. at 161; and

Whereas, The City Council has a duty to amend the ordinance to bring the ordinance and regulations promulgated by the rent board into confluence with the enabling statute, and to remove the confusion, conflict and hurt which inevitably arises when the question of adjoining or adjacent structures arises; and

Whereas, The proposed change in the ordinance exempts dwellings owned by elderly parents, where the son or daughter has a remainder or trustee interest but does not reside therein as an "owner"; be it therefore ordained as follows:

City of Boston

In the Year Nineteen Hundred and Ninety-three
AN ORDINANCE

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws Chapter 43B, Section 13, and any other applicable law, as follows:

Section 1. CBC 10-2 is hereby amended by removing section 10-2.1(b) in its entirety, and replacing it with the following new language:

(b) Housing accommodations in any building or structure containing no more than two (2) dwelling units, or containing no more than three (3) dwelling units, one of which is occupied by all legal and beneficial owners thereof as their permanent residence shall be considered exempt; also

(b)(1) In any structure described in (b) where the owner is an elderly parent, and a son or daughter not residing therein, holds a remainder interest in that building, that housing shall also be considered exempt so long as an elderly parent or parents live in that housing accommodation; also

(b)(2) In any structure described in (b) where the owner is an elderly parent, and a son or daughter, not residing therein, is a trustee of the building, that housing shall be considered exempt so long as the elderly parent or parents

live in that housing accommodation.

Passed under suspension of the rules.

Later in the session, Coun. NUCCI moved reconsideration of the previous vote; reconsideration prevailed, yeas 9, nays 3:

Yeas — Councillors Bolling, Crayton, Hennigan, McLaughlin, Nucci, Salerno, Scondras, Travaglini, Yancey — 9.

Nays — Councillors Byrne, Kelly, O'Neil — 3.

Coun. NUCCI moved that the ordinance be referred to the Committee on Housing.

ORDER REQUESTING MAYOR TO CONSIDER
ALLOWING SHOPPERS UP TO THREE
HOURS OF NO-CHARGE PARKING ON
STREETS TO ATTRACT PRE-CHRISTMAS
SHOPPERS TO DOWNTOWN (DOCKET NO.
1569)

Coun. O'NEIL, for all the Councillors, offered the following:

Whereas, In the spirit of the holiday season, it would be laudable to allow shoppers free parking when patronizing the Downtown Retail Trade Sector; and

Whereas, A suggestion has come from a citizen that up to three hours of no-charge parking be implemented in the Downtown Crossing and neighboring areas; and

Whereas, Meter spaces would be free, but parking meter supervisors could patrol and ticket vehicles whose operators abuse the holiday gesture; and

Whereas, Commercial parking operators could participate by giving free parking to persons presenting a validation slip from any establishment patronized; and

Whereas, The endeavor only for remainder of the holiday season could serve as a pilot experiment for private sector and Transportation Department officials; therefore be it

Ordered, That His Honor, the Mayor, is urged to support the concept of free shopper parking in Down-

town Retail Areas and instruct the Transportation Department to implement quickly a program for the remainder of this year, and be it further

Ordered, That the Mayor consider allowing shoppers up to three hours no-charge parking on the streets and that commercial parking operators participate in attracting pre-Christmas shoppers to downtown.

Passed under suspension of the rules.

Whereas, Tom Menino now draws on his background as hard-working chairman of Government Finance and successor Ways and Means Committee in the Council from 1988-92, experience familiarizing him with intricacies of Boston's fiscal big picture; and

Whereas, He served well all parts of his Council district, helping bring economic vitality to Roslindale Village, traffic/transportation relief to the Forest Hills area, preservation of Stony Brook woodland parcels from unwise development in Hyde Park as he regularly pitched in for "hands on" duty as a volunteer at the monthly recycling center; and

Whereas, In chairing the Committee on the Hungry and Homeless, he pioneered efforts going beyond emergency shelters to find people permanent housing in a community; also serving the National Trust for Historic Preservation as a director; and

(DOCKET NO. 1571)**

Coun. O'NEIL, for all the Councillors, offered the following:

Whereas, In her six years on this body, Councillor Rosaria Salerno has crafted a number of significant measures, articulately addressing issues of the times; and

Whereas, She won respect of Boston's elderly population as a fighter for their comfort and causes, just as she worked with customary energy for reform measures in many areas of government bureaucracy as sponsor or co-sponsor of measures filed in the Council; and

Whereas, Her call for swift implementation of po-

lice sector integrity assignments in high crime areas; her efforts to give community councils a say in zoning and neighborhood development; her work toward a materials recovery facility; the comprehensive Salerno "Peace Plan" all point toward needs for a better Boston; and

The resolution was adopted under suspension of the rules.

**RESOLUTION EXTENDING BEST WISHES TO
COUNCILLOR BRUCE C. BOLLING
(DOCKET NO. 1572)**

Coun. O'NEIL, for all the Councillors, offered the following:

Whereas, Bruce C. Bolling is leaving after eleven-and-a-quarter years as a district and as at-large City Councillor; and

Whereas, He made history as the first of his race to be chosen President of the Boston City Council in 1986 and again won this distinction in 1987; and

Whereas, His service has reflected pride in his native city while striving to bring about meaningful programs such as establishment of the Fair Housing Commission; the Women and Minority Business Enterprise ordinance; Neighborhood Housing Trust to disperse linkage funds to assist in building affordable housing units; and

Whereas, He co-sponsored the ordinance requiring full-time security for protection of elderly and handicapped housing complexes; has been a constant foe of red-lining and economic discrimination by financial institutions against minority neighborhoods; an unrelenting advocate of greater police presence in problem areas and an activist for handgun surrender programs to protect every community; and

Coun. O'NEIL, for all the Councillors, offered the following:

Whereas, James E. Byrne has chosen to pass on the mantle of District #3 City Councillor after 10 years service to Dorchester and all of Boston; and

Whereas, He gave the Council the benefit of wise counsel at committee hearings and in debates on this floor involving issues of property rights, school gov-

ernance, traditional family values; and

Whereas, Councillor Byrne during his service has spoken out, urging the Council concentrate its energies on municipal matters and leave global or national concerns to appropriate deliberative bodies; and

Whereas, Jim Byrne's record of constituent services to his district has been attested by his impressive votes in re-election campaigns in the district; and

Whereas, His contributions to the City Council have come from professionalism as a practicing attorney and his chairmanship of government finance, environment and public works, school matters and housing committees; and

Whereas, Councillor Byrne earned the respect of all colleagues during his tenure on the Council; therefore, be it

Resolved, Those colleagues now extend the handshake of friendship as well as farewell to James E. Byrne in wishing him well as a private citizen who served his city well.

The resolution was adopted under suspension of the rules.

Coun. O'NEIL, for all the Councillors, offered the following:

Whereas, Councillor Anthony Crayton has impressed observers and fellow members during the term he has served in this chamber; and

Whereas, He showed a grasp for finances of the city in his freshman year and this only broadened with chairmanship of Ways and Means Committee this year, earning him the respect and admiration of his colleagues and department heads; and

Whereas, Under his leadership, the committee won adjustments in the budget from the mayor to provide vital funding for three programs servicing people in his district and throughout the entire city; and

Whereas, During the series of budget hearings, his focus was on ways to achieve departmental efficiencies as well as focusing on the larger picture of fiscal policy needs for the city's future, recommending that general fund appropriations be better coordinated with external sources of funds; and

Whereas, Tony Crayton demonstrated an independence in his votes on issues and set as a guiding principal working for the well-being of District #7; therefore, be it

Resolved, We colleagues of Councillor Anthony Crayton bid him good-bye but not farewell in wishing him success and satisfaction in whatever new career he will be applying his talents to in the new year.

Whereas, He has been an articulate presenter of

views, often, with an impressive array of supportive documentation, in scores of debates in this Council Chamber; and

Whereas, Councillor Scondras became a figure known in other parts of the country for his activities to help stem the spread of AIDs; his anti-strikebreaker ordinance; his travels on behalf of peace in Central America; his successful home rule measure banning assault weapons; and

Whereas, He served his constituents in Boston in focusing the impact lowering ground water table levels have on building foundations; by strengthening the Boston Human Rights law; in fostering ideas for municipal government savings on street lighting; for electrically-operated city vehicles; for water conservation measures; on areas of new revenue sources; in urging recompense for businesses hurt during public construction; authoring legislation curbing boisterous student dorms in residential areas; therefore, be it

Resolved, His colleagues, valuing their association with him on the Boston City Council, wish David Scondras success and satisfaction in his new ventures.

Whereas, Among accomplishments while in this chamber, he achieved results through his order urging that elderly discounts for water use be increased to 25 percent, aiding all senior residential owners in the city; and

Whereas, He was one of the early advocates for special ID cards giving parking considerations to persons driving or visiting to help elderly or disabled citizens; and

FAILED DORCHESTER CONDOS NOW THRIVING COOPERATIVE

Six new homeowners gathered to celebrate the grand opening of Ellington Cooperative, a newly formed cooperative developed by the Women's Institute for Housing and Economic Development and funded by the City of Boston Public Facilities Department, Greater Boston Bank, and private foundations. The building, located at 31-33 Ellington Street, was converted in 1988 and failed during the real estate depression of the late 1980s, leaving it abandoned and vandalized. The new six-unit cooperative now provides low-income, working families with affordable housing and an opportunity to participate in the management of the building.

A failed condominium development in Boston's Erie-Ellington neighborhood is now a new housing cooperative providing low-income working families with affordable homes.

The Ellington Street Cooperative at 31-33 Ellington Street recently celebrated its new formation in late January. Developed by the Women's Institute for Housing and Economic Development and financed by the City of Boston Public Facilities Department (PFD), the Greater Boston

Bank, and private foundations, the co-op will provide homeownership for low-income working families who do not receive public subsidies. Rather than making large down payments, the homeowners invested a small down payment plus "sweat equity" by helping to repair and

paint their new homes. The tenants are also participating in the management of the building.

"This project is a great success," said PFD Director Mary Nee. "The neighborhood is home to six more families. The residents have turned this former eyesore and safety hazard into homes they and the neighborhood can be proud of."

The Ellington Street building was converted into condominiums in 1988 and failed shortly afterward as a result of the real estate depression of the late 1980s, leaving it abandoned and subject to vandalism for five years.

"There are so many low-income working families like these," said Women's Institute Project Manager Anne Gelbspan. "Most of them are headed by women, for whom the opportunity to own and control good housing would make the critical difference."

The residents are currently being trained in co-op management by the Association for Resident Control of Housing (ARCH). The Women's Institute will provide support to the cooperative for the next two years before the residents take over the operation independently.

MWRA FY 1995 PROPOSED RATE INCREASE HELD TO 5.4 PERCENT

The Massachusetts Water Resources Authority, on February 11, forwarded its preliminary Fiscal Year 1995 operating budget to the MWRA Board of Directors for approval. The budget proposes a 5.4 percent increase in wholesale water and sewer rates over fiscal year 1994 to fund the \$398 million in rate revenue required to pay for operating and debt service costs of the region's water and sewer systems. This proposed hike is a significant reduction from earlier projections, which did not factor in state aid and budget reductions.

Under the proposed budget, the average household in the MWRA water and sewer service area would pay approximately \$621 a year, up \$31 over last year. However, rates vary widely among communities in the MWRA service area because the Authority provides wholesale service, leaving it to the individual communities to set rates for homes and businesses, usually adding in local costs.

"This 5.4 percent proposed increase shows that rates can be brought under control and kept under control with the combined factors of state assistance and MWRA belt-tightening," said Executive Director Douglas B. MacDonald.

Last year, MWRA was able to keep the rate increase to 4.8 percent, the first single-digit rate increase since 1987.

MacDonald also credited the relatively small increase to cost-cutting recommendations from the MWRA Advisory Board, which represents 61 cities and towns served by the MWRA, and administrative cost-cutting by MWRA management.

In FY '94, over 50 percent of MWRA's budget was allocated to debt service on bonds to finance federally mandated projects both on Deer Island and in the communities. That debt service cost is directly offset by aid from the state's Sewer Rate Relief Fund, enacted in the Commonwealth's FY 1994 budget. Governor William F. Weld has proposed \$40 million in statewide debt service assistance in his FY 1995 budget, of which approximately \$27 million would go to the MWRA. Other legislative proposals have also been filed.

"With the support of the MWRA Legislative Caucus, legislative leadership and the Administration, we believe we can deliver on our promise to keep rates down," MacDonald said. "We will continue to search for cost-saving measures at MWRA, and we will continue to rely on state assistance to help alleviate the burden of our ratepayers." He added that the Authority also continues to work closely with the Congressional delegation to pursue additional federal funds.

One cost factor in the proposed FY '95 budget is the startup and operation of the MWRA's new primary waste-water treatment plant, which is being constructed on Deer Island and is scheduled to be phased into operation beginning in July, 1994.

"The MWRA will reach a significant milestone in the Boston Harbor Project when the new primary treatment plant comes on line this summer," said MacDonald.

The MWRA Advisory Board will conduct a thorough review of the proposed budget, and public hearings will be held in the spring.

"Working together, we can achieve the environmental, economic, and public health benefits our customers deserve, while continuing our efforts to hold down rates," said MacDonald.

"CENTRAL ARTERY PROJECT UPDATE" AT NORTH END BRANCH LIBRARY

Joseph Sgarano, CA/T's local manager for Public Participation, will give North End residents an "Update on the Central Artery/Third Harbor Tunnel Project" at the North End Branch Library, 25 Parmenter Street, Boston, at 10:30 a.m. on Tuesday morning, March 1.

Every day thousands of motorists travel the Central Artery, one of the most congested and dangerous sections of interstate highway in the country. When completed, the so-called "Big Dig" will double existing traffic capacity both north-south (I-93) and east-west (I-90) and it will more than double the capacity of the region's biggest bottleneck, the bridge over the Charles River, creating a safer, wider, underground roadway that will strengthen the regional transportation system while providing numerous environmental benefits and a rare opportunity to renovate the urban landscape of Boston.

As the community liaison for the 7 mile, multi-billion-dollar project that is scheduled for completion in 1998, M Sgarano is responsible for keeping North End residents abreast of the project's impact on their neighborhood.

The program is free and open to the public. For more information, please contact the North End Branch Library at 227-8135.

CORPORATIONS AND NONPROFITS WORK TOGETHER TO HELP OTHERS

By Tony Ferullo

People who volunteer can best be described as America's unsung heroes. They are truly special individuals, offering their time and talents to help others reach their full potential and become productive members of our society.

Serving food to the hungry and homeless, teaching children how to read and write, or providing companionship to the elderly, these volunteers give right from the heart. They pride themselves in making a difference in the lives of those for whom dreams seldom become a reality.

"The reason people volunteer is because they want to," said Bette Rossen, Assistant Vice-President of Community Services at the United Way of Massachusetts Bay. "Today, the interest in people from the ages of 18 to 80 looking to volunteer is as high as ever." Volunteering provides people with a chance to grow, both personally and professionally. This is clearly evident at the Corporate Volunteer Council of Greater Boston (CVCGB), an alliance of area corporations and institutions which promote corporate volunteerism.

Formed in 1981, the CVCGB is a nonprofit organization and one of 70 similar corporate councils in the United States. Almost every major industry is represented on the Boston Council, including banking, education, health care, high tech, insurance and manufacturing.

The CVCGB recognizes the importance of volunteering and is committed to supporting local communities by contributing to their well-being and long-term vitality through volunteer support.

"One of the things we do is develop partnerships between the corporate world and the nonprofit world," said Mary Rafferty, Associate Director of Community Relations at New England Telephone, who is Co-Chair of the

CVCGB along with Bill Henry of IBM. "And it really works out well for both parties. Corporations know that community service and volunteerism are part of its responsibility. It benefits the employees, the company and the community. At the same time, nonprofit organizations get to tap a great source of professional, talented and motivated people to help them out."

Last summer, a multi-service agency in the Greater Boston area was in search of clothing for needy children and adults. The agency contacted Rafferty, who put out the call for help to her fellow New England Telephone employees. They responded in tremendous fashion.

"We received 1,200 pieces of clothing in about a week during the middle of August," said Rafferty. "It was an overwhelming response to a specific need. It just goes to show you how people are willing to take the time to help others."

The CVCGB works closely with the United Way of Massachusetts Bay Voluntary Action Center in planning and conducting workshops and seminars on corporate volunteerism, and with the Massachusetts Volunteer Network, coordinating alliances between nonprofit organizations and corporate volunteer groups.

A short time ago, the CVCGB and Fleet Bank of Massachusetts sponsored a breakfast reception and panel discussion at the Harvard Club in Boston. The program introduced active corporate volunteer initiatives in the Greater Boston area and highlighted ways to access employee volunteers.

The event was quite successful in bringing corporations and nonprofit organizations together," said Rossen, who moderated the panel discussion. "There were around 200 people in the room, most of whom represented nonprofit organizations, and they were excited to discover how various corporations can help them achieve their mission."

Donna Townsend, Management Consultant for the Committee to End Elder Homelessness in Boston, was impressed with what the CVCGB had to offer. "The information I received that

day was dynamic," said Townsend. "I liked how the corporations and the nonprofit groups came together and shared ideas of helping each other out. I'm definitely going to follow-up with the presenters because my organization needs volunteers in numerous capacities."

Stephen Davis, Director of Work Force, Cambridge Housing Authority's Unemployment Prevention Program, echoed Townsend's positive remarks. "I thought it was a well planned and well organized event," said Davis. "It was a valuable experience. I passed out informational kits about my organization, and I'm optimistic that I will find some good connections."

Nina Meyer, Director of Historic Neighborhoods in Boston, was also in attendance and voiced her supportive comments. "I felt the meeting was wonderful," said Meyer. "It was helpful to me because I'm looking for volunteers to get involved in a youth education program, and this is a great place to start."

One of the featured panelists that morning was Helen Novak, Marketing and Public Relations Manager for ADD Inc., a Cambridge-based architectural and interior design firm. Novak was delighted with the overall spirit and interest of the attendees, many of whom stopped to chat with her when the event was over.

"Volunteerism seems to be growing in popularity among people of all ages," said Novak. "It's a hot topic. People who volunteer find it personally rewarding to give back to their community."

Added Meyer, "Volunteering makes people feel good. It's essential to human happiness."

**BILL GOFFRIER'S
WATERCOLORS ON EXHIBIT
AT WEST ROXBURY
BRANCH LIBRARY**

"The Light Outdoors," a new exhibit of on-site watercolors by Bill Goffrier, will be on display during the month of March in the Gallery of the West Roxbury Branch Library, 1961 Centre Street, marking the fifth time in the past three years that he has been featured in area exhibits.

Mr. Goffrier has painted throughout New England since earning a master's degree in Painting from Boston University in 1985. Highlighting the current show are recent images of Arnold Arboretum, a venue he has explored in every season since the spring of 1992. Also included in the show are paintings of what Goffrier calls his "quiet places" of rural Maine.

"Painting in nature is, for Goffrier, a daily adventure about which he says the challenge is to express my experience of nature, shaped by the time and emotion."

The public is invited to meet the artist Kansan at a Library reception in his honor on Thursday evening, March 3, from 6:30 to 8 p.m. The exhibition is free and open to the public during library hours through March 31. For additional information, please call the West Roxbury Branch Library at 325-33-7.

Introduction

It was in the 1980s that the seed of the new Irish cinema was sown. Talented untried directors honed their skills as they made movies at British and American film studios. Actors and actresses plied their trade in unrewarding minor parts that gradually led them to

major roles. It was like waiting for a rose to bloom.

In the past five years that rose has not only bloomed but blossomed over and over. *The New Irish Cinema* is a sampling of films which have made Ireland a tour-de-force in international filmmaking today. Part of this series' focus is on the actors, actresses, and directors who have spearheaded this movement. The other is on the up and coming talents which will continue this wave of Irish artistry. 1994 promises to be a banner year for the Irish film industry with the expected releases of *In the Name of the Father* and *Snapper*. The Boston Public Library is pleased to present this series of contemporary Irish films. Some of the films in this series may contain adult language and situations.

Physicians

Dear Mr. Mayor:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request Your Honor's permission to dispense with public advertising and award a contract to Trustees of Boston University, acting by the Boston University School of Medicine, located at 80 East Concord Street, Boston, MA 02118, for provision of qualified physicians. This contract is exempt from the provisions of G.L. c. 30B, and is

awarded under the authority of the City Charter.

Under this contract the Boston University School of Medicine will provide qualified physicians, clinicians, epidemiologists, researchers, psychiatrists, and other public health officials to support the service delivery, training, supervision, research and administrative functions of the Division of Community Health Medicine and Public Health Services. The contract provides the cost of salaries and fringe benefits for physicians and public health specialists. This contract also provides for computer time, travel, and malpractice insurance as specified by Addendum A. The University is uniquely qualified to do this work because it maintains a high quality post-graduate training program for physicians, partakes in medical research and is capable of transmitting medical knowledge that will provide and maintain health care programs for the treatment of the sick and injured of the City of Boston.

Compensation under this contract shall not exceed \$1,117,723.62.

The term of this contract shall be from July 1, 1992, to June 30, 1993.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

This award is being processed late due to protracted negotiations with the University on certain terms and conditions of the contract. I have instructed my staff to be more timely in future contract submissions.

Very truly yours,
Judith Kurland,
Commissioner.

C. 32-94
July 29, 1993.

Health Services

Dear Sir:

I respectfully request your permission to enter into an agreement between the City of Boston and Brigham and Women's Hospital d/b/a Brookside Community Health Center, a non-profit entity, located at 3297 Washington Street, Jamaica Plain, MA 02130, to award a grant to the health center to support its Infant Mortality reduction efforts.

Under the terms of the agreement, Brigham and Women's Hospital d/b/a Brookside Community Health Center will provide community health services and programs for the health center's clients which target Infant Mortality reduction initiatives.

Brigham and Women's Hospital d/b/a Brookside Community Health Center is uniquely qualified to do this work as part of Boston's network of neighborhood health centers. The Department of Health and Hospitals has had a contract with Brigham and Women's Hospital d/b/a Brookside Community Health Center for the past twenty-two years, during which time the Center has demonstrated its ability to have a significant impact on the health of the people in Boston's neighborhoods.

I am requesting your permission to dispense with public advertising in awarding this grant, the public purpose of which is to support and stimulate health care services which reduce Infant Mortality in the City of Boston. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of the City Charter.

Compensation under this contract shall not exceed \$65,000, which I have determined to be reasonable for the work to be performed. The term of this contract shall be July 1, 1993, through June 30, 1994.

This contract is being processed late because the necessary documents were not received from the vendor until after the start of the contract period.

Very truly yours,
Lawrence A. Dwyer,
Commissioner.

Directors

Dear Mr. Mayor:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Trustees of Boston University, located at 80 East Concord Street, Boston, for the provision of Directors for Clinical Laboratories. This contract is exempt from the provisions of G.L. c. 30B, and is awarded under the authority of the City Charter.

Under this contract the Trustees of Boston University will provide Boston City Hospital with Director, two (2) Associate Directors of Clinical Laboratories and an Assistant Director of Microbiology.

Dr. Catherine Cox, Director of Clinical Laboratories, will act as a consultant for all laboratory issues. She will provide medical expertise and guidance to the labs and interact with the Medical, Surgical and Ancillary staff through the hospital. She will also set policy and conduct associated duties with the Department of Laboratory Medicine. The cost for Dr. Cox's services will not exceed \$100,000.

Dr. Leonard Berman, Associate Director of Clinical Laboratories, will provide the following services: interaction with laboratory staff; reviewing performance; test result monitoring; troubleshooting problems; implementing new methods and procedures in association with laboratory staff; evaluation of protocols and assisting in preparation for reviews by regulatory agencies. The cost for Dr. Berman's services will not exceed \$10,000.

Dr. David Shapiro, Associate Director of Hematology/Biochemistry Laboratory, will provide the following services: supervise and evaluate technical program in the laboratory; serve as liaison between clinical staff and the laboratory; evaluate new equipment; participate in laboratory relevant to the laboratory and be responsible for the quality control program of this laboratory. The cost for the above services will not exceed \$90,000.

An Assistant Director of Microbiology (to be named later), will provide professional supervision of clinical microbiology labs and the evaluation of operations and assessment of clinical testing results. The cost for these services will not exceed \$90,000.

The University is uniquely qualified to do this work because it maintains a high quality post-graduate training program for physicians, partakes in medical research and is capable of transmitting medical knowledge that will provide and maintain health care programs for the treatment of the sick and injured of the City of Boston.

Compensation under this contract shall not exceed \$372,550, which I have determined to be reasonable for the work to be performed.

The term of this contract shall be July 1, 1993, to June 30, 1994.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

After protracted negotiations on certain terms and conditions of the contract, documents were sent to the University on January 15, 1993. Unfortunately, the University misplaced the contract documents which were not located and returned to the Contract Office until May 19, 1993. Therefore this award is being submitted late.

Very truly yours,

Judith Kurland,
Commissioner.

Dear Boston Resident:

Each year the City of Boston must take a census of all residents in the city. It is critical that the information on the enclosed form — including your current address and apartment number — is accurate. The City uses this information to hold elections and deliver municipal services. Please join me to make the City of Boston's "Stand Up and Be Counted" campaign a successful one!

As I begin my new administration, one of my goals is to establish the most accurate census possible. Enclosed you will find a resident form with information about your household already printed on it. Please take a minute to check all the information on the pre-printed form for accuracy, and update it if necessary.

Whether or not corrections are necessary, it is essential that you mail back the enclosed form as soon as possible. No postage is required.

By returning this form immediately, you will save scarce tax dollars and insure delivery of city services to your neighborhood. Don't forget: Stand Up and Be Counted!

I appreciate your cooperation.

CITY CELEBRATES MARTIN LUTHER KING HOLIDAY

Mayor Thomas M. Menino joined hundreds of Boston youths and neighborhood leaders at the City of Boston's Martin Luther King Day celebration on Monday, January 17.

Speaking at a gathering at Faneuil Hall's Great Hall, Mayor Menino challenged the City's young people to emulate the example put forward by Dr. King.

"Dr. King represented the values we cherish most," Mayor Menino said. "Bringing people together, embracing diversity, and creating non-violent change. Above all, I feel that Dr. King wanted to leave a brighter future for our children."

Menino's comments came during the City's annual tribute to the slain civil rights leader, who galvanized the country and put forward the challenge of equal rights for all people. During the two-hour-long ceremony, Mayor Menino was joined by his Chief of Staff, Alyce Lee — the first African American woman to serve in that post at City Hall — as well as Pastor William E. Dockerson of the Greater Love Tabernacle. Kamilah Drummond of the Boston Latin School and Lawanda A.B. Watty of Hyde Park High also spoke.

The theme of the event was "Youth and Education: The Troubling Times of Educating Our Youth." Mayor Menino quoted Dr. King on this subject: "In 1967, Dr. King wrote: 'Parents should be involved in the schools to a much greater extent, breaking down the

barriers in the communities they serve.' What Dr. King thought was important a quarter century ago still has great relevance today," the mayor said. "There is no way we can improve the schools for our young people unless parents take a more active role in their children's education."

Participants urged the city's young people to take greater responsibility for themselves and to use their education to overcome difficult surroundings.

State Reps. Shirley Owens-Hicks and Gloria Fox made presentations, as did Felix Arroyo of the Boston School Committee and School Superintendent Lois Harrison-Jones and City Councillor Gareth Saunders. City Councillor Charles Yancey introduced keynote speaker Attorney Wayne Budd, whose stirring speech reminded the city's youth that hard work can have its rewards.

Bishop Joe Smith of the Holy Tabernacle performed the benediction and Boston English High School's Wendy Hernandez read a King speech.

A CHALLENGE TO HEAL BOSTON'S YOUTH

Remarks of
Mayor Thomas M. Menino,
1994 MLK Tribute.

It is a great honor for me to stand here today, as Boston's newly elected Mayor, to pay tribute to a man who has been a tremendous inspiration to me, and many others in our great city.

Dr. King represented the values we cherish most: bringing people together, embracing diversity, and creating non-violent change. Above all, I feel Dr. King wanted to leave a brighter future for our children. That is why I asked that the focus for the event be on youth and education.

In reflecting on Dr. King's legacy, I don't want to focus just on many considerable achievements; rather on making his legacy more

meaningful for the young people of our city.

It has been almost 25 years since Dr. King's death. There is a generation of young people in our city and across the country who may be unaware or apathetic to the principles for which Dr. King stood. This is a shame, because I can think of no better role model for today's young people than Martin Luther King, Jr.

He was a person who when confronted with adversity, did not turn toward guns and violence. Instead, he challenged the system through non-violent ways and brought dramatic and positive change to our country.

Later in this program, Wendy Hernandez from Boston English High School will read a speech by Dr. King. The speech is called "A Drum Major For Justice." In it, Dr. King talks about how he would like to be remembered after he dies. He says he doesn't want to be remembered for the many honors he received in his lifetime; but rather as someone who "tried to give his life serving others."

What a simple yet profound thought that is. If there is one wish I gave for the City of Boston over the next four years, it is that we all re-dedicate ourselves to helping those less fortunate than ourselves.

This means we must really commit ourselves to helping the youth of our city. This is a challenge and a responsibility which must be taken up by both adults and young people.

In 1967, Dr. King wrote, "parents should be involved in the schools to a much greater extent, breaking down barriers in the communities they serve." What Dr. King thought was important a quarter of a century ago, still has great relevance today. There is no way we can improve the schools for our young people unless parents take a more active role in their child's education.

In addition, young people must take greater responsibility for themselves and use their education to overcome their difficult surroundings.

We in city government will do what we can to provide safety and opportunity, but we cannot prevent teen violence without your help. Violence is surely not the answer to our problems. We must work together to change what is wrong and build a better city for everyone.

In conclusion, it is my goal to commit this administration and the city to the revival of Dr. King's spirited dream: to put an end to senseless street violence; to provide the training and jobs to allow families to prosper; and to pursue quality education for all. If we dedicate ourselves to these propositions, I am sure we will reach the day when all people are judged solely on the "content of their character."

In the name of Dr. Martin Luther King, Jr., I call on all of us to commit ourselves to helping others and to live peacefully in a harmonious community. Thank you.

FIVE BOSTON AGENCIES AWARDED \$2.1 MILLION IN HUD HOMELESS PROGRAM GRANTS

Mayor Thomas M. Menino, on February 14, joined officials from five area homeless service agencies to accept more than \$2 million in HUD "Innovative Project" grants for homeless assistance programs in Boston.

Congressmen Moakley and Kennedy and Mary Lou Crane, regional administrator for HUD, joined the mayor at the 2 p.m. announcement at the Bar-

bara McInnis House in Jamaica Plain, home to the "Health Care for the Homeless" program.

"For over a decade now, Boston has maintained a commitment to the homeless like few other cities. The people of Boston made a promise that no one would ever be denied a warm bed, a hot meal, and shelter for the night, and that is a promise we have kept," Mayor Menino said. "But from the beginning, we never saw this as a solution to the problem of homelessness. It was and is only a safety net — a humane response to an inhumane condition."

Mayor Menino said the HUD grants will at last help create permanent solutions to the homeless problem.

Organizations receiving the HUD grants were:

- Friends of Shattuck Shelter, Inc. — \$567,735.

The "Impact '94" program will provide a centralized resource for identifying and assessing newly homeless adults with an eye toward ensuring a quick exit from homelessness. "Impact '94" will provide eligible participants with a minimum 20 hours employment per week, supported by specialists who provide job location and maintenance assistance.

- New England Shelter for Homeless Veterans in Boston — \$371,657.

The Vietnam Veterans' Workshop's "Day Program" will provide specialized case management services including mental health assistance, financial management and legal assistance. The project is a cooperative effort of the shelter, Harvard University, and Cambridge City Hospital, as well as a number of law students from Boston area schools.

- Greater Boston Adult Shelter Alliance — \$415,748.

The "Moving to Independence" program will create a coordinated system of housing search and placement for homeless adults in greater Boston. The program combines a decentralized housing placement team at area shelters with a central staff to identify and consolidate housing resources. One hundred homeless adults will be served this winter and 300 within a year.

- Action for Boston Community Development, Inc. — \$437,409.

A new "Housing/Homeless Services Program" will have six housing workers providing prevention services and placement in permanent housing, as well as a post-placement support system for area emergency shelters. In its two years of operation, this initiative will provide services to 3,000 clients with 500 being placed in permanent housing.

- Trustees of Health and Hospitals of the City of Boston — \$336,000.

DAVID ROBINSON'S "TRACES OF IMMORTALITY" IN PHOTOS AT BPL

*Boston photographer will give
Gallery Talk on March 7*

"Traces of Immortality," an exhibition of "subjective rather than documentary" color and black-and-white photographs by Boston photographer David Robinson of cemeteries in France, will be on display in the Great Hall of the Boston Public Library in Copley Square through March 30.

Robinson will introduce his exhibit, which he says "depicts the physical evidence of a universal human aspiration, the desire not to be forgotten," during a Gallery Talk at 6 p.m. on Monday evening, March 7, in the Boston Room.

Historians have often studied cemeteries, but what these photographs reveal is the emotions cemeteries contain. By focusing on individual tombs and personal forms of commemoration, the

photographs tell stories about aspiration, not death. In Robinson's view, cemeteries are repositories of hope as much as sorrow.

The program and exhibit are free and open to the public. For information, please call 536-5400, Ext. 336.

ETHICS INITIATIVE EXECUTIVE ORDER

Statement of
Mayor Thomas M. Menino
February 24, 1994

If there is one thing that my years in public life have taught me, it is that public service is a privilege. Like any great privilege, the opportunity to serve the people of Boston carries with it an equally great measure of responsibility and accountability. The executive order I have signed today codifies the high ethical standard that has always been expected, and has traditionally been accepted, by Boston's employees.

The overwhelming majority of the City of Boston's employees appreciate and are fully committed to maintaining the public trust. Their honesty and commitment is evidenced each and every day by the hard work they do under what are often very difficult circumstances.

When on occasion we do witness an ethical breach, the vast majority of the time it stems not so much from a lack of ethic, but from a lack of knowledge of what is permissible. Education and awareness are the keys to preventing even the appearance of improper behavior.

In order to ensure that all employees know how to prevent getting involved in a potential conflict of interest, we have prepared the City of Boston Employees' Ethics Handbook which provides guidelines for all of us to follow.

In addition, the public should expect the highest possible standard of integrity from its servants. So I have ordered that individuals who serve in key policy making positions in my administration must publicly disclose their finances and business relationships — making Boston the first city in the Commonwealth to impose this tough standard.

Many cities across the country implemented similar measures in times of crisis. I am proud to point out that we are taking this action to ensure that the public confidence and trust that we now enjoy remains in

place throughout the life of this administration

EXECUTIVE ORDER BOSTON ETHICS INITIATIVE OF 1994

February 24, 1994.

Whereas, The Mayor of the City of Boston is committed to ensuring the highest standard of ethical conduct for all City employees; and

Whereas, All city employees are currently subject to the provisions of the Massachusetts Ethics Law, G.L. c. 268A, which is generally aimed at ensuring that public employees' private financial interests and personal relationships do not conflict with their public obligations; and

Whereas, The Massachusetts Ethics Law is broadly written to prevent a public employee from becoming involved in a situation which could result in a conflict or give the appearance of a conflict; and

Whereas, State law relating to financial disclosure by certain public officials and employees, G.L. c. 268B, is not applicable to employees of the City of Boston; and

Whereas, Financial disclosure is a powerful means of preventing conflict of interest problems for City employees, and a concept to which, as Mayor of Boston, I am deeply committed; and

Whereas, Primary responsibility for the interpretation and enforcement of the Massachusetts Ethics Law is vested in the State Ethics Commission, and;

Whereas, I have directed Gary Sandison of my office to coordinate the Boston Ethics Initiative of 1994;

It is hereby ordered and directed:

A. EDUCATION AND TRAINING

1. That the Office of Personnel Management annually provide every City employee with an "Ethics Handbook" prepared under the auspices of the State Ethics Commission, and that every employee submit a signed statement verifying receipt of the handbook and acknowledgment of its terms.

2. That Gary Sandison coordinate

with the staff of the State Ethics Commission to provide training on the Ethics Law to Department and Division Heads, as well as other City employees at intervals throughout the year. I further direct all City employees to cooperate with Gary as he implements my directions.

3. That Corporation Counsel Albert W. Wallis act as liaison with the State Ethics Commission, and to respond to city employees' queries regarding the State Ethics Law and its application to them.

B. FINANCIAL DISCLOSURE

1. That the Office of Personnel Management implement and enforce the following financial disclosure policy for all city employees who hold policy-making responsibilities.

2. Policy-making responsibility shall mean:

- individuals who exercise appointing authority;

- individuals who are authorized to execute contracts on behalf of the city;

- individuals who receive more than \$50,000 gross payroll compensation from the city in any 12-month period in which the individual served more than thirty days; and

- such other policy-making positions as the Director of Personnel may determine.

3. This financial disclosure policy shall not apply to:

- the Boston City Council and employees;

- independent contractors; or

- uncompensated special municipal employees.

4. Financial disclosure shall be made within thirty days of initial appointment or promotion to a position subject to this policy, provided that no additional disclosure shall be required if the person who is so appointed or promoted has made financial disclosure in the preceding months.

5. The Office of Personnel Management shall prepare and publish a list of all positions subject to this policy on or before May first of each year. Thereafter, and in no event later than June 1 of each year, the Office

Personnel Management shall give written notice to every person holding a position subject to this policy that financial disclosure must be made on or before July 1 of each year for the period encompassing the previous calendar year. It shall be the responsibility of the Office of Personnel Management to prepare and publish forms for the financial disclosure required by this policy. Said forms shall require disclosure of all of the information required to be disclosed by the state financial disclosure law, G.L. c. 268B, s.5(g), except that disclosure shall be required only of the city employee and his or her spouse and not of any dependent child. Copies of said forms shall be provided by the Office of Personnel Management with each notice hereunder. The Office of Personnel Management may adopt the forms prepared and published by the State Ethics Commission pursuant to G.L. c. 268B.

Every person subject to this policy who fails to comply with the provisions hereof shall be subject to progressive discipline up to and including dismissal.

The Office of Personnel Management shall maintain a file of financial disclosure statements filed hereunder and shall make financial disclosure statements filed under this policy available for public inspection and copying during regular office hours upon the written request of any individual who provides identification acceptable to the Director of Personnel, including his/her affiliation, if any, at a charge consistent with 950 C.M.R. 32.06 governing fees for public records; the Office of Personnel Management shall forward a copy of said request to the person whose statement has been examined.

Subject to the written approval of the Mayor, the Director of Personnel is hereby authorized to prescribe and publish such additional rules and regulations as shall be deemed necessary to carry out the purposes of this policy.

Thomas M. Menino,
Mayor of Boston.

BROMLEY-HEATH GROUNDBREAKING

Statement of

Mayor Thomas M. Menino,
February 16, 1994

For too long, we have allowed our public housing developments to exist in isolation. Public housing developments should be real communities — where families live and shop, where children play and neighbors know one another, and where people are given the opportunity to climb the social ladder and make their lives better. Today's groundbreaking represents all of this and more.

When this six-million-dollar project is completed, 65 families currently on the Boston Housing Authority's waiting list will have new homes.

In addition, one of the main goals of this project is to make Bromley-Heath more attractive and livable — so that it looks like real homes in a neighborhood and not just a collection of buildings. This means changing the appearance of the buildings, reducing density, and making security improvements.

But the key to our efforts to connect this housing development to the larger community goes beyond physical improvements. Let's face it, it takes a lot more than homes to make a real community. It takes jobs, businesses, and places where people can get necessary services.

So, as part of our rehabilitation work, we plan to create office space for the Bromley-Heath Tenant Management Corporation, social services — including a teen center, and community space. In addition, we are working to bring new economic life to the surrounding community.

Working with the Jackson Square Limited Partnership, we are developing city-owned land adjacent to Bromley-Heath as the site for a new Purity Supreme Supermarket. This 8.5-million-dollar project is expected to create approximately 150 jobs. Right next door to the market will

be the new and expanded Martha Eliot Health Center, which is currently located in Bromley-Heath.

But let's not forget, all that we are trying to accomplish is not limited to Bromley-Heath. We are making similar efforts to integrate all of Boston's Housing Developments into their surrounding communities.

Thanks to a state housing bond bill that was recently signed by the governor, we will have access to new resources to restore vacant and deteriorating units all across Boston.

And a few months ago — thanks to a grant from HUD — we initiated a fifty-million-dollar renovation project for the Mission Main Housing Development. This will include physical improvements, added security features, and a variety of on-site social services. And just yesterday at the Fairmount Housing Development in Hyde Park, we kicked off the creation of a new computer literacy center.

All of these efforts are aimed at making our housing developments into real communities. They also represent an important shift in the way that government, the residents of our public housing developments, and the surrounding communities view public housing. We are all beginning to understand that public housing can only fulfill its promise of opportunity to its residents if it exists as a part of the larger community.

I would like to conclude by thanking some of the organizations who made today's groundbreaking possible, and who continue to play a role in the success of this neighborhood.

I would like to thank the members of the Bromley-Heath Tenant Management Corporation and all the residents of Bromley-Heath; the Jackson Square Limited Partnership; the Jamaica Plain Neighborhood Development Corporation; and finally, the Boston Housing Authority, the Public Facilities Department, the State Office of E.O.C.D. and HUD — all of whom made this project possible.

**HUD'S INNOVATIVE
HOMELESS INITIATIVE
DEMONSTRATION PROGRAM**

*Statement of
Mayor Thomas M. Menino,
February 14, 1994*

For over a decade now, Boston has maintained a commitment to the homeless like few other cities. The people of Boston made a promise that no one would be denied a warm bed, a hot meal, and shelter for the night, and that is a promise we have kept.

But from the beginning, we never saw this as a solution to the problem of homelessness. It was and is only a safety net — a humane response to an inhumane condition.

For years now, we have been fighting to move the homeless beyond shelters. Instead of shelters and soup kitchens, we have sought permanent housing, job training, and continual treatment and support services for the homeless mentally ill.

Today, I am pleased to announce that the Department of Housing and Urban Development has awarded over 2.1 million dollars to five agencies within the

City of Boston who will make the move beyond shelter a reality for thousands of homeless individuals in Boston.

Two programs — Action for Boston Community Development and The Greater Boston Adult Housing and Shelter Alliance — were awarded funds to provide housing search and placement for homeless singles. Money awarded to The Friends of The Shattuck Shelter will provide homeless individuals with employment and job-training resources.

In addition, funds awarded to the Boston Health Care for The Homeless Program will allow mental health professionals to develop a support network that will help as many as 1,000 mentally ill homeless individuals each year to get back on their feet. Finally, the New England Shelter for Homeless Veterans was awarded funding to provide specialized services to homeless veterans.

I want to thank Henry Cisneros, Andrew Cuomo, Mary Lou Crane and others at HUD for the commitment they have shown today to these agencies, and to all of Boston's homeless. Our work is far from done, but these funds will go a long way toward creating a system in Boston that is aimed at creating permanent solutions to the problem of homelessness.

STATEMENT OF MAYOR THOMAS A. MENINO ON THE APPOINTMENT OF PO- LICE COMMISSIONER PAUL EVANS, FEBRUARY 14, 1994

Today, a new chapter begins in the
story of the Boston Police Depart-
ment, a proud department dedicated to
ublic safety in Boston's neighbor-
hoods. My choice for Police Commis-
sioner is Paul Evans, a man who knows
the Boston Police Department, the cop
on the beat, and the changes that are
needed to give our officers the support
they deserve when they are on the
streets, protecting our citizens.

Commissioner Evans knows that
times have changed in our country.
When three officers in our region can
be gunned down in one week, including
our own Officer Wayne Anderson,
times have changed. When police offi-
cers confront the disgusting sight of
parents abusing their children, times
have changed. And when young punks
can open fire in a crowded skating rink,
among hundreds of good kids who want
nothing better than a safe place to play,
times have changed.

Commissioner Evans will unite the
Boston Police and the people of our
neighborhoods in a common cause — to
clear our streets of guns, gangs and vio-
lence.

Already, during his time as acting
Commissioner, we have seen a level of
cooperation between the community
and the Police Department that is un-
precedented. People are coming for-
ward to work with the police because

they trust Paul Evans. And because
they trust him, we will be able to de-
velop the new partnerships necessary to
make the streets of Boston safer for all
of us.

I want to take a moment to thank
Wayne Budd and the members of the
Search Committee for the time they
have put into this search process. I told
the Committee that I wanted a Commis-
sioner who was dedicated to neighbor-
hood policing, to new technologies, to
diversity, and to change.

They presented me with four excel-
lent candidates, and I believe that from
these candidates, I have chosen a su-
perb police commissioner. With that,
let me introduce to you the new Police
Commissioner for Boston — Paul
Evans.

MAYOR'S OFFICE

C. 1771-93.
April 14, 1993.

Catering Services

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award contract to Famolare's Caterers, a corporation located at 301 E Street, South Boston, MA 02111 for catering services.

This contract is for the period from October 1991, to October 20, 1991, during which Famolare's provided catering services for a reception for the President of Ireland, which your Honor hosted. This event was planned on a very short notice of less than three days, which did not allow time for advertising or locating other vendors who could provide the required services on short notice. This vendor was chosen on the basis of past performance, availability, and quality of service. The prices charged were reasonable compared favorably with the costs of catering services from this and other vendors we have used in the past for similar events.

This award letter is being submitted late due to a series of unfortunate circumstances, including the vendor's improper submission of the original invoice, which was never rendered directly to

office. In addition, the vendor did not follow-up in the non-payment of this invoice in a timely manner. However, the services were satisfactorily performed, and in good faith, as described above, and this non-payment oversight was just brought to my attention last week.

Compensation under this contract will not exceed \$8,750, which I have determined to be reasonable for the work that was performed.

Because of the reasons stated above, and the reasonable cost of these services, I believed that public advertising would serve no useful purpose.

Sincerely,

John Riordan,
Chief of Staff.

PUBLIC FACILITIES DEPARTMENT

C. 2443-93.
March 3, 1993.

Renovations

Design of the Renovations to the Central Maintenance Facility Project No. 6013.

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on February 25, 1993, I respectfully request Your Honor's written permission to dispense with further public advertisement and award a contract to Architectural Engineers, Inc., a Massachusetts corporation with offices at Temple Place, Suite 100, Boston, MA 02111, for the design of the renovations to the Central Maintenance Facility. Scope of work includes preliminary drawings, design development, working drawings and construction supervision. Compensation under this contract shall not exceed \$75,000 (including \$20,137.50 for supplementary services), which is a fixed fee of 11.55 percent based on an estimated cost of construction of \$475,000, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be for 36 months from the date of execution. This contract is exempt from the provisions of M.G.L. c. 30B and awarded under the authority of M.G.L. c. 7, s. 2A-1/2-380 et seq.

Architectural Engineers, Inc. was awarded the contract based on a publicly advertised request for proposals in the *Boston Globe* and *City Record* on October 26, 1992, and the *Central Register* on October 28, 1992.

The Public Facilities Designer Selection Committee evaluated eight (8) proposals employing a numerical matrix system. The numerical matrix rating for a firm reflects the combined score of each Committee member's ranking of this firm and thus the recommended firm has the lowest number. The numerical matrix rating summary of the three finalists, in order of rank, was as follows:

Architectural Engineers, Inc., 59 Temple Place, Suite 100, Boston, MA 02111	6
Richard D. Kimball Company, Inc., 580 Main Street, Reading, MA 01867	15
Leardon & Turner, Inc., 256 Marginal Street, Boston, MA 02128	16

In view of the technical and professional nature of the services required, the qualifications and expertise of the designer, and the selection procedure used, it is my view that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record* under authority granted in the City of Boston Code, St. 4, s. 5.

Respectfully,

Mary Nee,
Director.

SCHOOL DEPARTMENT

C. 7211-93.
April 2, 1993.

Investigative Services

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to the following firm for confidential and legal investigative services:

Legal Investigative Consultants, Inc., 6 Beacon Street, Suite 215, Boston, MA 02108.

This contract is exempt from the provisions of G.L. c. 30B because it is for expert investigative services in anticipation of litigation and is, therefore, awarded under the authority of the City Charter.

Under the terms of this contract, the contractor will perform investigative, examination and inspection functions as directed, and to provide such oral and written reports as may be requested from time to time. These services will be coordinated with those provided to other City Departments. The specialized nature of these services require the expertise which this contractor is able to provide and which is needed for effective litigation strategy and results. The contractor is uniquely qualified to do this work because it will provide personnel with the requisite education, training and experience to perform the stated functions. The contractor was solicited based upon its reputation and demonstrated experience and competency.

Compensation under this contract shall not exceed \$21,000 at a hourly rate of \$45 for actual time. Also included in the contract is an amount for reimbursement of necessary and reasonable expenses incurred in the performance of the contract subject to prior approval. I have determined the hourly rate of compensation to be reasonable for the work to be performed. The term of this contract shall be April 30, 1993, through June 30, 1994, subject to the availability of appropriation.

Because of the professional nature of the services to be performed and the reasonable cost of these services to be provided and because of the importance of not jeopardizing the security and confidentiality of these services, it is my opinion that public advertising would serve no useful purpose. Submission of this letter has been delayed pending receipt of the completed contract documents.

Very truly yours,

Robert R. Roy, P.E.,
Director/Senior Structural Engineer.

STATE-BOSTON RETIREMENT SYSTEM

C. 1111-94.
July 29, 1993.

Legal Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Nicholas Poser, Attorney at Law, an individual doing business at 197 Portland Street, Boston, MA 02114, for specialized legal services for the Boston Retirement Board. This contract is exempt from the provisions of G.L. c. 30B and is awarded pursuant to the City Charter.

Under the terms of the contract, Attorney Poser will provide legal representation to the Boston

Retirement Board on certain complex cases in which the Board is a defendant in the district, superior and appellate courts; will provide legal advice to Board counsel on complex or unusual questions of law and procedure; and will continue to work on certain limited cases in which he has represented the Board in the past and with which he is intimately familiar. These services shall be provided under the general direction of the Corporation Counsel, reporting through his designee, Special Assistant Corporation Counsel Carol E. Nesson.

Attorney Poser is uniquely qualified to do this work because:

1. He has in-depth, specialized and detailed knowledge of the retirement law which is unavailable from any other source.

2. He is intimately familiar with Boston Retirement Board procedure and personnel.

3. He is intimately familiar with the lawsuits and appeals of Board decisions to which the Board is a party.

4. His hourly rate of \$125 is very reasonable.

5. Mr. Poser has helped save the City money over the past year by successfully defending the Board against appeals of accidental disability pension denials. Successful resolution of these cases saves the City and the Board pension costs both short and long term.

Compensation under this contract shall not exceed \$25,000, at an hourly rate of \$125, which I have determined to be reasonable for the work to be performed.

The term of this contract shall be from August 12, 1993, to June 30, 1994.

Because of the professional nature of the services to be performed and Mr. Poser's demonstrated expertise and experience, I believe that public advertising would serve no useful purpose.

Sincerely,

James F. O'Donnell,
Executive Officer.

Computer Maintenance

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a sole source procurement contract to InterVoice Company, Inc., a corporation located at 17811 Waterview Parkway, Dallas, Texas 75252, for a computer maintenance services contract for this department's telephone information distribution system/Voice Response System (VRS). The VRS, which is located at the Office of the Parking Clerk, is utilized by various Transportation Department divisions and is an important public responsiveness component of the Parking Violation/Parking Management Information Service System (PVPMISS).

Under the terms of the contract to be awarded, InterVoice Company will provide maintenance for the VRS which includes the diagnosis and correction of system malfunction and failures. These services will cover all affected hardware and licensed proprietary software. In addition, InterVoice will be available to provide assistance in unique and emergency situations.

InterVoice Company is uniquely qualified to conduct this work because it is the manufacturer of this system's proprietary hardware and software design.

(Continued on next page)

(Continued from previous page)

I have determined after reasonable investigation that InterVoice Corporation is the only practicable source for this service and I made a written determination of that fact on April 14, 1993, by letter to the City Auditor, attached.

Compensation under this contract shall be: a) a straight fee of \$7,824, which shall cover all service contingencies during the hours of 8:30 a.m. through 5:30 p.m., Mondays through Fridays, and; b) \$120 per hour for work conducted during hours or days that are not covered by the straight fee. Total compensation under this contract shall not exceed \$9,990, which I have determined to be reasonable for the work to be performed.

The contract awarded will be for a term of twelve months, commencing on July 1, 1993, and ending on June 30, 1994.

Because of the sole source of the services to be procured, I believe that public advertising would serve no useful purpose.

Very truly yours,

Rina Cutler,
Commissioner.

C. 3299-94.

Support Services

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award an employment contract to James Raso, 75 Richview Street, Dorchester, MA 02124, an individual deemed qualified to perform adjudicatory support services for the Boston Transportation Department/Office of the Parking Clerk. This is an employment contract with an individual and is exempt from the provisions of G.L. c. 30B. It is awarded under the authority of the City Charter.

Under the terms of the contract, James Raso will conduct hearings as required by law to adjudicate parking tickets and abandoned vehicle disputes. Subject to judicial review, he will make final dispositions on ticket and abandoned vehicle disputes within guidelines established by law, interpret State Law and City Ordinances, and Boston Transportation Parking Rules and Regulations as required, and direct complaints requesting further service to appropriate Departmental personnel. All services performed under this contract will be performed in the hearing section of the Office of the Parking Clerk.

Inasmuch as James Raso is near completion of his first year of law school and is deemed qualified and recommended for the services, I request your authorization for the award of a contract to James Raso. Compensation under this contract shall not exceed \$12,500, payable at an hourly rate of \$12, which I have determined to be reasonable for the work to be performed. The term of this contract shall be from August 18, 1993, to June 30, 1994.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,

Rina Cutler,
Commissioner.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

ADMINISTRATIVE SERVICES DEPARTMENT

Purchasing Division

C. 3345-93
June 7, 1993.

Clerical Work

Dear Mr. Mayor:

On June 16, 1992, your Honor approved the award of contracts, based on standard competitive bidding procedures to Michelle Castillo, 359 Park St., Dorchester, MA 02124, for part-time clerical work during the period of July 1, 1992, through June 30, 1993, at a cost not to exceed \$4,000.

Due to a greater than expected demands for services during this fiscal year, the original appropriated amount will be inadequate to accommodate this division's needs through June 30, 1993.

Therefore, I respectfully request your approval to amend contract No. C. 3345-93 from the original amount of \$4,000 to a total amount not to exceed \$4,600 for an increase of \$600.

This funding will be charged against appropriation 011-140-0143-PU01-0290.

Respectfully yours,

Frank F. Chin,
Purchasing Agent.

Health Benefit & Insurance Division

C. 1742-93
April 30, 1993.

Excess Loss Insurance

Dear Mr. Mayor:

On October 9, 1992, your Honor approved an award of a contract to the Massachusetts Municipal Reinsurance Trust, 737 Webster Street, Marshfield, MA 02050, for Excess Loss Insurance for the period of July 1, 1992, through June 30, 1993, in an amount not to exceed \$535,000. (NOTE: Group Insurance contracts are exempt from the requirements of the Uniform Procurement Act, Massachusetts General Laws Chapter 30B.)

Excess Loss insurance protects the City of Boston from medical claims that exceed \$200,000 per fiscal year for each employee and retiree enrolled in the Blue Cross and Blue Shield health insurance plans. Because the City is responsible for paying all medical claims incurred by the plan enrollees, this type of insurance is integral to controlling costs.

Aggregate claims for Blue Cross enrollees that surpassed the \$200,000 ceiling for this coverage period totalled \$3,015,984, which exceeded projections that were developed at the beginning of the fiscal year. The increase requested by this amendment reflects the City's portion of this added cost.

Therefore, your Honor's approval is requested to increase the amount of this contract by \$96,000 to an amount not to exceed \$631,000 from appropriation code 011-140-0148-HI03-0490. The term and all other conditions of the contract remain unchanged.

Respectfully,

Irene Carrington,
Director.

DEPARTMENT OF HEALTH AND HOSPITALS

C. 161-93
June 7, 1993.

Nursing Personnel

Dear Mr. Mayor:

I respectfully request your Honor's permission to amend the contract with K. I. Staff Associates Inc., 1384 Massachusetts Avenue, Cambridge, MA 02138, for providing Temporary Nursing Personnel for the Department of Health and Hospitals for the period July 1, 1992, through June 30, 1993, at a cost not to exceed \$100,000. This amendment is exempt from the provisions of M.G.L., Chapter 30B and is awarded under the authority of the City Charter.

This amendment will increase the contract sum by \$23,000, thereby increasing the City's total liability under this contract, as so amended, to a amount not to exceed \$123,000.

K. I. Staff Associates, Inc., was the only agency which could consistently meet Boston City Hospital's need for nursing assistants. Money to fund this amendment will be provided by reducing the contract encumbrance for other nursing agencies which have not been able to supply the hospital with nurses upon demand.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of the amendment.

Very truly yours,

Judith Kurland,
Commissioner.

LAW DEPARTMENT

C. 1874-93
June 4, 1993.

Stenographic Services

Dear Mr. Mayor:

On August 29, 1991, your Honor approved an award of contract based on public advertising bids to Leavitt & Finstein Reporting Service, 5 Main Street, South Weymouth, MA 02190, for providing legal stenographic services in recording and supplying copies of hearings, depositions and court proceedings for the Law Department during the period of July 1, 1991, through June 30, 1994, at a cost not to exceed \$60,000 at a rate of \$20,000 per year. Your Honor amended the contract on April 25, 1993, to increase the amount an additional \$5,000.

Your approval is requested to further amend this contract to provide the same legal stenographic services previously mentioned. The cost of this amendment shall not exceed \$6,000 which I have determined to be reasonable. The performance shall remain the same. The total amount of this contract shall not exceed \$71,000 for the three-year contract period.

This amendment is necessary because the original contracted amount was insufficient to cover the cost of services that have been rendered for Fiscal Year 1993.

Because this contract was previously advertised, I believe that public advertising would serve no useful purpose.

Sincerely,

Albert W. Wallis,
Corporation Counsel.

STAND UP AND BE COUNTED

Mayor Thomas M. Menino Kicks Off the 1994 City of Boston Census

Mayor Thomas M. Menino kicked off the 1994 City of Boston Census by calling on every resident of the city to "Stand Up and Be Counted."

Each year, the City of Boston conducts its own census to establish an accurate and complete listing of the residents of the city. Mandated by state and federal regulations, a successful City census is crucial for Boston residents for a number of reasons. An accurate count of the city's current population will afford Boston the competitive edge it needs as it competes with others for increasingly limited state and federal dollars. In addition, the City of Boston uses its census figures to insure equitable distribution of municipal services. Finally, responding to the City's census protects each resident's right to vote.

Last year, 38 percent of the resident households contacted for the city's census returned their completed census forms. Mayor Menino said this year the public response must be stronger "if the neighborhoods of Boston are to receive their fair share."

"I want to make sure that this city gets the state and federal funding that it deserves," Mayor Menino said, "and I want my administration to be able to respond to the needs of every resident of every community. But I can't do it alone. I need the help of you, the residents of this city, to 'stand up and be counted.' Whether you're a longtime Bostonian or a relative newcomer, count yourself in."

By the beginning of March, 14,338 households will receive by mail City of Boston census forms seeking confirmation of basic information about the household residents. Reminders to "Stand Up and Be Counted" will be sprouting up in public places throughout the city as the census campaign goes into full swing.

Watch the mail for your census form, or pick one up on the mezza-

nine level of Boston City Hall or at any Boston post office, courthouse, police station, fire station, public library, community center or community health center. Complete instructions will accompany the census forms. For more information, you may contact the Boston Election Department in Room 241 of Boston City Hall or call 635-4634.

CHIEF OPERATING OFFICER APPOINTMENT

Mayor Thomas M. Menino is pleased to announce the appointment of Robert J. Ciolek to the position of Chief Operating Officer.

He will oversee a Cabinet which will include Chief Financial Officer, Chief Economic Development Officer, Chief of Basic Services, Chief of Health and Human Services, Chiefs of Public Safety, and Chief of Education and

CONTRACTS AMENDED

The Mayor has approved the amendment of contracts, based on the following information:

LAW DEPARTMENT

C. 1863-9
June 4, 1993

Legal Services

Dear Mr. Mayor:

On July 17, 1992, your Honor approved award of a contract to John P. Roache, an attorney located at 66 Long Wharf, Boston, MA 02111 provide legal representation for the City of Boston in five pending court actions. These services will be required by the Law Department during the period of July 1, 1992, through June 1993, at a cost not to exceed \$42,500. The tract was amended on April 14, 1993, to increase the amount an additional \$12,500 and amended again on May 12, 1993, to increase the amount an additional \$10,000 bringing the total amount the contract to \$65,000.

Your approval is requested to further amend

his contract to provide the same legal services previously stated. The cost of this amendment shall not exceed \$12,000, which I have determined to be reasonable. The contract, as amended, shall not exceed \$77,000. The period of performance shall remain the same.

This amendment is necessary because the original contracted amount was insufficient to meet the cost of services that have been rendered to date.

Because of the professional nature of the services to be performed, and the reasonable cost of the services to be provided, it is my opinion that public advertising would serve no useful purpose.

Sincerely,

Albert W. Wallis,
Corporation Counsel.

C. 1852-93
May 25, 1993.

Dear Mr. Mayor:

On May 29, 1992, your Honor approved an award of a contract to Suffolk County Sheriff's Department, located at 11 Beacon Street, Boston, MA 02108, to serve civil process that is required by the Tax Title Division of the Law Department during the period of July 1, 1992, through June 30, 1993, at a cost not to exceed \$3,000.

Your approval is requested to amend this contract to provide the same legal services previously stated. The cost of this amendment shall not exceed \$2,500, which I have determined to be reasonable. The contract, as amended, shall not exceed \$5,000. The period of performance shall remain the same.

This amendment is necessary because the original contracted amount was insufficient to meet the cost of services that have been rendered to date. In addition, this increase is required to cover payment of mandated witness fees made on the Law Department's behalf as required by State Law in G.L. Chapter 262, section 8.

Because of the professional nature of the services to be performed, the reasonable cost of the services to be provided and because of the importance of not jeopardizing the security and confidentiality of these services, it is my opinion that public advertising would serve no useful purpose.

Sincerely,

Albert W. Wallis,
Corporation Counsel.

C. 1853-93
August 10, 1993.

Dear Mr. Mayor:

On August 31, 1992, Mayor Flynn approved an award of a contract to Dennenberg, Tuffley, Jackson & Black, a law firm located at 3000 Town Center, Southfield, MI 48075-1369, to provide legal services and representation on behalf of the City of Boston in the case entitled *Spiritwind Productions, Inc. v. City of Boston*. This contract pertains to services required by the City of Boston during the period commencing July 1, 1992, and ending June 30, 1993; the total cost was not to exceed \$4,500.

At this time, your approval is requested to amend this contract by increasing the total amount by an additional \$483.77, which I have determined to be reasonable. The contract, as amended, shall not exceed \$4,983.77. The period of performance shall remain the same.

This amendment is necessary because it is now apparent that the original contracted amount is insufficient to meet the cost of services rendered

in FY93. This amendment is late because of administrative difficulties in acquiring all papers necessary for this amendment.

Because of the professional nature of the services to be performed, and the reasonable cost of the services to be provided, it is my opinion that public advertising would serve no useful purpose.

Sincerely,

Albert W. Wallis,
Corporation Counsel.

C. 1901-93
June 7, 1993.

Dear Mr. Mayor:

On December 18, 1992, your Honor approved an award of a contract to Hare & Chaffin, a law firm located at 50 Federal Street, Boston, MA 02110, to provide legal services in the case of *Pierre v. Bates*. This contract pertains to services required by the Law Department during the period commencing November 4, 1992, and ending June 30, 1993; the total cost, as originally estimated, was not to exceed \$5,000 at an hourly rate of \$105. The contract was amended on May 4, 1993, to increase the amount an additional \$10,000 bringing the total amount of the contract to \$15,000.

At this time, your approval is requested to amend this contract by increasing the total amount by an additional \$12,000, which I have determined to be reasonable. The contract, as amended, shall not exceed \$27,000. The hourly rate shall remain the same and the period of performance shall remain the same.

This amendment is necessary because it is now apparent that the original contracted amount was insufficient to meet the cost of services that will be rendered in FY93. This case has reached the pre-trial stage involving extensive discovery processes and the involvement of expert witnesses and consultants which have generated expenses beyond those originally estimated.

Because of the professional nature of the services to be performed, and the reasonable cost of the services to be provided, it is my opinion that public advertising would serve no useful purpose.

Sincerely,

Albert W. Wallis,
Corporation Counsel.

C. 1889-93
May 25, 1993.

Dear Mr. Mayor:

On April 30, 1992, your Honor approved the award of contract to Robert Messina, a City of Boston Constable located at 707 East 6th Street, South Boston, MA 02127, to serve civil process that will be required by the Law Department during the period commencing July 1, 1992, and ending June 30, 1993, at a cost not to exceed \$2,500.

Your Honor approved the amendment of this contract on July 24, 1992, and March 23, 1993, to increase this figure in increments of \$2,500 to the current, not to exceed amount of \$7,500 for the same legal services previously described, and to provide additional services relating to other aspects of case preparation such as locating and interviewing witnesses and obtaining statements for attorneys in the Law Department.

Your approval is now requested to further amend this contract to provide the same legal services previously stated. The cost of this amendment is an additional \$2,500, which I have

determined to be reasonable. The contract, as amended, shall now not exceed \$10,000. The period of performance shall remain the same.

This transaction is necessary because the original amount was found to be insufficient to meet the cost of services that will be needed this year. In addition, this increase is required to cover disbursement of mandated witness fees made on the Law Department's behalf as required by State Law in G.L. Chapter 262, section 8.

Because of the professional nature of the services to be performed, the reasonable cost of the services to be provided and because of the importance of not jeopardizing the security and confidentiality of these services, it is my opinion that public advertising would serve no useful purpose.

Sincerely,

Albert W. Wallis,
Corporation Counsel.

ADVERTISEMENT CITY OF BOSTON/COUNTY OF SUFFOLK

OFFICE OF THE COLLECTOR-TREASURER

Request for Proposals for Financial Advisory Services, City of Boston, Massachusetts.

BACKGROUND: SCOPE OF SERVICES

The City of Boston, Massachusetts (the "City"), is soliciting proposals from competent firms for financial advisory services, principally in connection with the City's debt management and debt issuance activities. The City, based on its experience managing its finances and issuing its debt, recognizes the value of experience and continuity of service in its financial advisor. The selected firm is expected to supply these services to the City for a period of three years, beginning July 1, 1994, and ending ending June 30, 1997. This Request For Proposals ("RFP") is issued in accordance with the provisions of the Uniform Procurement Act of The Commonwealth of Massachusetts, G.L. c. 30B.

PURCHASE DESCRIPTION

It is anticipated that all of the work to be performed by the firm selected as financial advisor will relate to both the issuance and overall management of debt obligations of the City. Although it is difficult to predict with precision, over the three-year term of the engagement, it would not be unreasonable to assume that the City would issue approximately \$240 million of long-term bonds in separate annual borrowings, each in the approximate amount of \$80 million, to finance its capital program. Periodically, the City sells revenue debt and lease-purchase obligations for various City capital funding purposes. In addition, the City has in the past issued revenue anticipation notes and bond anticipation notes, although it does not currently expect to issue such obligations during the contract term.

As part of its engagement, the firm that is selected will assist, under the authority of and pursuant to the direction of the City's Collector-Treasurer, in all aspects of the City's debt management and debt issuance activities, including, but not limited to, the following:

- A. rating agency and financial community liaison;
- B. disclosure compliance, including participating in the drafting of the City's official statement with City representatives, bond counsel, and underwriters;

(Continued on next page)

(Continued from previous page)

- C. investor relations, including assistance in the development of material for the City Treasurer's financial newsletter;
- D. debt capacity evaluation and application;
- E. procedures and execution of reinvestment of securities' proceeds;
- F. bond pricing;
- G. secondary market monitoring of City securities;
- H. refunding possibilities and structures; and
- I. derivative products and their use.

In addition, the firm will provide the City with up-to-date information on new financing techniques, trends in the credit markets, legislative and regulatory developments in Washington, and related public policy matters. During the 1992 and 1993 fiscal years, the City's current financial advisor expended approximately 1,700 professional hours in each year in the City engagement; each firm should assume that a comparable level of effort and time would be similarly and annually required by the City, and each firm's proposal should be based on this anticipated level of effort. The firm must also be familiar with the applicable general and special laws of The Commonwealth of Massachusetts in order to assist the City in planning and executing its debt management operations.

SUBMISSION OF PROPOSALS; AWARD

Responses to this Request For Proposals may be submitted until 5:00 p.m. on March 30, 1994.

The City will open proposals for these services at 9:00 a.m., on Thursday, March 31, 1994. The award of the contract will be made on Friday, April 22, 1994, although such time for award may be extended to a date not later than June 10, 1994, by mutual agreement of the City and a respondent in order to finalize documentation. The award will be made subject to successful finalizing of the documentation. Any proposals not in conformance with the provisions of this Request For Proposals will be rejected. The City also reserves the right to cancel this Request For Proposals, to reject in whole or in part any and all responses thereto, and to waive minor informalities in a response.

Three copies of your proposal should be addressed to:

George E. Mahoney
Temporary Collector-Treasurer
City of Boston

IFIED MARRIAGE CERTIFICATES AND BIRTH CERTIFICATES.

The Pilot Program extending access to group health benefits to City employees' domestic partners and extended family members is entering its second and final year, with applications being accepted during Open Enrollment. Coverage is available, as of July 1, 1994, through HMO Blue, Harvard Classic, Harvard Added Choice, and Neighborhood Health Plan. Continuation of the program will be determined in the Spring of 1995.

Added Choice, a new option from Harvard Community Health Plan, provides the comprehensive, coordinated care of HCHP's health maintenance organization (Classic Coverage) plus the freedom of choice of a "traditional" insurance plan. Added Choice offers you two levels of benefits under one plan, depending on where you choose to receive your care. If you choose to receive care from Harvard Health doctors and hospitals, called *in-network care*, you will pay only a small co-payment for most outpatient services. If you choose to receive care from doctors and hospitals outside the Harvard Health network, called *out-of-network care*, you receive a lower level of benefits that are subject to a deductible and co-insurance and require the filing of claim forms. (*More detailed information about Added Choice will be available at the Health Benefit and Insurance Division during Open Enrollment.*)

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

PUBLIC WORKS DEPARTMENT

C. 7481-93
May 14, 1993.

Emergency Services

Dear Mr. Mayor:

On November 6, 1992, his Honor the Mayor approved the award of a contract to Document Reprocessors, 5611 Water Street, Middlesex, New York, 14507, for EMERGENCY REMOVAL AND FREEZE-DRYING OF PERMANENT RECORDS damaged in the City Hall Flood of September 30, 1992, at a cost not to exceed \$47,660, for the period October 19, 1992, to December 31, 1992. Due to administrative delays, this amendment letter was held up and not written before the original contract expired.

Due to the emergency nature of this contract, and the immediate need to begin the work, the original contract amount as stated was an estimate given to the City for work to be performed. Since the contract was awarded and the work started, it was discovered that the original estimate was inadequate for the work being performed. Your permission is respectfully requested to amend this contract completion date to September 30, 1993, and to increase the amount for current and additional Out-of-Scope Services.

The proposed combined additional costs of the amendment shall not exceed \$4,000, a fixed cost, which I have determined to be reasonable for the work. The contract as amended, shall not exceed \$51,660.

Inasmuch as this work is related directly to and in conjunction with an existing contract, I feel that public advertising would serve no useful purpose.

Very truly yours,
Joseph F. Casazza,
Commissioner of Public Works.

TREASURY DEPARTMENT

C. 3770-93
May 27, 1993.

Staff Analyst

Dear Mr. Mayor:

On February 19, 1993, your Honor approved an award of a contract to Alassane N'Diaye, an individual, located at 61 Brookline Avenue, Boston, MA 02111, for professional services as Staff Analyst for the Treasury Department during the period January 18, 1993, through May 28, 1993, at a cost not to exceed \$6,300. This contract, an individual employment contract, is exempt from the provisions of G.L. c. 30B and is awarded under the authority of the City Charter.

Your approval is requested to amend this contract to provide for an extension in Mr. N'Diaye's length of service which was not provided for in the terms of the original contract. Mr. N'Diaye was originally hired on a part-time basis. Due to an increase in the workload, I find it necessary to extend his length of service. Along with this time extension, an increase in his yearly compensation

is also necessary. The total amount of this contract, as amended, shall not exceed \$8,700. Mr. N'Diaye's hourly salary of \$12 will not change. The period of performance shall be extended to June 30, 1993.

Because of the professional nature of the services to be performed, the knowledge Mr. N'Diaye has in this area, it is my determination that no public purpose would be served by advertising.

This award letter is being submitted late due to this department's need to re-evaluate its current work load and the subsequent need for staffing.

Respectfully yours,

Lee F. Jackson,
Collector-Treasurer.

TREASURY DEPARTMENT

PUBLIC NOTICE

Request for Proposals for Financial Advisory Services, City of Boston, Massachusetts.

The City of Boston, Massachusetts (the "City"), is requesting the submission of proposals from professionals in the financial services industry ("Financial Advisors") for the provision of financial advisory services to the City relating to both the issuance and overall management of debt obligations of the City. Services sought by the City include, but are not limited to: 1) rating agency and financial community liaison; 2) disclosure compliance; 3) debt capacity evaluation; 4) reinvestment procedures and execution; 5) bond pricing; 6) secondary market monitoring of City securities; 7) refunding possibilities and structured; and 8) derivative products. The City seeks a three-year contract for the provision of these services. Although it is difficult to predict with precision the amount of services required, over the three-year term of the engagement, the City estimates that it will issue approximately \$240 million of long-term bonds in separate annual borrowings, each in the approximate amount of \$80 million.

The Request for Proposals (the "RFP") will set forth both non-price and price criteria. Firms responding to the RFP are to submit written responses to the questions regarding the non-price criteria in a separate sealed envelope. Such responses may not exceed twenty single-spaced pages. Responses to the questions regarding the non-price criteria will be opened prior to the opening of the price submissions and will be evaluated in accordance with the standards for evaluation of non-price criteria set forth in Exhibit B to the RFP.

Price proposals are to be submitted in a separate sealed envelope and must be unit-priced on an annual per-bond-issue basis for financial advisory services to be performed upon request of the City's Collector-Treasurer. During the 1992 and 1993 fiscal years, the City's current financial advisor expended approximately 1,700 professional hours in each year in the City engagement; each responding firm should assume that a comparable level of effort and time would be similarly and annually required by the City, and each firm's proposal should be based on this anticipated level of effort. In order to provide a clear basis of comparison of price proposals, the City will estimate for purposes of the RFP that it will issue approximately \$240 million of long-term bonds during the three-year term of the engagement in equal annual borrowings of approximately \$80 million. Each proposal should cover the entire three-year term of the contract and should include a separate fee for each of the three annual \$80 million annual borrowings. Each fee must be fixed for each issue and may not vary with the principal amount of the issue. Each fee must contain specific detail as to (i) the number of hours to be billed by, and the hourly rates for, each employee of the firm who will be involved in the transaction and (ii) the cost of all internal administrative and clerical charges, such as secretarial support, word processing, messenger services and computer time. The City will also pay reasonable, related out-of-pocket expenses. Proposals will be evaluated based on the sum of the present values of the three fees contained in your proposal, assuming that the fee for the issue in the first year is

stated on a present value basis. The City will apply a discount factor of 7.5 percent to present value the fees for the second and third years.

The City reserves the right to reject any and all responses to the RFP and to solicit further clarification of the information provided from any financial institution that responds to the RFP.

The contract between the successful firm and the City will be subject to appropriation. If sufficient funds are not appropriated for the contract in any subsequent year, the Chief Procurement Officer shall cancel the contract.

Responses to the RFP will be received up to the close of business (5:00 p.m.) on April 6, 1994. The award of the contract will be made on Friday, April 29, 1994, although such time for award may be extended to a date not later than June 10, 1994, by mutual agreement of the City and a respondent in order to finalize documentation. The award will be made subject to successful finalizing of the documentation by the City and the successful Financial Advisor.

Copies of the RFP may be obtained, at any time before responses are due, at the office of the Collector-Treasurer of the City, Boston City Hall, M-5, Boston, MA 02201.
